19TH YEAR. NO. 269. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 13, 1902. TWO CENTS.

SATISFIED WITH THE WORK OF THE CONVENTION HELD BY THE RIVER CHAMPIONS

Local Delegates Believe the Movement For All-the-Year Navigation Has Received a Great Impetus.

The members of the East Liverpool delegation to the Parkersburg river convention, Postmaster W. H. Surles, W. E. Wells, Dr. R. J. Marshall, Prof. W. L. Thompson, Colonel John N. Taylor and W. L. Smith, who were also accompanied by Congressman R. W. Tayler and Wharfmaster Gus Martindill, with the exception of Mr. Surles, have all returned to their homes, and are enthusiastic over the work of the convention and of the prospects of success for the "On to Cairo" movement.

Colonel Taylor is very much pleased with the work of the convention. He said that not only representatives of towns bordering the Ohio river were there, but representatives of interior districts were there also.

The association would have to have money to keep the organization moving and wished to raise $25,000 by subscription. It would not be much from each one. The subscription has been started and met with marked success at the meeting. The work proposed along the Ohio would not be beneficial to any particular city alone but to all the valley alike.

One thing Colonel Taylor was pleased with was the splendid and courteous manner in which the East Liverpool delegation was entertained by Parkersburg people. He said the city was amply able to take care of large crowds and had elegant hotel accommodations.

W. E. Wells regretted that so few of the upper Ohio towns were represented. Considering the interest and importance of the work projected, he thought every town along the river should have sent a delegation of its strongest men. The success of the movement will depend much upon the influence the people are able to bring to bear upon their congressmen to vote and work for the scheme. East Liverpool now has membership in the river improvement association for the first time. The membership fee is but $5 a year, and Mr. Wells thought this city ought to have at least a hundred members. An opportunity will be giv

IMPORTANT BOARD UNDER NEW CODE

Public Service Department Will Be One of Most Potential in the City.

ITS DUTIES ARE MANIFOLD

The Members Will Be Elected, Serve For Three Years, Making Rules For Their Own Guidance—All Sorts of Tasks to Look After.

There will be no more important department for council to regulate under the new code than that of the board of public service.

At the meeting of the council Tuesday night a committee composed of George Peach, Criss McConnell and Hugh Johnston was appointed to take up the task of providing for the formation and conduct of the department as it will be run in East Liverpool. The work of the committee will be arduous and will undoubtedly occupy the spare time of the members from now until the time limit expires January 1.

As has been stated heretofore the board will be composed of three members, to be elected by the people. They shall be elected for a term of three years, and shall serve until their successors are elected and qualified. They are required to have been residents of the city in which they serve as a member of the board of public service for at least three years next preceding their election. They shall make their own rules and all regulations for the administration of affairs under their supervision.

This last clause in the law will relieve the committee of many duties which would otherwise have devolved upon it. The law says the board shall be the chief executive authority of the city and the departments now under its control—duties which have been looked after by at least four committees of council in addition to a large number of paid officials—are as follows:

Repair and improvement of streets, avenues, alleys, lands, lanes, squares, wharves, docks, landings, market houses, bridges, viaducts, sidewalks, sewers, drains, ditches, culverts, ship channels, streams and water courses; the lighting, sprinkling and cleaning of all public places, and the construction of all public works, municipal water, lighting and heating plants, parks, baths, cemeteries, crematories, sewage disposal plants and farms as well as all public buildings and other public property not provided for.

The duty of the department of public service includes the task of looking after the platting of all new additions which the council may see fit to lay out.

In the making of contracts or purchasing supplies or material the board is limited to an expenditure not exceeding $500. When an expenditure runs over that, unless it be in the matter of salaries of persons employed by it, the appropriation must be made by ordinance of council. In the latter instance the work shall be let to the lowest and best bidder, after 10 days' advertisement. In fact, the new law in this regard is almost identical with that under which this city now works, excepting that the board of public service opens bids and lets contracts instead of the council as at present.

No resolution or order shall be adopted unless two of the three members of the board shall have voted in favor. The law provides further that no director of public service, or officer or employe of the board shall be interested in any contract under its supervision.

The board is required to employ such superintendents, inspectors, engineers, harbor masters, clerks, laborers as may be necessary for the execution of its powers and duties.

The law says that the board shall fix the compensation and bonds of all persons employed by the board, and none shall be removed except for cause satisfactory to a majority of the members of the board.

The salaries of the members of the board itself are to be fixed by the council, and it is probable the committee will make a recommendation of some sort to the council.

It is the opinion of many of the city officials that the board of public service will necessarily devote their entire time to the duties of the office and that, since they must be men of many qualifications, a good salary will be paid, at least sufficient to justify them in looking after the position in a manner satisfactory to the administration and the citizens generally.

DISPUTE OVER A DEAL

Transfer of Real Estate Which Court Is Asked to Annul.

Lisbon, November 13.—(Special.)—Common pleas court resumed this morning. The case of Joseph Faloon, of Hanoverton, against Samuel Burson, a Hanoverton druggist, is being heard today. Faloon asks that a transfer of real estate be made, he having deeded a piece of real estate in Hanoverton for 320 acres of Missouri land.

The property transferred by Faloon was valued at $3,000, and when the deal was made the Missouri real estate was represented to be worth as much or more, but since then Faloon alleges to have learned the Missouri realty is not worth anything. Burson is said to have misrepresented. Plaintiff asks that the transaction be set aside. Judge P. M. Smith, of Wellsville, and Attorney J. J. Grant, of Canton, represents the plaintiff, and Billingsley, Tayler & Clark the defendant.

NEW OFFICERS TO BE CHOSEN

Meeting of Pittsburg, Lisbon and Western Railroad Stockholders Tomorrow.

FINANCES OF THE CONCERN

Neff Municipal Code Effective Saturday—Status of Cities And Villages to Be Proclaimed By Secretary of State—President's Visit.

From a Staff Correspondent.

Columbus, November 13.—The consolidation agreement between the Pittsburg, Lisbon & Western Railroad company and the Shenango & Beaver Valley Railroad company, filed with the secretary of state, states that the stockholders will meet at Lisbon on Friday, November 14, and elect new officers and directors. The present officers and directors are: President, N. B. Billingsley, Lisbon; secretary, R. W. Tayler, Lisbon; treasurer, James I. Kernagahan, New York city; N. B. Billingsley, William S. Alley, New York city; George B. Harvey, Lisbon; James I. Kernagahan, J. W. Clark; Lisbon; John Slade, New York city; Ira F. Mansfield, Beaver; C. H. Aikens, New Castle.

The principal offices of the company will be at Lisbon and New Castle. The capital stock of $5,000,000 will be apportioned on a new basis among the stockholders. Bonds will be issued to cover expenditures for additional rolling stock and equipment, which are not to exceed $10,000 per mile of completed railroad. A mortgage or trust deed has already been executed and delivered to the Bowling Green Trust company of New York, on the property for the purpose of securing payment of principal and interest on the mortgage bonds. Bonds have been issued in the sum of $1,012,000. The meetings for the election of officers and directors will be held on the first Tuesday of October of each year. The company paid a fee of $5,000 to the secretary of state.

Ohio's new municipal code law becomes effective on Saturday, November 15. The secretary of state will issue a proclamation defining the status of municipalities, that is, denominating the class they are in—city or village. Later he will issue a certified copy of the code to all mayors of all municipalities, who will transmit it to councils. One of the first matters to be taken up by that body will be the redistricting of the city. Present councile are charged with many important duties under the new code, one in particular being the fixing of the compensation of the officers of the new regime.

Thousands greeted President Roosevelt during his brief stop in Columbus yesterday afternoon. Fifteen minutes were spent here to change engines. The president, accompanied by Secretary Cortelyou, mingled with the limited number of persons who were permitted to pass through the station gates, chatting and shaking hands. The crowd behind the railings gave the president a strenuous ovation. He responded to the greeting in a way that was democratic simplicity itself. He laughed and joked unaffectedly and seemed the picture of fine health.

It was the privilege of the correspondent of this paper to shake the hand of President Roosevelt and hold a minute's conversation with him. He was on his way south on a hunting expedition.

SEVENTEEN CASES WERE PASSED UPON

Circuit Court Adjourns After Handing Down a Number of Decisions.

THE LOWER COURT UPHELD

In the Case of Wellsville vs. Margaret Snyder—Stay Granted in the Conser-Figley Ouster Proceedings. Pest House Injunction.

Lisbon, November 13.—(Special)—Circuit court adjourned yesterday afternoon. Seventeen cases were disposed of, five of Judge Hole's decisions being sustained and three reversed, and one from Judge Smith's incumbency sustained. Four cases were settled and four continued, leaving only four cases on the docket.

The last case disposed of was that of the trustees of Youngstown township against the city of Youngstown, which came up on appeal from the court of Judge Robinson in Youngstown. A temporary injunction against the city's smallpox pest house was allowed to be effective until March 17, 1903, when the court expects to conclude its next session.

The verdict of the lower court was affirmed in the case of the city of Wellsville against Margaret Snyder. Mrs. Snyder had been given a verdict of $50 in a suit against the city of damages to her property from a change of grade on Third street. Judges Laubie and Cook sustained the finding of the lower court, and Judge Burrows dissented on the ground that the verdict was against the evidence and common sense.

In the case of Giles McGregor, executor of the late John McGregor's estate, against C. E. Smith, ex-county treasurer, which came up on a charge of error, the charge was sustained and the case remanded for re-trial. It was held that the lower court had erred in the charge to the jury. Action was brought by Treasurer Smith originally to collect delinquent taxes.

The finding of the lower court in the case of George Hannum against Andrew McGaffick, which was brought up on error, was sustained. McGaffick rented Hannum's farm in April, 1901, and a few months later Hannum brought action to displace him, having become dissatisfied with McGaffick's management of the place. When McGaffick vacated a disagreement arose as to the division of the crops.

The lower court was also upheld in the case of Adolph Herter against Owen Smith, which came up on error. Smith in the initial action sought to recover a remaining sum, held by him to be due on the sale of some East Liverpool real estate. In common pleas court judgment for $846 was rendered in favor of Smith.

The common pleas verdict in the case of Reason Barnes against Charles Stram, was reversed. A dispute over the use by Barnes and others of a right of way through the Stram farm in Hanover township as the only way of reaching the public highway, brought the parties into court.

Barnes may use the road across the farm, which was established as early as 1827, but he must keep the gates in repair.

At the request of Attorney J. A. Martin, the court granted a stay in the ouster proceedings of Figley against Conser to give the defendant time to get the case into supreme court.

In the case of the Big Vein Coal company, of Salineville, against Wesley Wright, the lower court was reversed on an error in the charge of the court only, according to Judge Burrow's decision.

While in the company's employ Wright was badly hurt by falling into a pit where some bull wheels were in operation, and it was alleged in his damage suit for $10,000 that the board which broke and let him into the pit was an insufficient covering. He was awarded the sum of $1,941. The court was inclined to sustain the lower court, a recent decision of the supreme court being the only consideration in reversing the case. The supreme court decision held that an employe should be conclusively responsible for all dangers open for observation.

SERIOUS FIRE IN THE HOME OF AN INFIRM OLD COUPLE

An alarm of fire called the department from central station this morning at about 9:30 o'clock to the home of Mr. and Mrs. Michael McKinnon on Second street, below Jefferson. From every crevice, door and window smoke was pouring by the time the firemen arrived on the scene. The house appearing very much as if doomed, the laddies at first thought of turning on the big hose, but a closer examination resulted in the application of chemicals and a small garden hose. For almost an hour they fought with the small blaze and when every spark was finally extinguished the home had suffered considerable loss.

In extent the fire amounted to but very little, the majority of the household goods being removed before touched by either fire or water, but under the circumstances it was rather a serious blaze. Mr. McKinnon is aged, infirm and almost totally blind, and his wife is in almost the same condition. The home was a treasure to them, and having no insurance they will suffer deeply.

Fireman George Betteridge was painfully injured during the progress of the fire, a part of the chemical apparatus exploding and striking the palm of his right hand forcibly.

THE RAILROAD COMPANY REALLY MEANS BUSINESS SO LISBON FOLKS THINK

Representatives of the Youngstown and Southern Enlisting Citizens' Aid in Securing Rights of Way.

Lisbon, November 13.—(Special.)—An important meeting of the Lisbon Business Men's association was held last evening. Several matters of public interest were considered and steps taken to aid an enterprise that means much to the entire county.

J. H. Ruhlman and J. E. Long, representatives of the Youngstown & Southern railroad, were present and made a proposition for an extension across Columbiana county of the electric line which is to be built from Youngstown to Columbiana, the extensions to give connection with Salem, Leetonia and East Liverpool, the latter to be reached by way of Lisbon.

They asked that the citizens of Lisbon assist the company in obtaining rights of way for the extension from Columbiana by raising $10,000 for the purpose. A committee was appointed to co-operate with the gentlemen in obtaining a right of way and ascertaining how much money will be required for the purpose.

J. J. Rodgers, Burt Burns and W. S. Potts constitute the committee which will report at the next meeting.

The matter of a centennial celebration in Lisbon next year was taken up and the president was instructed to appoint a committee of nine on invitations.

Lisbon was incorporated in 1803, and is perhaps the second or third incorporation in the state.

A new board of trade was then organized by making all members of the association members of the board, practically merging the two organizations.

The president will appoint a committee of nine to look after the work of the board of trade. It will be named later.

Since it has become apparent that the Youngstown & Southern Railroad company means business, several railroad enterprises have entered the deal with the evident intention of buying up rights of way.

About the most cold-blooded plan is that of Dayton and Cleveland people who are in the field this morning. They are said to be trying to secure options under an agreement to make a survey within a year.

LARCENY OF A BUGGY

Charged Against a Junk Dealer, Who Pleads Guilty And Is Fined.

Charged with malicious destruction of property amounting to $15 and the stealing of a buggy valued at the same amount, H. Apstein, a local junk dealer, was arraigned before 'Squire McLane this morning. Before he was given a chance to make a plea, however, the first charge was withdrawn and pleading guilty to the second he was fined $1 and costs.

Apstein was arrested by Constable Powell upon warrants sworn to by Robert Watkins. The plaintiff alleged that on or about the 4th day of November Apstein stole a buggy which had been partially demolished by a street car and which was lying in a heap alongside of the road in the East End. After purloining the rig he stated further than the defendant with a hatchet tore the rig into pieces, taking the old iron of which it was constructed.

UNDER A HORSE'S HOOFS

A Small Boy Run Down And Badly Hurt On Minerva Street Last Evening.

A frightful accident occurred last evening on Minerva street when a little boy whose name is known only as Bennet was run down by a horse attached to a buggy and driven by two small boys. The Bennet lad was crossing the street when he saw the horse approaching. The animal taking a sort of a zigzag course, the youngster became confused and before he could jump out of harm's way, the horse had trampled him beneath its feet.

A lady passing ran and carefully picked the injured lad up and had him sent to his home. The reckless youths who had control of the reins refused to convey the boy to his home. The extent of the child's injuries is not known but it is said that the upper part of his body was badly bruised.

Arrested At Opera House.

For acting in a disorderly manner at the opera house last evening John White was arrested by Officer Weaver and taken to the city jail. He was released upon giving $10 as security for his appearance before the mayor this afternoon.

TROUBLE BREWING IN SHANTYTOWN

A Resident Accused of Inhuman Brntality to Wife and Children.

THE WOMAN IN DISTRESS

As Result of Beatings Administered—Took Her Children to Rochester Whence the Father Is Alleged to Have Kidnaped Them.

There is surely going to be trouble in the shantyboat districts. It has been brewing for several days, and is now almost at a point where something will be doing. Yesterday afternoon a woman appeared at the mayor's office and related a long story of how brutally a man by the name of Funkhouser is treating his children. He is the same man that was arrested last week and taken before 'Squire McCarron, who fined him for being disorderly.

The woman alleges that Funkhouser is one of the most brutal men living. She says that he drags his children around with him while he is after drink and that he does not half provide for them. She further stated that his wife is now at Rochester suffering untold agonies as the result of the whippings he has administered. She avers that the husband beat beaten her so many times and so viciously that there is not an inch of her body that is without a scar.

The onject of the woman's mission was to get the mayor to force him to give up his children. She said that the wife took the children to Rochester last week and that a few days later he went up there and kidnaped them.

THE ACTIVE PROMOTERS

And the Capitalists Who Are Backing the Latest Cross-County Railway.

Salem, November 13.—It is said upon the best authority that the electric line which is being surveyed from this city to East Liverpool and Youngstown is being financed by R. L. Andrews, of Cleveland, and G. E. Long and J. H. Ruhlman, of Youngstown. They are the active promoters, although it is hardly supposed they will furnish the entire amount of capital which will be necessary to build the road.

Another interesting fact is that J. H. Spence, who surveyed the route two years ago, was employed to do the same by Harry G. Folts, the well known promoter, who is now dead. The Folts route will be used most of the way.

THE LOWER COURT UPHELD

In the Case of Wellsville vs. Margaret Snyder—Stay Granted in the Conser-Figley Ouster Proceedings. Pest House Injunction.

Lisbon, November 13.—(Special)—Circuit court adjourned yesterday afternoon. Seventeen cases were disposed of, five of Judge Hole's decisions being sustained and three reversed, and one from Judge Smith's incumbency sustained. Four cases were settled and four continued, leaving only four cases on the docket.

The last case disposed of was that of the trustees of Youngstown township against the city of Youngstown, which came up on appeal from the court of Judge Robinson in Youngstown. In extent the fire amounted to but very little, the majority of the household goods being removed before touched by either fire or water, but under the circumstances it was rather a serious blaze. Mr. McKinnon is aged, infirm and almost totally blind, and his wife is in almost the same condition. The home was a treasure to them, and having no insurance they will suffer deeply.

Fireman George Betteridge was painfully injured during the progress of the fire, a part of the chemical apparatus exploding and striking the palm of his right hand forcibly.

THE RAILROAD COMPANY REALLY MEANS BUSINESS SO LISBON FOLKS THINK

Representatives of the Youngstown and Southern Enlisting Citizens' Aid in Securing Rights of Way.

Lisbon, November 13.—(Special.)—An important meeting of the Lisbon Business Men's association was held last evening. Several matters of public interest were considered and steps taken to aid an enterprise that means much to the entire county.

J. H. Ruhlman and J. E. Long, representatives of the Youngstown & Southern railroad, were present and made a proposition for an extension across Columbiana county of the electric line which is to be built from Youngstown to Columbiana, the extensions to give connection with Salem, Lectonia and East Liverpool, the latter to be reached by way of Lisbon.

They asked that the citizens of Lisbon assist the company in obtaining rights of way for the extension from Columbiana by raising $10,000 for the purpose. A committee was appointed to co-operate with the gentlemen in obtaining a right of way and ascertaining how much money will be required for the purpose.

J. J. Rodgers, Burt Burns and W. S. Potts constitute the committee which will report at the next meeting.

The matter of a centennial celebration in Lisbon next year was taken up and the president was instructed to appoint a committee of nine on invitations.

Lisbon was incorporated in 1803, and is perhaps the second or third incorporation in the state.

A new board of trade was then organized by making all members of the association members of the board, practically merging the two organizations.

The president will appoint a committee of nine to look after the work of the board of trade. It will be named later.

Since it has become apparent that the Youngstown & Southern Railroad company means business, several railroad enterprises have entered the deal with the evident intention of buying up rights of way.

About the most cold-blooded plan is that of Dayton and Cleveland people who are in the field this morning. They are said to be trying to secure options under an agreement to make a survey within a year.

LARCENY OF A BUGGY

Charged Against a Junk Dealer, Who Pleads Guilty And Is Fined.

Charged with malicious destruction of property amounting to $15 and the stealing of a buggy valued at the same amount, H. Apstein, a local junk dealer, was arraigned before 'Squire McLane this morning. Before he was given a chance to make a plea, however, the first charge was withdrawn and pleading guilty to the second he was fined $1 and costs.

Apstein was arrested by Constable Powell upon warrants sworn to by Robert Watkins. The plaintiff alleged that on or about the 4th day of November Apstein stole a buggy which had been partially demolished by a street car and which was lying in a heap alongside of the road in the East End. After purloining the rig he stated further than the defendant with a hatchet tore the rig into pieces, taking the old iron of which it was constructed.

UNDER A HORSE'S HOOFS

A Small Boy Run Down And Badly Hurt On Minerva Street Last Evening.

A frightful accident occurred last evening on Minerva street when a little boy whose name is known only as Bennet was run down by a horse attached to a buggy and driven by two small boys. The Bennet lad was crossing the street when he saw the horse approaching. The animal taking a sort of a zigzag course, the youngster became confused and before he could jump out of harm's way, the horse had trampled him beneath its feet.

A lady passing ran and carefully picked the injured lad up and had him sent to his home. The reckless youths who had control of the reins refused to convey the boy to his home. The extent of the child's injuries is not known but it is said that the upper part of his body was badly bruised.

Arrested At Opera House.

For acting in a disorderly manner at the opera house last evening John White was arrested by Officer Weaver and taken to the city jail. He was released upon giving $10 as security for his appearance before the mayor this afternoon.

TROUBLE BREWING IN SHANTYTOWN

A Resident Accused of Inhuman Brntality to Wife and Children.

THE WOMAN IN DISTRESS

As Result of Beatings Administered—Took Her Children to Rochester Whence the Father Is Alleged to Have Kidnaped Them.

There is surely going to be trouble in the shantyboat districts. It has been brewing for several days, and is now almost at a point where something will be doing. Yesterday afternoon a woman appeared at the mayor's office and related a long story of how brutally a man by the name of Funkhouser is treating his children. He is the same man that was arrested last week and taken before 'Squire McCarron, who fined him for being disorderly.

The woman alleges that Funkhouser is one of the most brutal men living. She says that he drags his children around with him while he is after drink and that he does not half provide for them. She further stated that his wife is now at Rochester suffering untold agonies as the result of the whippings he has administered. She avers that the husband beat beaten her so many times and so viciously that there is not an inch of her body that is without a scar.

The object of the woman's mission was to get the mayor to force him to give up his children. She said that the wife took the children to Rochester last week and that a few days later he went up there and kidnaped them.

THE ACTIVE PROMOTERS

And the Capitalists Who Are Backing the Latest Cross-County Railway.

Salem, November 13.—It is said upon the best authority that the electric line which is being surveyed from this city to East Liverpool and Youngstown is being financed by R. L. Andrews, of Cleveland, and G. E. Long and J. H. Ruhlman, of Youngstown. They are the active promoters, although it is hardly supposed they will furnish the entire amount of capital which will be necessary to build the road.

Another interesting fact is that J. H. Spence, who surveyed the route two years ago, was employed to do the same by Harry G. Folts, the well known promoter, who is now dead. The Folts route will be used most of the way.

WITH THE WORKMEN IN THE CLAY PLANTS

WEST END IMPROVEMENTS.

The new part of the West End pottery is rapidly nearing completion and soon additional improvements will be under way. The new wing, 60x100 feet, will be used for the decorating kilns and the packing shed. The addition of the four new decorating kilns will more than double the capacity of the plant in this department, and the new quarters for the packing department will expediate the work of preparing the ware for shipment. All this is necessary on account of the rapidly increasing business of the plant. Part of the old structure between the new wing and the clay shops has been torn out and it will be replaced soon with a three story brick building that will contain the warehouse and decorating department. The latter will be on the third floor and will be given twice the floor space it has now. The shells of the two regular kilns are completed and space has been left to build two more if found necessary. The plant is enjoying an excellent business.

WHEELING COMBINE CHARTER.

A charter was issued at Charleston, W. Va., yesterday to the Wheeling Potteries company, with a capital stock of $1,250,000. The incorporators are Charles W. Franzheim, William A. Isett, J. J. Holloway, W. A. Wilson, W. J. Mays, George K. Wheat, William F. Stifel, Joseph Speidel, William Kirbach, H. E. Franzheim, George Wise and J. A. Miller. The purpose of the company is to manufacture and sell all kinds of utalitarian, sanitary and art pottery wares and all other kinds of clay products, either plain, ornamented or decorated; of purchasing, owning and holding land for mining coal or clay; of drilling for oil, gas or water; of buying, selling and manufacturing barrels, casks, crates, staves, boxes, hoops and all other kinds of cooperage; and of buying and selling timber lands and their products.

GONE TO BARBERTON.

Thomas Parker, a thrower, and Edward Durant and Walter Nickless, casters, have recently secured situations at Barberton and have left here for that city. Parker played right half, Durant left half and Nickless right wing forward on the Rover association football team and their absence will be keenly felt. Captain Hall, of this team is on the sick list and may not be able to play in the game Saturday.

FEAR FOUL PLAY.

The Perry street canal, Trenton, is being dragged for the body of Wm. Megarigle, a dipper in one of the potteries there, and well known among a number of workmen in this city. He has been missing from his home for several days and the members of his family fear that he has been foully dealt with. They have offered a reward for the body if dead and for information that will lead to his whereabouts if alive.

COMING FROM ENGLAND.

James Deville, one of the decorating kilnmen at the Dresden, left this morning for New York to meet Mrs. Deville and two children who are coming over from England to join him. Mrs. Deville is on board the steamer Oceanic which is expected to reach New Yory tomorrow. They will return at once to this city and will go to housekeeping. Several relatives are with Mrs. Deville and will locate in this city.

GOING TO DERRY.

It is reported by his friends that "Shorty" Cochran, one of the jiggermen at the William Brunt pottery, has decided to leave the city. Mr. Cochran is one of the best known clay workers in the East Liverpool district, and his associates are sorry to see him depart. He is reported to have secured a lucrative position at Derry.

AMONG THE POTTERS.

Harry Amos has started at Cartwright's as a presser.

Earle Cochran, a warehouseman at the Dresden, has returned from a visit to Pittsburg.

Claude Gigax, of the decorating department at the K. T. & K., has returned from a visit to his mother at Zanesville.

Jack Mount, of the glost end at Cartwright's, was off several days this week owing to illness.

Ezra Rigby, of the glost kiln crew at Cartwright's, who has been very ill, returned to work this week.

The Dresden shipped a car yesterday morning to Seattle. This plant is working to the fullest capacity.

Leon Shields, who has been a kiln drawer at the West End, has gone on there as an apprentice kiln hand.

Charles Weaver, Bert Allison and Howard Fife, jiggermen at Cartwright's, were out hunting Tuesday.

Luther Gilbert is a new addition to the kiln crew at the West End pottery. He had been working at Laughlin No. 3.

Charles Ashbaugh, office man at the West End pottery, is spending a week's vacation with relatives at Ravenswood.

Miss Jennie Currans, of the decorating department at the Dresden, has resigned and accepted a situation at Cartwright's.

Elmer McDevitt has taken a situation as boss warehouseman at Cartwright's. He has been working lately at the East Liverpool.

It is reported that Joseph Hurst, of the packing department at the Thompson, has resigned and will return to England in the near future.

George Rigby, foreman of the kiln crews at Cartwright's, was out on a hunting expedition one day this week and came home with a nice lot of game.

George Neal, jiggerman at Cartwright's, was to ill Saturday and Monday to be at work and several stickerups were compelled to lay off until his return.

Harry Suter, of the decorating department at the Dresden, was at Pittsburg yesterday to see "The Sleeping Beauty and the Beast" at the Alvin theater.

G. W. Barrett and William Johnson, of the kiln crew at the West End, left yesterday evening for Cleveland, where they will spend a few days seeing the sights.

John Coleman, sponger for the turners at Cartwright's, fell on the cutting box at the plant Tuesday and sprained his ankle. The injury will lay him up for several days.

Neil Laird And His Wife Charged With the Offense By Their Neighbor.

The culmination of the family rows in the vicinity of the Laird and Reynolds homes on College street will likely occur this evening when Neil Laird and his wife will appear before 'Squire McCarron to answer to a charge of using profane and indecent language.

Michael Reynolds was much angered over the rantings of Laird and his wife at the mayor's office and other courts yesterday and the day before, and last evening, after hearing the revengeful man and his wife give utterance to some very vile epithets he concluded that it was his turn to become conspicuous in a court. Proceedings to the office of 'Squire McCarron he had a warrant issued for the arrest of both.

Constable Powell and Officer Morris were detailed on the hunt of the pair and had some difficulty in locating them. They first went to the Laird home, but the house was vacant and they continued their seach in the central part of the city, finally running on to the couple at the corner of Sixth street and Broadway. They were anxious to have an immediate hearing, but the plaintiff was not ready to furnish witnesses. As a result the case was postponed until this evening at 7 o'clock and the couple were released upon their own recognizance.

After receiving their temporary release they rushed to the office of 'Squire McLane and endeavored to have a warrant issued for the arrest of Reynolds. The 'squires are not accustomed to working for their health and when Laird stated that he could not secure the costs the appeal for a warrant was unheeded.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

Will Contest.

Cleveland, O., Nov. 13.—William R. Coates, county clerk, who was defeated for re-election to that office by Charles P. Salen, last Tuesday, will contest Mr. Salen's election on the ground that there are gross irregularities in the count, and that instead of being defeated he is elected by about 400 plurality.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds, and all Lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 25 and 75 cents. At Charles F. Craig's.

EAST END

FOURTEEN INITIATED

Hoyt Court No. 1101, of the Orient Made a Good Start Last Night.

About twenty residents of the East End are wearing broad smiles today over the meeting last night of Hoyt Court, No. 1101, of the Orient. The meeting, of course, is shrouded in the deepest of mystery and all the members refused to have anything to say for publication. Several of those who attended kept their households awake all night with uncontrollable fits of laughter and they were still at it in the morning. From an unofficial source it was learned that there are fourteen new Oriental princes this morning and that there are any number waiting to be initiated. It is likely that the court will have to meet every night to accommodate them. All members of secret societies are eligible, but only five candidates can be initiated in an evening. The officers, bearing mysterious titles, have been selected, but will not be given out to the public.

The team that did the work last night was composed of Captain Terrence, Homer Owens, Dr. W. E. Mowen, Will Kinsey, Howard Moon, Willis Davidson, George Wilson and Frank Flowers.

Seven Houses Quarantined.

Health Officer Burgess was called to the East End this morning to quarantine several houses where scarlet fever has developed. He has now seven houses under quarantine, six of which contain scarlet fever and the other a case of diphtheria. The latter is Mrs. Mason Reed, who lives in Calhoun's addition. Although this case is out of the jurisdiction, Officer Burgess is caring for it for the township trustees. Mrs. Reed is very seriously ill.

Heavy Fog This Morning.

One of the heaviest fogs ever experienced enveloped the East End this morning. At 5 o'clock it was so dense that pedestrians with the greatest difficulty kept on the sidewalk and their thoughts turned instinctively to highwaymen. It was indeed an ideal morning for footpads, but so far as has been learned they did not take advantage of it. The fog also interfered to some extent with the operations of the street cars.

Off For a Hunt.

A formidable hunting expedition left the East End in the fog at an early hour this morning. They were armed to the teeth with the latest patterns of death dealing machinery and were provided with the best trained retrievers in the country. The party is composed of Dr. M. W. Taylor, C. E. Foutts, and Charles Hull, and the scene of their operations is just across the line in Pennsylvania.

No Clue to Highwaymen.

If there is any clue to the identity of the men who waylaid George Culbertson last Monday evening it is not in possession of the East End police. The men have completely disappeared and it is not all likely that they will ever be apprehended unless they continue their nefarious business. Mr. Culbertson is now entirely recovered and at his work again.

RAILROAD BATTLE

PROMISED IN THE NORTHERN PART OF THE COUNTY.

Ft. Wayne Will Contest Lisbon & Western's Right to Cross Its Tracks.

Salem, November 13.—One of the greatest railroad battles in decades will undoubtedly be fought when the Pittsburg, Lisbon & Western railway, a system backed by the Wabash, attempts to cross the main line of the Pittsburg, Ft. Wayne & Chicago railway between Leetonia and Columbiana. The Pennsylvania people will use every device and subterfuge to defeat the designs of its great rival.

Officials of the Pennsylvania have stated that a battle will be fought when the new railroad tries to cross the tracks. Every legal obstable will be brought into play, and if this is not powerful enough to stop the Wabash people, other means will no doubt be tried. The Erie crossed the track of the Ft. Wayne at Leetonia 34 years ago, and since that time there has not been a steam railroad that has crossed the tracks of the Ft. Wayne in this county. In fact there have been but few railroads in the whole state that have crossed the track of this company within the past 20 years.

The Erie and the Ft. Wayne have secured all the business of the northern part of the county for the past half century and the advent of a new rival in the field is enough to give them much concern. The surveyors of of the Pittsburg, Lisbon & Western railroad have reached Leetonia on their way from Lisbon to Washingtonville. It is claimed that the survey being made will make the distance between Lisbon and Washingtonville two miles shorter than the present rail road distance on the Erie. The route of the steam road is from one and one half to two miles east and south of the Erie. The road will pass Leetonia on the east, and the cut across to Washingtonville after it makes a turn to the left.

The surveying corps has met with good weather to do its work and the route has been staked out rapidly. The corps expects to finish its work within a few days. The Pittsburg, Lisbon & Western people are no doubt prepared for any kind of a fight and will fight for their rights and interest against the opposition. Columbiana county within the next year promises to be the scene of extensive steam and electric road operations.

RAILROAD BATTLE

PROMISED IN THE NORTHERN PART OF THE COUNTY.

Ft. Wayne Will Contest Lisbon & Western's Right to Cross Its Tracks.

Salem, November 13.—One of the greatest railroad battles in decades will undoubtedly be fought when the Pittsburg, Lisbon & Western railway, a system backed by the Wabash, attempts to cross the main line of the Pittsburg, Ft. Wayne & Chicago railway between Leetonia and Columbiana. The Pennsylvania people will use every device and subterfuge to defeat the designs of its great rival.

Officials of the Pennsylvania have stated that a battle will be fought when the new railroad tries to cross the tracks. Every legal obstable will be brought into play, and if this is not powerful enough to stop the Wabash people, other means will no doubt be tried. The Erie crossed the track of the Ft. Wayne at Leetonia 34 years ago, and since that time there has not been a steam railroad that has crossed the tracks of the Ft. Wayne in this county. In fact there have been but few railroads in the whole state that have crossed the track of this company within the past 20 years.

The Erie and the Ft. Wayne have secured all the business of the northern part of the county for the past half century and the advent of a new rival in the field is enough to give them much concern. The surveyors of of the Pittsburg, Lisbon & Western railroad have reached Leetonia on their way from Lisbon to Washingtonville. It is claimed that the survey being made will make the distance between Lisbon and Washingtonville two miles shorter than the present railroad distance on the Erie. The route of the steam road is from one and one half to two miles east and south of the Erie. The road will pass Leetonia on the east, and the cut across to Washingtonville after it makes a turn to the left.

The surveying corps has met with good weather to do its work and the route has been staked out rapidly. The corps expects to finish its work within a few days. The Pittsburg, Lisbon & Western people are no doubt prepared for any kind of a fight and will fight for their rights and interest against the opposition. Columbiana county within the next year promises to be the scene of extensive steam and electric road operations.

One of the wards of Alliance has an improvement association, which, according to the Review, of that city, has accomplished wonders. The association was formed last spring and began a systematic campaign to beautify the section of the city in which its members lived, the Sixth ward. The association looked after houses, lawns and vacant lots. It made an effort to have the houses nicely painted, the lawns nicely graded, sodded, grassed and kept in order, and the vacant spots kept free from weeds and unsightly piles of tin cans and other rubbish. The work of the reformers was entirely voluntary, and except in the case of those who received small rewards for keeping their premises in the best order, nobody was remunerated. Yet each member of the association doubtless felt amply paid for his work. The result has been not only to add to the beauty of a large section of the city, but to enhance the value of property. The example set by this band of public benefactors in Alliance might be imitated with profit in every ward of every city. Especially is there a vast field for such organizations to be useful in East Liverpool. Too many of our citizens, while they may have heard that cleanliness is next to godliness, do not apply the principle to their back yards or to vacant lots adjacent. An improvement association that would include the whole city in its scope and work for its betterment would be a blessing in ways innumerable.

No finer body of business men ever gathered in the Ohio valley than those who attended the meeting of the river improvement association at Parkersburg. They are awake and alert, and the influence exerted by their meeting ought to be far-reaching. Much has been accomplished that is of importance, for the arousing of public interest has been thorough and effectual, and such interest is essential to the success of any public undertaking. The "On to Cairo" project, as viewed by men of excellent judgment and the highest business ability, is thoroughly practical. May congress be persuaded to see the matter in its proper light and to provide the necessary funds to make one of the grandest streams in the world one of the most important commercially.

Edward McBride, 17 years old, of Niles, was accidentally shot and killed while out hunting. He was using the gun stock to scare a rabbit from a brush heap when the weapon was discharged, the contents striking him in the stomach. This is a specimen of a sort of items that are likely to be unpleasantly numerous while the hunting season lasts. In nine cases out of ten, the so-called accidents that end fatally to youthful hunters are the result of supreme folly, as in this instance. The moral is that if your boy has not learned that a gun is a dangerous weapon and to be handled with caution, you will save sorrow and funeral expenses by keeping a gun out of his hands until you are certain he has some sense in his head.

It appears that at last the United States is virtually out of debt to the outside world. As the treasury department figures it out, only about $16,000,000 of the interest-bearing bonds of the United States are held abroad, and three-fourths of this amount is held by foreign insurance companies which are doing business in this country, and are deposited here in different states for the protection of American policy holders. Making this deduction, less than $4,000,000 of the interest-bearing debt of the United States government is actually held outside of the country. It is safe to say that no other country in the world, with the possible exception of France, can show such an exhibit as this.

An improved river means lower freight rates and enlarged industry for the Ohio valley. Captain Dravo, at the Parkersburg convention, alluded to the fact that a corporation with $1,500,000 capital decided not to locate at Pittsburg because it had no assurance that its freight could be handled if it built a factory there. The case is probably not an isolated one. The Ohio valley has just begun to awaken to the great opportunities it is missing for lack of water transportation. The solution of the problem has been pointed out. It remains only to turn in and work to secure the river improvement and the resultant benefits.

"The two factions of Democracy, not only in this state, but throughout the union, are at present industriously engaged in hurling at each other all kinds of missiles from brick-bats to dead cats," remarks the Toledo Blade. Assuredly, a once mighty party has sunk almost to the lowest depths. Socialism, Populism and Democracy will not mix, and the attempt to combine them has been a failure.

That Republican victory in Pennsylvania was so sweeping that John Wanamaker has not recovered his voice.

Tom Johnson is making an excellent punching bag for a lot of disgusted Democrats.

President Roosevelt is in Missouri. Now bring on your bears!

OBITUARY

Mrs. William Ferrell.

The remains of the late Mrs. William Ferrell, aged about 35 years, who died Tuesday afternoon after suffering several months from a severe attack of consumption, was taken this morning to Sistersville, W. Va., where funeral services will be held and final interment made. Mrs. Ferrell moved from Sistersville to the McDonald farm, above Congo, W. Va., about one year ago and has lived there ever since.

TWO STRONG TEAMS

Are the Rovers And East Pittsburg Who Will Contend on Saturday.

The association foot ball game to be played at Rock Springs park on Saturday between the Rovers of this city and the East Pittsburgs promises to be the very best game of the season.

The Rovers are well known in and about Pittsburg, and there is not a team in that district which does not make up the very strongest lineup possible when arranging a game with the East Liverpool aggregation.

Of all the strong teams in the vicinity of Pittsburg the club which comes to the city Saturday is acknowledged to be the best, and if any one who attends the game Saturday is disappointed it will not be because the game is uninteresting. The lineup is as follows:

East Pittsburg — Goal, McStay; backs, McCann, Chambers; halfbacks Dany, Garmbey, Chambers; forwards A. Ferguson, J. Ferguson, Mulligan McKey, Thomas.

Rovers—Goal, Townley; backs, Durant, Pope; halfbacks, Parker, Hall, Bowers; forwards, B. Pope, Townley Davis, Challinor, Moore.

Referee—Wooliscraft.

Lineman—Tucker.

AT THE THEATER

The Chicago Stock company will present "Nell Gwynn," one night next week. It is a drama where the men wear torrent curls and gold bespangled vesments, and the average lover of romance can see pictured the ideal hero. It is a play of velvet, satin and lace, of the gauntlet and sword, of gallantry and strategem, chivalry and sacrifice of love, jealousy and vengeance. It is picturesque and aglow with tragedy and passion. The characters of Nell Gwynn, England's once favorite actress, and King Charles, the merry monarch of the XVI century are vividly pictured. Prices for the week are 10c, 20c, and 30c, with a matinee Saturday.

"The Price of Honor," was played by the Irene Myers Stock company to a full house at the Grand last night and was a most satisfactory performance. Tonight, "The Stowaway."

Are the Rovers And East Pittsburg Who Will Contend on Saturday.

The association foot ball game to be played at Rock Springs park on Saturday between the Rovers of this city and the East Pittsburgs promises to be the very best game of the season.

The Rovers are well known in and about Pittsburg, and there is not a team in that district which does not make up the very strongest lineup possible when arranging a game with the East Liverpool aggregation.

Of all the strong teams in the vicinity of Pittsburg the club which comes to the city Saturday is acknowledged to be the best, and if any one who attends the game Saturday is disappointed it will not be because the game is uninteresting. The lineup is as follows:

East Pittsburg — Goal, McStay; backs, McCann, Chambers; halfbacks Dany, Garmbey, Chambers; forwards A. Ferguson, J. Ferguson, Mulligan McKey, Thomas.

Rovers—Goal, Townley; backs, Durant, Pope; halfbacks, Parker, Hall, Bowers; forwards, B. Pope, Townley Davis, Challiner, Moore.

Referee—Wooliscraft.

Lineman—Tucker.

AT THE THEATER

The Chicago Stock company will present "Nell Gwynn," one night next week. It is a drama where the men wear torrent curls and gold bespangled vesments, and the average lover of romance can see pictured the ideal hero. It is a play of velvet, satin and lace, of the gauntlet and sword, of gallantry and strategem, chivalry and sacrifice of love, jealousy and vengeance. It is picturesque and aglow with tragedy and passion. The characters of Nell Gwynn, England's once favorite actress, and King Charles, the merry monarch of the XVI century are vividly pictured. Prices for the week are 10c, 20c, and 30c, with a matinee Saturday.

"The Price of Honor," was played by the Irene Myers Stock company to a full house at the Grand last night and was a most satisfactory performance. Tonight, "The Stowaway."

INSURANCE MEN

An Important Meeting of Columbiana County Agents Being Held At Lisbon.

The Columbiana branch of the state association of Insurance agents is meeting at Lisbon today. The association includes in its membership all of the leading fire insurance agents of the country. Those attending from this city are: Geo. H. Owen, H. J. Abrams, W. C. Supplee and E. W. Hill.

Meetings are held quarterly by the insurance agents of this district and in the past have been of great benefit both to the agents and their patrons. The agents will discuss the rates in the county and wherever it is possible a recommendation will be made to the state board to reduce the rate. Geo. H. Owen, of this city, is president of the county branch.

Rovers to Play Youngstown.

A challenge issued by the Youngstown association football team has been accepted by the Rovers, of this city. No date has been decided upon, but if the Rovers' management has its way, the game will be played in this city. The Youngstown players are said to a strong aggregation and as the Rovers also have a reputation along that line it is probable that the game will be a good one.

A HAPPY EVENT

Was the Celebration of the Birthday of the Home Guards of America.

McKinley Home No. 75, Home Guards of America, of this city, was just a year old last night and every member of the organization who attended the regular meeting and was present at the delightful entertainment which followed, will not soon forget the occasion.

The regular session was not a long one, as all arrangements had been made for what was to follow, and all were anxious to see the festivities started. The attendance was confined to lodge members alone, and the affair was one of the most enjoyable held in the city for years. There was music and dancing, enjoyed by nearly every one present, and the evening's entertainment was concluded with refreshments of ice cream and cake.

MAYOR HOLDS COURT

And Many Who Have Been in Jail Get Out—Man Drugged And Crazed.

Mayor Fogo returned last evening from Parkersburg, together with the balance of the delegation sent by council to attend the convention of the Ohio River Improvement association.

The mayor held police court at 9 o'clock and gave all of the prisoners who were locked in the city jail ever since the mayor left the city, with but few exceptions, a hearing.

Tom McNamara, Charles Smith Steve Johnston, William Johnston and Jacob Johnston were each fined $4.90. Their charges were drunk and disorderly. Frank Smith, who was perhaps in the jail for a meal or two longer than the rest was assessed $5.20.

Frank Holmes, who was arrested Tuesday evening charged with train jumping, was assessed $5.05.

John McGonigle, who was arrested last evening by Officer Elliott, charged with being drunk and disorderly, having entered several houses late at night and being taken by the officer while asleep on a couch at the Reilly residence on Fifth street, was released by the mayor. It seems that McGonigle had been drugged last evening while visiting a questionable resort in the city and was robbed of $15 which he had upon his person. The drug accounted for his strange actions in entering private residences.

A SUCCESSFUL YEAR

At the First Presbyterian Church Reported At Annual Congregational Meeting.

The members of the First Presbyterian church held their annual congregational meeting last evening at the close of prayer meeting. The annual reports of the trustees and treasurer were heard and were very satisfactory. The report of the treasurer showed the church to be entirely out of debt with funds in the treasury.

D. S. Brockman and E. H. Riggs were elected trustees for the ensuing year. The selection of a musical director for the church was authorized under the condition that an outside fund for this purpose could be raised. The congregation authorized a raise of the salary for the organist to $2.50 per Sunday. She had been receiving $1. Miss Ada Noble was selected as treasurer for the coming year and W. R. McDonald was elected clerk of the congregation.

The congregation authorized that the trustees of the church deed the Second Presbyterian church organization the church on Eighteenth street and the lot on which the church now stands. The aim of the congregation for the coming year will be to fix up the church property.

POPULAR GIRL A BRIDE

Miss Bessie Barnes Wedded to A. Everett Fox, of Spangler, Pa.

A very pretty wedding was solemnized at 4 o'clock last evening at the home of the bride's parents on Fifth street. The contracting parties were Miss Bessie Barnes and A. Everett Fox, of Spangler, Pa. About 35 of the intimate friends and relatives of the bride and groom witnessed the ceremony, which was performed by Rev. L. F. Laverty, pastor of the First Presbyterian church.

Miss Zue Barnes, a sister of the bride, acted as bridesmaid, and Frank Engle, of Industry, Pa., was best man. The bride was dressed in a beautiful gown of white batiste and carried a shower bouquet of bride's roses when the ceremony was performed. After the ceremony a wedding dinner was served by the parents of the bride.

The bride is one of the most popular girls of the city, and the groom is a prominent business man of Spangler, Pa., where the happy couple will soon go to housekeeping.

RETAIL CLERKS MET

Final Arrangements for a Supper Effected—Open Meeting Tomorrow Evening.

The regular meeting of the retail clerks was held last evening in Potters' hall. Four new members were taken in. The final arrangements were also made for the supper to be held by the clerks in Potters' hall December 10.

An open meeting of the local will be held in Aten's hall on Main street tomorrow evening. This meeting will be addressed by General Organizer J. H. Barlow. All of the members of the different local unions in this city are cordially invited to attend.

Nothing was done at the meeting last evening relative to the disagreement between the grocers and the grocery clerks regarding the hours for work. This matter will probably be brought up at the next meeting.

WORK ON THE POTTERY

Stilt Factory of Burgess & Co. at Wellsville Progressing Rapidly.

The work of building the addition to Burgess & Co.'s new stilt factory Third and Lisbon streets, is progressing rapidly. The side walls of the kiln sheds are nearly complete and the kiln for the plant is already completed. Nearly all of the new machinery for the plant has arrived and is being placed.

The plant when completed will be one of the most modern of its kind to be found in this section of the country. The orders for stilts are coming in daily. From the present outlook the company will have all the business it can take care of. Asidefrom the Wellsville potteries it will supply several plants in East Liverpool. It is expected that the plant will be in complete operation before the first of December.

Double Track Laying.

The C. & P. Railroad company is making rapid progress in double tracking just east of this city. A large force of men is kept at work daily and every possible effort is being made to rush the work through. One stretch of track from the mill of the American Tin Plate company to the switch of the Champion Fire Brick & Clay company in "Driven from Home" hollow is almost in a complete condition, the leveling of the track being all that remains to be done.

we are
Showing Pictures.

All are unframed, save the center piece, a magnificent Marine scene in water colors. This is framed in a florentine gilt moulding, with gold concave mat in a manner to best bring out the fine points of the picture.

It is by Arthur Chester, the English Artist, so well and favorably known here, and whose representatives we are.

Several other choice scenes of his are also shown, bits of English landscape, etc., all true to life, as Mr. Chester only paints from nature.

A number of American artists are represented by large Water Colors, Landscapes, Marine and Shore scenes.

In the foreground are a number of dainty Photo groups of famous men. Facing the rotunda is a large Photogravure of Edward VII, one of the best we ever saw.

Several productions of fruit pictures are shown, so natural in colorings that your mouth waters as you look.

Scattered through the display are other reproductions, some in colors, some in black and white. Some comic, some otherwise.

Animals, life-like in appearance. Chickens under conditions which are comic. A quaint character who looks as though he has seen better days.

Altogether the display is one to attract attention and worthy a visit. But large and varied as it is, it is only a representation of our Art Department. Your inspection would be but partial if you stop without visiting the main display on the second floor.

A visit to The Big Store would not be complete without it. In fact, our Art Room is one of the places of interest in the city. Especially during this our Anniversary Month.

ANOTHER EVENING TRAIN

Petition to the Panhandle to Run the 6 O'clock Train Through to Chester.

A petition has been signed and sent to the officials of the Panhandle railroad, asking them to run the evening passenger train, which comes to New Cumberland at 6 p. m., on to Chester and return. The service is being urged by Thomas W. Price, manager of the Chelsea pottery, New Cumberland.

In the petition there were 18 names signed of those who will patronize the evening train as passengers daily. A large number of the employes at the Chelsea pottery reside in East Liverpool and go back and forth to work. Chester citizens are also elated over the prospect of evening train service.

NEW CATHOLIC CHURCH

Site For It Has Been Purchased In Chester At a Cost of $1,600.

Officers of the Catholic church organization, which was formed a few days ago in Chester, bought three lots on the corner of Fourth street and Indiana avenue yesterday. The consideration was $1,600, of which $600 was paid for the corner lot and $500 each for the others.

The church will proceed to erect an edifice on these lots as soon as practicable.

SCALDED TO DEATH

Brother-in-Law of Chester Man Meets a Horrible Fate at Braddock.

Ed Jones, of Carolina avenue, received the news last evening that his brother-in-law, John McKimm, was scalded to death in the Braddock wire mill. He, with his aunt, Mrs. George W. Parsons, of East Liverpool, went to Pittsburg this morning to attend the funeral of the unfortunate man this afternoon at 2 o'clock.

Mayor Shrader's Conservatory.

Mayor John Shrader's new green house on the river front, near his residence, is fast nearing completion. When finished it will be a beautiful place. It will be heated by a furnace which will be underground at one end of the building. About 1,200 lights were used on the roof of the main shed.

A Pleasant Party.

A pleasant party was given at the home of Mr. and Mrs. Clarence Green last night on Phoenix avenue, Chester. The company was composed of East Liverpool and Chester young people. Dancing was indulged in and a fine time was enjoyed by all present.

Instruction in Dancing.

Manager Maxwell, of Rock Springs park, is considering the matter of employing a first-class man to teach dancing and physical culture at the park pavilion during the winter months. The plan no doubt will meet with success.

CHESTER NOTES.

W. H. Ellis, of Wheeling, was in Chester on business yesterday.

Joe Brunson's new residence on Montana avenue is almost completed.

Rev. Mr. Dimmitt, of the New Cumberland M. P. church, was in Chester yesterday evening.

Miss Ellen Williams, of Oak Run, Poe district, was calling in Chester yesterday afternoon.

The Knights of the Golden Eagle of Chester meet tonight and five new members will be initiated.

A large number of Chester people are attending the funeral of Charles B. Allison this afternoon.

R. G. Mercer left yesterday on a trip through Pennsylvania to purchase a lot of poultry for Thanksgiving.

Ground was broken yesterday morning for the handsome new residence of Reese Marshall on Adolphus street. A. O. Crail has the contract.

O. O. Allison went to New Cumberland last night and from there he went to Wheeling this morning to consult a specialist concerning his eyes.

Several cars of brick were put on the First street siding this morning and are being unloaded and distributed along the line of paving on Virginia avenue today.

Double Track Laying.

The C. & P. Railroad company is making rapid progress in double tracking just east of this city. A large force of men is kept at work daily and every possible effort is being made to rush the work through. One stretch of track from the mill of the American Tin Plate company to the switch of the Champion Fire Brick & Clay company in "Driven from Home" hollow is almost in a complete condition, the leveling of the track being all that remains to be done.

SUNDAY SCHOOL WORKERS

Fix a Program And Arrange a Date for the Annual Convention.

A meeting of the officers of the East Liverpool Sunday School association, together with the superintendents of the various Sunday schools of the city, was held at the Y. M. C. A. last evening. The purpose of the meeting was the selection of a date for holding the convention and the arrangement of a program to be carried out.

After discussing the advisability of holding the convention on the various dates which were proposed it was finally settled to fix Sunday, November 30, as the day, the hours to be occupied in the work of the session being from 2:30 to 3:45 p. m.

In Our West Window
we are
Showing Pictures.

All are unframed, save the center piece, a magnificent Marine scene in water colors. This is framed in a florentine gilt moulding, with gold concave mat in a manner to best bring out the fine points of the picture.

It is by Arthur Chester, the English Artist, so well and favorably known here, and whose representatives we are.

Several other choice scenes of his are also shown, bits of English landscape, etc., all true to life, as Mr. Chester only paints from nature.

A number of American artists are represented by large Water Colors, Landscapes, Marine and Shore scenes.

In the foreground are a number of dainty Photo groups of famous men. Facing the rotunda is a large Photogravure of Edward VII, one of the best we ever saw.

Several productions of fruit pictures are shown, so natural in colorings that your mouth waters as you look.

Scattered through the display are other reproductions, some in colors, some in black and white. Some comic, some otherwise.

Animals, life-like in appearance. Chickens under conditions which are comic. A quaint character who looks as though he has seen better days.

Altogether the display is one to attract attention and worthy a visit. But large and varied as it is, it is only a representation of our Art Department. Your inspection would be but partial if you stop without visiting the main display on the second floor.

A visit to The Big Store would not be complete without it. In fact, our Art Room is one of the places of interest in the city. Especially during this our Anniversary Month.

ANOTHER EVENING TRAIN

Petition to the Panhandle to Run the 6 O'clock Train Through to Chester.

A petition has been signed and sent to the officials of the Panhandle railroad, asking them to run the evening passenger train, which comes to New Cumberland at 6 p. m., on to Chester and return. The service is being urged by Thomas W. Price, manager of the Chelsea pottery, New Cumberland.

In the petition there were 18 names signed of those who will patronize the evening train as passengers daily. A large number of the employes at the Chelsea pottery reside in East Liverpool and go back and forth to work. Chester citizens are also elated over the prospect of evening train service.

NEW CATHOLIC CHURCH

Site For It Has Been Purchased In Chester At a Cost of $1,600.

Officers of the Catholic church organization, which was formed a few days ago in Chester, bought three lots on the corner of Fourth street and Indiana avenue yesterday. The consideration was $1,600, of which $600 was paid for the corner lot and $500 each for the others.

The church will proceed to erect an edifice on these lots as soon as practicable.

SCALDED TO DEATH

Brother-in-Law of Chester Man Meets a Horrible Fate at Braddock.

Ed Jones, of Carolina avenue, received the news last evening that his brother-in-law, John McKimm, was scalded to death in the Braddock wire mill. He, with his aunt, Mrs. George W. Parsons, of East Liverpool, went to Pittsburg this morning to attend the funeral of the unfortunate man this afternoon at 2 o'clock.

Mayor Shrader's Conservatory.

Mayor John Shrader's new green house on the river front, near his residence, is fast nearing completion. When finished it will be a beautiful place. It will be heated by a furnace which will be underground at one end of the building. About 1,200 lights were used on the roof of the main shed.

A Pleasant Party.

A pleasant party was given at the home of Mr. and Mrs. Clarence Green last night on Phoenix avenue, Chester. The company was composed of East Liverpool and Chester young people. Dancing was indulged in and a fine time was enjoyed by all present.

Instruction in Dancing.

Manager Maxwell, of Rock Springs park, is considering the matter of employing a first-class man to teach dancing and physical culture at the park pavilion during the winter months. The plan no doubt will meet with success.

CHESTER NOTES.

W. H. Ellis, of Wheeling, was in Chester on business yesterday.

Joe Brunson's new residence on Montana avenue is almost completed.

Rev. Mr. Dimmitt, of the New Cumberland M. P. church, was in Chester yesterday evening.

Miss Ellen Williams, of Oak Run, Poe district, was calling in Chester yesterday afternoon.

The Knights of the Golden Eagle of Chester meet tonight and five new members will be initiated.

A large number of Chester people are attending the funeral of Charles B. Allison this afternoon.

R. G. Mercer left yesterday on a trip through Pennsylvania to purchase a lot of poultry for Thanksgiving.

Ground was broken yesterday morning for the handsome new residence of Reese Marshall on Adolphus street. A. O. Crail has the contract.

O. O. Allison went to New Cumberland last night and from there he went to Wheeling this morning to consult a specialist concerning his eyes.

MAN WITH MONEY TALKED OF MURDER

Terrible Threats Uttered by a Stranger in a Barber Shop Yesterday.

DETERMINED ON REVENCE

Upon His Wife, Who, He Said, Had Tried to Poison Him And Caused Him Much Woe — Going to Pittsburg to Execute His Threats.

If a man that was in East Liverpool for a few hours yesterday carries out his announced intentions, Pittsburg will be the scene of one of the most atrocious and cowardly deeds perpetrated in this section of the country for some months.

The man may have been suffering with dementia, but his actions did not exactly warrant the suspicion, he talking in an apparent rational manner and seeming to be well aware of everything he said and not in the least afraid of some official overhearing his remarks. He strolled into Danley's barber shop under Mrs. A. V. Thompson's grocery store, Fourth and Washington streets, yesterday afternoon and asked which chair he must take in order to get shaved. He was assigned the chair over which Charles Mardis presides. For a moment the stranger did not utter a word, but very suddenly he opened up and before he had finished his declaration every man in the barber shop was looking toward some easy place of exit.

"You men, I expect, think that I am a common tramp, after taking a look at my general appearance," said the man. "But I want to tell you right here that I am not. I will admit that I look it, but that is simply because I choose to look that way. I have a good idea in it. Before the end of this week I am going to commit a foul murder. I am going to Pittsburg this evening and when I meet the woman that has made my life one of misery for the past four years I am going to shoot her down in cold blood. If I meet her on Smithfield street tonight the police of that city will have me behind the bars a few minutes later. Four years ago she gave me gradually two boxes of rough on rats and since that time I have suffered untold misery. I have been in all parts of the United States in that time.

"I have been in asylums, jails and workhouses. And it is all due to the poison my wife gave me. I have hunted her for nearly a year and just the other day I learned that she was living with another man in Pittsburg. I never was a desperate man, but I can be. I would not stop at the bloodiest kind of murder."

While talking the man twitched nervously and several times Mardis and Danley came near leaving the shop. When Mardis finished shaving him the man picked up his slouch hat and started out, saying that no one in this city would dare arrest him, and even if they did he had papers in his pocket which would gain his immediate release. The strange character was of excellent physique, weighing about 180 pounds and five feet nine inches in height. He wore a dirty green suit of clothes, and the strangest thing in his connection was the fact of his carrying a big roll of bills. Mardis says that he had at least $300 in his pocket and that he displayed it several times.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 75b Hull Building, Detroit, Mich., and they will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail show what men think of their generosity.

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

MOLINEUX TRIAL.

Most Expensive Case of Kind Ever Held Under English Jury System.

New York, Nov. 13.—It has been estimated the trial of Roland B. Molineux has cost more than any other for a capital offense in any country where the English system of jurisprudence is in vogue. The cost to the county of New York in the first trial amounted to $250,000. This was expended in various directions largely in fees for handwriting experts who were brought from distant states, and for detectives who endeavored to trace Molineux's movements from his fifteenth birthday to the time of his arrest.

The defense expended about $75,000 in the first trial, and it is estimated that the total on both sides for the two hearings will foot up nearly $500,000.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

OPERATORS' ANSWERS

General Denial of and Disagreement With Contentions of President John Mitchell.

BITTERLY ARRAIGN THE MINERS.

All Strongly Opposed to Advance In Wages and Reduction of Working Hours—Say Strikers Were Encouraged by Leaders to Violence.

Scranton, Pa., Nov. 13.—The answer of the independent operators of the Lackawanna and Wyoming region to the statement of President Mitchell, of the Mine Workers, was made public last night.

As in the other operators' answers the miners' statement is taken up and discussed seriatim.

In response to the demand for an increase in wages they say that the present wages are such as to enable the diligent and skillful miners to earn more per hour than any class of labor, skilled or unskilled, in the towns in which their mines are located and amply sufficient to allow him not only to maintain an American standard of living and educate his children, but to lay aside something for his old age. That some miners' wages are small, it is stated, is because they choose to exercise their option to work only a few hours a day.

In answer to the contention that mining is extremely dangerous and unhealthy and tends to shorten life, the independents set forth a petition recently circulated in the interests of a candidate for mine inspector, which contained the names of 95 employes of one mine, 66 of whom had worked in the mine for 20 years or more, and 20 for 40 years or more and 5 for 50 years or more.

The demand for the weighing of coal and payment by the legal ton of 2,000 pounds, instead of by the fictitious ton of 2,750 or 3,000 pounds, is characterized as a thinly disguised effort to secure a 40 per cent increase in wages. Twenty-seven hundred and fifty pounds of coal as it comes from the mine is barely sufficient, it is asserted, to produce a 2,240-pound ton of prepared coal.

Regarding the declaration of the miners that labor unions improve the morals and discipline of their members, this comment is made:

"This may be true when applied to some organizations, but when applied to the miners' union we enter a most emphatic denial and propose to introduce evidence showing that prior to the advent of the United Mine Workers of America it was considered bad form to kill or maim a citizen who attempted to exercise his constitutional rights to sell his labor, and that the vast number of brutal murders and beatings during the last five months show that the teachings of the United Mine Workers has brought about such moral obliquity that its members believed themselves justified in these acts, also that officers of the union justified this course by furnishing bail and counsel for those who have been guilty of these atrocious acts. We believe we will be able to prove such tremendous losses of life and money as the direct results of the methods of this particular union as to convince your honorable commission that it is inexpedient to do any act which may contribute to its continued existence."

American Bankers.

New Orleans, Nov. 13.—The attitude of the American Bankers' association towards the currency question was fixed yesterday. No decisive stand was taken on the questions of assets currency of branch banking, it being considered unwise to act until a solution of the questions shall have been evolved, but provision was made for the appointment of a committee to consider carefully the entire subject and to report at the next meeting. All the important business has been concluded except the election of officers.

President on Bear Hunt.

Cincinnati, Nov. 13.—President Roosevelt was speeding down through Kentucky last night, on his way to Smedes, Miss., about 25 miles north of Vicksburg, for a four-days' bear hunt. The president's trip across Ohio yesterday was pleasant, but uneventful. Despite the fact that the itinerary had not been published in advance, crowds were waiting at almost all the stations, and there was plenty of cheers as the train swept by. The train reached Memphis at 9:30 this morning.

Cleared For Galveston.

Toledo, O., Nov. 13.—The new steel tank steamer Toledo, built by the Craig Ship Building company, of this city, for the Sun company, of Pittsburg, cleared direct for Galveston, Texas, yesterday, to engage in carrying crude oil from the Beaumont field to the Sun company's refinery of Philadelphia. The steamer has a capacity of 1,000,000 barrels.

Dr. Mason Dead.

Toledo, O., Nov. 13.—Dr. A. G. Mason, secretary of the National Bee Keepers' association, and a well-known writer on the subject of bee culture, is dead, in this city. He was 74 years of age, and has been in failing health for some time.

To Make Red Cheeks

A little red, a little white, delicately blended. That's one way. Here's a better:

Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure.

Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 739 Hull Building, Detroit, Mich., and they will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail show what men think of their generosity.

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

MOLINEUX TRIAL.

Most Expensive Case of Kind Ever Held Under English Jury System.

New York, Nov. 13.—It has been estimated the trial of Roland B. Molineux has cost more than any other for a capital offense in any country where the English system of jurisprudence is in vogue. The cost to the county of New York in the first trial amounted to $250,000. This was expended in various directions largely in fees for handwriting experts who were brought from distant states, and for detectives who endeavored to trace Molineux's movements from his fifteenth birthday to the time of his arrest.

The defense expended about $75,000 in the urst trial, and it is estimated that the total on both sides for the two hearings will foot up nearly $500,000.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

OPERATORS' ANSWERS

General Denial of and Disagreement With Contentions of President John Mitchell.

BITTERLY ARRAIGN THE MINERS.

All Strongly Opposed to Advance In Wages and Reduction of Working Hours—Say Strikers Were Encouraged by Leaders to Violence.

Scranton, Pa., Nov. 13.—The answer of the independent operators of the Lackawanna and Wyoming region to the statement of President Mitchell, of the Mine Workers, was made public last night.

As in the other operators' answers the miners' statement is taken up and discussed seriatim.

In response to the demand for an increase in wages they say that the present wages are such as to enable the diligent and skillful miners to earn more per hour than any class of labor, skilled or unskilled, in the towns in which their mines are located and amply sufficient to allow him not only to maintain an American standard of living and educate his children, but to lay aside something for his old age. That some miners' wages are small, it is stated, is because they choose to exercise their option to work only a few hours a day.

In answer to the contention that mining is extremely dangerous and unhealthy and tends to shorten life, the independents set forth a petition recently circulated in the interests of a candidate for mine inspector, which contained the names of 95 employes of one mine, 66 of whom had worked in the mine for 20 years or more, and 20 for 40 years or more and 5 for 50 years or more.

The demand for the weighing of coal and payment by the legal ton of 2,000 pounds, instead of by the fictitious ton of 2,750 or 3,000 pounds, is characterized as a thinly disguised effort to secure a 40 per cent increase in wages. Twenty-seven hundred and fifty pounds of coal as it comes from the mine is barely sufficient, it is asserted, to produce a 2,240-pound ton of prepared coal.

Regarding the declaration of the miners that labor unions improve the morals and discipline of their members, this comment is made:

"This may be true when applied to some organizations, but when applied to the miners' union we enter a most emphatic denial and propose to introduce evidence showing that prior to the advent of the United Mine Workers of America it was considered bad form to kill or maim a citizen who attempted to exercise his constitutional rights to sell his labor, and that the vast number of brutal murders and beatings during the last five months show that the teachings of the United Mine Workers has brought about such moral obliquity that its members believed themselves justified in these acts, also that officers of the union justified this course by furnishing bail and counsel for those who have been guilty of these atrocious acts. We believe we will be able to prove such tremendous losses of life and money as the direct results of the methods of this particular union as to convince your honorable commission that it is inexpedient to do any act which may contribute to its continued existence."

American Bankers.

New Orleans, Nov. 13.—The attitude of the American Bankers' association towards the currency question was fixed yesterday. No decisive stand was taken on the questions of assets currency of branch banking, it being considered unwise to act until a solution of the questions shall have been evolved, but provision was made for the appointment of a committee to consider carefully the entire subject and to report at the next meeting. All the important business has been concluded except the election of officers.

President on Bear Hunt.

Cincinnati, Nov. 13.—President Roosevelt was speeding down through Kentucky last night, on his way to Smedes, Miss., about 25 miles north of Vicksburg, for a four-days' bear hunt. The president's trip across Ohio yesterday was pleasant, but uneventful. Despite the fact that the itinerary had not been published in advance, crowds were waiting at almost all the stations, and there was plenty of cheers as the train swept by. The train reached Memphis at 9:30 this morning.

Cleared For Galveston.

Toledo, O., Nov. 13.—The new steel tank steamer Toledo, built by the Craig Ship Building company, of this city, for the Sun company, of Pittsburg, cleared direct for Galveston, Texas, yesterday, to engage in carrying crude oil from the Beaumont field to the Sun company's refinery of Philadelphia. The steamer has a capacity of 1,000,000 barrels.

Dr. Mason Dead.

Toledo, O., Nov. 13.—Dr. A. G. Mason, secretary of the National Bee Keepers' association, and a well-known writer on the subject of bee culture, is dead, in this city. He was 74 years of age, and has been in failing health for some time.

To Make Red Cheeks

A little red, a little white, delicately blended. That's one way. Here's a better:

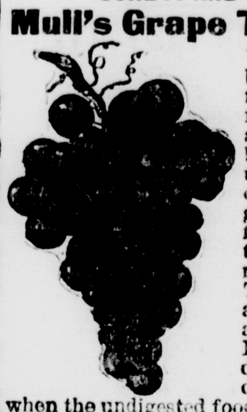
Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure.

Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.



When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

SOUR STOMACH

Blood Wine Cures It Instantly

"Blood Wine" will sweeten a sour stomach almost the second it touches it. It will stop the rising of gases, froth, sour or greasy juices, will overcome a feeling of nausea or emptiness, or as if a rock were lodged in the stomach. It will tone up the stomach and digestive organs and arouse the liver and bowels to healthy action. I have seen a man who suffered with dyspepsia for years, who couldn't eat anything without pain, sit down to a meal of baked beans and pork after he had taken two bottles of "Blood Wine," eat hearty, and get up from the table without the slightest suggestion of any discomfort. In his case the two bottles had entirely cured him. "Blood Wine" has cured some mighty obstinate cases of indigestion. Several people who have had to live on bread and milk and gruels, have been cured, while tens of thousands of ordinary cases have been entirely cured in from one to six weeks. Mr. Benj. Sunnenberg of 202 W. 43rd Street, New York:

"Through long suffering with dyspepsia I was greatly run down. I took my meals with difficulty, and nothing would digest without causing me pain. 'Blood Wine' was recommended to me and I took four bottles. It cured me, and I am now entirely well."

Mrs. Elizabeth Marsh of 22 Isabella Street, Boston, had a trying time:

"I suffered for years with dyspepsia. At times it seemed as if the pain would kill me. Even broth made me suffer. After taking numerous other medicines I started on 'Blood Wine.' I took several bottles and was cured. I am entirely free from pain now, and eat anything."

If you have stomach trouble don't give up until you try "Blood Wine." Have your blood examined and learn exactly what is the matter. By sending your name to the Louis Daudelin Co., Worcester, Mass., you can have this done by an expert, free of charge.

"Blood Wine" costs fifty cents a bottle.

BOXERS AGAIN UPRISE

The Kotishui, a New Secret Society, Have Joined the Rebel Movement.

MASSACRED 1,700 CONVERTS.

Fanatics Entered Cheng-Tu, but Were Driven From the City With Heavy Loss, and 11, Including a Woman, Were Captured and Beheaded.

Victoria, B. C., Nov. 13.—Mail advices from South China report a recrudescence of the rebellion in Kwang Si, some time ago reported to have been suppressed. The rebels captured Hochinchok, in Chin-Wan-Fu, secured the sub-prefect and placed him in his own prison. After pillaging this place they attacked and took Lin Chu Fu, a prefectural city. Large numbers of the Kotishui, a new secret society, which is both anti-foreign and anti-dynastic, have joined the rebel movement. The rebels are singularly supplied by caravans, which cross the adjacent French and Portuguese territory with arms and war ammunition. Two Chinese cruisers, the Whan Gai and King Ching, left Canton shortly prior to the departure of the steamer Empress of China from Heng Kong, with over a thousand men to reinforce the imperial forces.

In SzeChuan the Boxer movement still progresses. The Boxers have plundered all the villages between Sze-Chuan and Cheng-Lu and in one place massacred 1,700 Catholic converts. When the last advices were received at Shanghai from Cheng-Tu-Yanghse, it was besieged by Boxers and the gates of several cities nearby were kept closed. On Oct. 1 two parties of Boxers entered Cheng-Tu, flourished knives and waved Boxer flags. The people were panic-stricken and fled in confusion, but the prompt arrival of the garrison resulted in the Boxers being driven from the city with heavy loss and 11, including a woman, looked upon as a prophetess, were captured and beheaded in front of one of the Yamens.

A proclamation has been posted at Cheng-Tu offering 10 taels for the head of each Boxer captured within the city.

MAY BE RETIRED ON HALF PAY.

Commission of Physicians to Examine Condition of Superior Court Judge John J. Mitchell.

Harrisburg, Nov. 13.—Governor Stone yesterday appointed Dr. J. V. Shoemaker, of Philadelphia; Dr. A. J. Connell, of Scranton, and Dr. M. L. Bacon, of Wellsboro, the family physician of Superior Court Judge John I. Mitchell, of Wellsboro, to examine and report on his condition, he being unable to perform his judicial duties. This commission will make report to the governor, and if it finds that Judge Mitchell is incapacitated from serving on the bench then the judge can be retired on half pay for the balance of his term. Judges of the superior court are paid a salary of $7,500 per annum, and on Judge Mitchell's retirement he would get $3,750 per annum for the next seven years, he having gone on the bench January, 1900.

Governor Stone will appoint a successor to Justice Mitchell if he shall retire, who will serve until January, 1904.

Improvement Association Adjourns.

Parkersburg, W. Va., Nov. 13.—Evansville, Ind., gets the next meeting of the Ohio Valley Improvement association. The association adjourned yesterday, after a most successful meeting. Resolutions were adopted as prepared last Tuesday night favoring immediate action on the part of congress to bring the Ohio river to a nine-foot stage by the construction of locks and dams. The old officers were re-elected—J. I. Vance, president; E. P. Wilson, secretary, and J. D. Parker, treasurer. The twelve hundred delegates returned home yesterday afternoon. A large fund was raised to promote the interests of the association.

We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. E. Cingmars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and, after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

Dr. Pierce's Pellets cure biliousness and sick headache.

THE NEW YORK STOCK MARKET.

Transactions Over a Million Shares In a Remarkably Feverish and Irregular Session.

New York, Nov. 13.—Transactions in stocks ran well over a million shares again yesterday in a remarkably feverish and irregular market. There was a further threatening break yesterday morning, which was not unnatural, in view of the rapid decline in progress at the close of Tuesday's market. By the end of the first hour the selling had been brought almost to a standstill, and substantial recoveries were established all through the list.

Upon the first recovery, after a temporary pause, attempts were made to renew the advance, but the selling increased at the higher level and prices fell back again.

Money showed a rather easier tone and New York exchange at Chicago rose again to par, but sterling exchange was firmly held again, and it was considered possible up to late in the day that gold might go out on today's steamer for France. The market closed without any announcement being made of a gold engagement.

Bonds were not as well supported as stocks and were rather weak throughout. Total sales, par value $4,480,000.

United States bonds were all unchanged on the last call.

Reappearance of Cholera.

Manila, Nov. 13.—Cholera made its appearance Tuesday among the men of a detachment of the Fifth infantry, which is stationed here. Seven men have already died and a number of others are seriously ill. The detachment in question had been placed on duty along the Maraquina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty. It was believed that cholera had entirely disappeared from Manila, and its reappearance has created feelings of apprehension.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

ITALY TAKES UP CASE

Arrest of Composer Mascagni Will Likely Cause International Complications.

APPEALED TO ITALIAN PREMIER.

Signor Prinetti, Minister of Foreign Affairs, Awaits Report From Embassy at Washington Before Acting In the Matter.

Rome, Nov. 13.—According to the Tribuna, Italy purposes to make an international matter of the arrest in Boston, Mass., of Mascagni. The Tribuna yesterday said:

"Mascagni has telegraphed Premier Zanardelli, requesting the intervention of the Italian government to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Zanardelli replied to the musician, assuring him of the interest taken in his case by the government and informing him that he would request Signor Prinetti, minister of foreign affairs, to take up the matter. Signor Prinetti immediately took up Mascagni's case."

Signor Prinetti is awaiting the receipt of a report from the Italian embassy at Washington before acting in the affair. United States Ambassador Meyer has not been asked for an explanation, although he dined with members of the foreign office Tuesday night.

The charge of apathy brought by Mascagni against the Italian consul at Boston is regarded here as without justification and an outcome of the musician's ignorance of the fact that an Italian in the United States is entirely subject to American laws.

CUBAN RECIPROCITY TREATY.

Shortage of Foreign Sugar Crops Makes Cubans Unwilling to Accept Small Increase.

Washington, Nov. 13.—An important conference on the Cuban reciprocity treaty was held at the war department yesterday, the participants being Secretary Hay, Secretary Root and General Tasker Bliss. Mr. Bliss was called in at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff.

The draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana has not left that city.

It is known that the cardinal objection of President Palma to the treaty as it stands is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States, and Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon the support of congress next session when the treaty is submitted. So far, his advices do not favor any increase of the rebates.

It is understood that the Cubans, too, are entirely unwilling to accept any small increase. In the face of a great shortage in the European crop and a rapidly rising market, they have acquired confidence in their ability to get along for an indefinite time without reciprocity with the United States.

Secretary Hay has decided that General Bliss shall be sent at once to Cuban to investigate the industrial situation and the fiscal possibilities of the island, so it is improbable that, pending his return, the state department can advance the treaty negotiations in any way.

American Seaman Killed.

Panama, Nov. 13.—The first American casualties as a result of the revolution occurred Tuesday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. When found the rebels opened fire, killing the government ship's armorer, Richard Kane, of Washington, and wounding George Walker, who was shot through the legs. A seaman named Clark and Lieutenant Vasquez were also wounded, but not seriously. The Bogota and Chucuito then opened fire on the enemy and killed every man in sight. Gunner Cross, of the Bogota, thinks that from 40 to 50 rebels were killed.

Expression of Good Will.

St. Petersburg, Nov. 13.—Ambassador Tower, recently transferred to Berlin, and Mrs. Tower, left here today by a special car attached to the Sebastopol express and placed at their disposition by Prince Chilkoff, minister of ways and communications, on their way to Livadia, where the czar has invited Mrs. Tower to call on him. This is a special distinction. This action has caused much comment and is generally construed and intended to be an expression of the czar's personal feelings towards the United States and its retiring ambassador.

SOUR STOMACH

Blood Wine Cures It Instantly

"Blood Wine" will sweeten a sour stomach almost the second it touches it. It will stop the rising of gases, froth, sour or greasy juices, will overcome a feeling of nausea or emptiness, or as if a rock were lodged in the stomach. It will tone up the stomach and digestive organs and arouse the liver and bowels to healthy action. I have seen a man who suffered with dyspepsia for years, who couldn't eat anything without pain, sit down to a meal of baked beans and pork after he had taken two bottles of "Blood Wine," eat hearty, and get up from the table without the slightest suggestion of any discomfort. In his case the two bottles had entirely cured him. "Blood Wine" has cured some mighty obstinate cases of indigestion. Several people who have had to live on bread and milk and gruels, have been cured, while tens of thousands of ordinary cases have been entirely cured in from one to six weeks. Mr. Benj. Sunnenberg of 202 W. 43rd Street, New York:

"Through long suffering with dyspepsia I was greatly run-down. I took my meals with difficulty, and nothing would digest without causing me pain. 'Blood Wine' was recommended to me and I took four bottles. It cured me, and I am now entirely well."

Mrs. Elizabeth Marsh of 22 Isabella Street, Boston, had a trying time:

"I suffered for years with dyspepsia. At times it seemed as if the pain would kill me. Even broth made me suffer. After taking numerous other medicines I started on 'Blood Wine.' I took several bottles and was cured. I am entirely free from pain now, and eat anything."

If you have stomach trouble don't give up until you try "Blood Wine." Have your blood examined and learn exactly what is the matter. By sending your name to the Louis Daudelin Co., Worcester, Mass., you can have this done by an expert, free of charge.

"Blood Wine" costs fifty cents a bottle.

For sale by Will Reed, Hodson's Drug Store, A. H. Bulger and C. G. Anderson.

BOXERS AGAIN UPRISE

The Kotishui, a New Secret Society, Have Joined the Rebel Movement.

MASSACRED 1,700 CONVERTS.

Fanatics Entered Cheng-Tu, but Were Driven From the City With Heavy Loss, and 11, Including a Woman, Were Captured and Beheaded.

Victoria, B. C., Nov. 13.—Mail advices from South China report a recrudescence of the rebellion in Kwang Si, some time ago reported to have been suppressed. The rebels captured Hochinchok, in Chin-Wan-Fu, secured the sub-prefect and placed him in his own prison. After pillaging this place they attacked and took Lin Chu Fu, a prefectural city. Large numbers of the Kotishui, a new secret society, which is both anti-foreign and anti-dynastic, have joined the rebel movement. The rebels are singularly supplied by caravans, which cross the adjacent French and Portuguese territory with arms and war ammunition. Two Chinese cruisers, the Whan Gai and King Ching, left Canton shortly prior to the departure of the steamer Empress of China from Hong Kong, with over a thousand men to reinforce the imperial forces.

In SzeChuan the Boxer movement still progresses. The Boxers have plundered all the villages between Sze-Chuan and Cheng-Lu and in one place massacred 1,700 Catholic converts. When the last advices were received at Shanghai from Cheng-Tu-Yanghse, it was besieged by Boxers and the gates of several cities nearby were kept closed. On Oct. 1 two parties of Boxers entered Cheng-Tu, flourished knives and waved Boxer flags. The people were panic-stricken and fled in confusion, but the prompt arrival of the garrison resulted in the Boxers being driven from the city with heavy loss and 11, including a woman, looked upon as a prophetess, were captured and beheaded in front of one of the Yamens.

A proclamation has been posted at Cheng-Tu offering 10 taels for the head of each Boxer captured within the city.

MAY BE RETIRED ON HALF PAY.

Commission of Physicians to Examine Condition of Superior Court Judge John J. Mitchell.

Harrisburg, Nov. 13.—Governor Stone yesterday appointed Dr. J. V. Shoemaker, of Philadelphia; Dr. A. J. Connell, of Scranton, and Dr. M. L. Bacon, of Wellsboro, the family physician of Superior Court Judge John I. Mitchell, of Wellsboro, to examine and report on his condition, he being unable to perform his judicial duties. This commission will make report to the governor, and if it finds that Judge Mitchell is incapacitated from serving on the bench then the judge can be retired on half pay for the balance of his term. Judges of the superior court are paid a salary of $7,500 per annum, and on Judge Mitchell's retirement he would get $3,750 per annum for the next seven years, he having gone on the bench January, 1900.

Governor Stone will appoint a successor to Justice Mitchell if he shall retire, who will serve until January, 1904.

Improvement Association Adjourns.

Parkersburg, W. Va., Nov. 13.—Evansville, Ind., gets the next meeting of the Ohio Valley Improvement association. The association adjourned yesterday, after a most successful meeting. Resolutions were adopted as prepared last Tuesday night favoring immediate action on the part of congress to bring the Ohio river to a nine-foot stage by the construction of locks and dams. The old officers were re-elected—J. I. Vance, president; E. P. Wilson, secretary, and J. D. Parker, treasurer. The twelve hundred delegates returned home yesterday afternoon. A large fund was raised to promote the interests of the association.

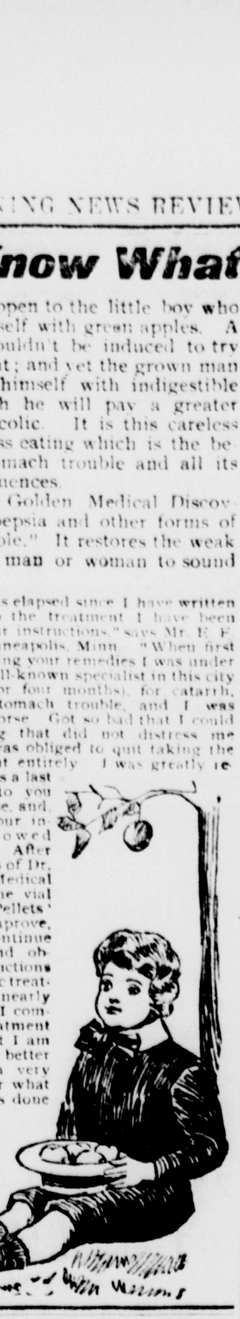
We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. F. Cingmars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."



Dr. Pierce's Pellets cure biliousness and sick headache.

THE NEW YORK STOCK MARKET.

Transactions Over a Million Shares In a Remarkably Feverish and Irregular Session.

New York, Nov. 13.—Transactions in stocks ran well over a million shares again yesterday in a remarkably feverish and irregular market. There was a further threatening break yesterday morning, which was not unnatural, in view of the rapid decline in progress at the close of Tuesday's market. By the end of the first hour the selling had been brought almost to a standstill, and substantial recoveries were established all through the list.

Upon the first recovery, after a temporary pause, attempts were made to renew the advance, but the selling increased at the higher level and prices fell back again.

Money showed a rather easier tone and New York exchange at Chicago rose again to par, but sterling exchange was firmly held again, and it was considered possible up to late in the day that gold might go out on today's steamer for France. The market closed without any announcement being made of a gold engagement.

Bonds were not as well supported as stocks and were rather weak throughout. Total sales, par value $4,480,000.

United States bonds were all unchanged on the last call.

Reappearance of Cholera.

Manila, Nov. 13.—Cholera made its appearance Tuesday among the men of a detachment of the Fifth infantry, which is stationed here. Seven men have already died and a number of others are seriously ill. The detachment in question had been placed on duty along the Maraquina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty. It was believed that cholera had entirely disappeared from Manila, and its reappearance has created feelings of apprehension.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

ITALY TAKES UP CASE

Arrest of Composer Mascagni Will Likely Cause International Complications.

APPEALED TO ITALIAN PREMIER.

Signor Prinetti, Minister of Foreign Affairs, Awaits Report From Embassy at Washington Before Acting In the Matter.

Rome, Nov. 13.—According to the Tribuna, Italy purposes to make an international matter of the arrest in Boston, Mass., of Mascagni. The Tribuna yesterday said:

"Mascagni has telegraphed Premier Zanardelli, requesting the intervention of the Italian goverament to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Zanardelli replied to the musician, assuring him of the interest taken in his case by the government and informing him that he would request Signor Prinetti, minister of foreign affairs, to take up the matter. Signor Prinetti immediately took up Mascagni's case."

Signor Prinetti is awaiting the receipt of a report from the Italian embassy at Washington before acting in the affair. United States Ambassador Meyer has not been asked for an explanation, although he dined with members of the foreign office Tuesday night.

The charge of apathy brought by Mascagni against the Italian consul at Boston is regarded here as without justification and an outcome of the musician's ignorance of the fact that an Italian in the United States is entirely subject to American laws.

CUBAN RECIPROCITY TREATY.

Shortage of Foreign Sugar Crops Makes Cubans Unwilling to Accept Small Increase.

Washington, Nov. 13.—An important conference on the Cuban reciprocity treaty was held at the war department yesterday, the participants being Secretary Hay, Secretary Root and General Tasker Bliss. Mr. Bliss was called in at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff.

The draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana has not left that city.

It is known that the cardinal objection of President Palma to the treaty as it stands is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States, and Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon the support of congress next session when the treaty is submitted. So far, his advices do not favor any increase of the rebates.

It is understood that the Cubans, too, are entirely unwilling to accept any small increase. In the face of a great shortage in the European crop and a rapidly rising market, they have acquired confidence in their ability to get along for an indefinite time without reciprocity with the United States.

Secretary Hay has decided that General Bliss shall be sent at once to Cuban to investigate the industrial situation and the fiscal possibilities of the island, so it is improbable that, pending his return, the state department can advance the treaty negotiations in any way.

MRS. FREDERICK'S PARTY

In Honor of Miss Huston Was Largely Attended And Most Enjoyable.

Mrs. N. A. Frederick very pleasantly entertained 50 of her friends yesterday afternoon, in honor of Miss Euphemia Boyce Huston. The ladies during the fore part of the afternoon plied their fingers at fancy work, after which each one was given a card upon which to make out a "country bill of fare."

Miss Anna Myers had the best country delicacies in her bill of fare, and was given first prize, which was a beautiful large bouquet of chrysanthemums. The consolation prize, which was a dainty box of chocolates, was awarded to Mrs. George P. Ikirt. Later in the afternoon choice refreshments were served. In the dining room presided Misses Anna Myers and Lucille Jones and Master Frederick Toot.

The hostess was assisted by her daughter, Mrs. Toot, and her guest, Miss Huston, of St. Paul, Minn. The cordial hospitality of the hostess, as well as the pleasure of meeting an old friend and teacher who was beloved by all in this city when she lived here, made it an afternoon long to be remembered.

A YOUTHFUL HOSTESS

Delightfully Entertains Young Friends in Honor of Her Birthday.

In honor of her eleventa birthday Miss Anna Collins, the charming daughter of Mr. and Mrs. Thomas Collins, of East Market street, entertained in a delightful manner 20 of her young friends last evening. The home was prettily decorated with flowers, the predominating colors being pink and white. After an evening of unalloyed pleasure at games the happy crowd of young people were seated at a table laden with choice refection.

The evening as a whole was very enjoyable, and when the party disbanded for their homes nothing but words of highest compliment were spoken of Miss Collins as an entertainer.

Young People's Social.

The Young People's Christian association of the First Presbyterian church will give a social tomorrow evening in order that they may become better acquainted with their new members. Heretofore these socials have been marked by success, and it is believed that this event will also be much enjoyed. Preparations are being made for a musical and literary program, after which refreshments will be served.

SATISFIED WITH THE WORK OF THE CONVENTION HELD BY THE RIVER CHAMPIONS

Continued from First Page.

en for citizens to join the association and show their interest in its work.

Dr. R. J. Marshall was very favorably impressed with the earnestness displayed by the delegates at the convention, and thinks that much good is being accomplished. "The membership of the association, I believe, is much too small to catch the politicians," he said, "and I suggested to a member of the executive committee that provisions be made for starting local societies in every town along the waterway. This would bring thousands and thousands of additional people into the movement, and when the time comes to petition congress we will not be sneered at or ignored."

"One of the most pleasing and noticeable features of the great convention," said Mr. W. L. Thompson this morning, "was the absolute refraining on the part of all from working in the interest of any faction, political or otherwise. The one thought of the masses was the ultimate improvement of the mammoth waterway. Every speech and every suggestion was in favor of the project. Never before, I am quite sure, did that body of men realize what a stupendous movement had been inaugurated.

"The object of the meeting was to form decisive plans by which the work will be completed. I think that no man left the convention unaware of the steps that must be taken. With such men as Colonel John L. Vance president of the Ohio River Improvement association, and General Charles H. Grosvenor, one of the brightest men that ever spoke in the halls of congress, present, both presenting the the question in all its forms, how could the convention adjourn without being thoroughly famliar with every point?

"Colonel Vance displayed wonderful ability in his engineering of the meeting. Everything passed off smoothly and to the satisfaction of all. General Grosvenor advised the convention to arrange for the appointment of a committee and that the committee be instructed to make a personal visit to the president. He felt confident that the wishes of the convention would be heeded by congress, but thought it best not to be too hasty in the presentation of the request. Having had many years experience among the congressmen, General Grosvenor was in a position to ably state the probable action on the matter. He advised that the appropriation for $60,000,000 be not asked for until another year elapses. The next session of congress will be a short one and he thought action might be deferred if presented.

"Most of the appropriations granted by congress are recommended by a committee and there is not a stronger committee in congress than the rivers and harbors. This committee, General Grosvenor was positive, would look upon the matter favorably and it is likely that the request will be laid in their hands.

"The only contention apparent at the meeting was raised as a result of a request on the part of a few delegates sent from towns and cities bordering on the smaller rivers which empty into the Ohio. They wanted the convention to pass a resolution recommending that the tributaries be locked and dammed before work was commenced on the main water way. The convention would not stand for such a proposition and the request was coldly turned down.

"The East Liverpool delegation was treated most courteously. We were all recognized as representing one of the most flourishing districts in the valley, and more so when Congressman Tayler delivered his masterly speech. He impressed on the minds of the convention the congested state of affairs existing in this district and I know that his words carried with them much weight."

19TH YEAR. NO. 269. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 13, 1902. TWO CENTS.

SATISFIED WITH THE WORK OF THE CONVENTION HELD BY THE RIVER CHAMPIONS

Local Delegates Believe the Movement For All-the-Year Navigation Has Received a Great Impetus.

The members of the East Liverpool delegation to the Parkersburg river convention, Postmaster W. H. Surles, W. E. Wells, Dr. R. J. Marshall, Prof. W. L. Thompson, Colonel John N. Taylor and W. L. Smith, who were also accompanied by Congressman R. W. Tayler and Wharfmaster Gus Martindill, with the exception of Mr. Surles, have all returned to their homes, and are enthusiastic over the work of the convention and of the prospects of success for the "On to Cairo" movement.

Colonel Taylor is very much pleased with the work of the convention. He said that not only representatives of towns bordering the Ohio river were there, but representatives of interior districts were there also.

The association would have to have money to keep the organization moving and wished to raise $25,000 by subscription. It would not be much from each one. The subscription has been started and met with marked success at the meeting. The work proposed along the Ohio would not be beneficial to any particular city alone but to all the valley alike.

One thing Colonel Taylor was pleased with was the splendid and courteous manner in which the East Liverpool delegation was entertained by Parkersburg people. He said the city was amply able to take care of large crowds and had elegant hotel accommodations.

W. E. Wells regretted that so few of the upper Ohio towns were represented. Considering the interest and importance of the work projected, he thought every town along the river should have sent a delegation of its strongest men. The success of the movement will depend much upon the influence the people are able to bring to bear upon their congressmen to vote and work for the scheme. East Liverpool now has membership in the river improvement association for the first time. The membership fee is but $5 a year, and Mr. Wells thought this city ought to have at least a hundred members. An opportunity will be giv

IMPORTANT BOARD UNDER NEW CODE

Public Service Department Will Be One of Most Potential in the City.

ITS DUTIES ARE MANIFOLD

The Members Will Be Elected, Serve For Three Years, Making Rules For Their Own Guidance—All Sorts of Tasks to Look After.

There will be no more important department for council to regulate under the new code than that of the board of public service.

At the meeting of the council Tuesday night a committee composed of George Peach, Criss McConnell and Hugh Johnston was appointed to take up the task of providing for the formation and conduct of the department as it will be run in East Liverpool. The work of the committee will be arduous and will undoubtedly occupy the spare time of the members from now until the time limit expires January 1.

As has been stated heretofore the board will be composed of three members, to be elected by the people. They shall be elected for a term of three years, and shall serve until their successors are elected and qualified. They are required to have been residents of the city in which they serve as a member of the board of public service for at least three years next preceding their election. They shall make their own rules and all regulations for the administration of affairs under their supervision.

This last clause in the law will relieve the committee of many duties which would otherwise have devolved upon it. The law says the board shall be the chief executive authority of the city and the departments now under its control—duties which have been looked after by at least four committees of council in addition to a large number of paid officials—are as follows:

Repair and improvement of streets, avenues, alleys, lands, lanes, squares, wharves, docks, landings, market houses, bridges, viaducts, sidewalks, sewers, drains, ditches, culverts, ship channels, streams and water courses; the lighting, sprinkling and cleaning of all public places, and the construction of all public works, municipal water, lighting and heating plants, parks, baths, cemeteries, crematories, sewage disposal plants and farms as well as all public buildings and other public property not provided for.

The duty of the department of public service includes the task of looking after the platting of all new additions which the council may see fit to lay out.

In the making of contracts or purchasing supplies or material the board is limited to an expenditure not exceeding $500. When an expenditure runs over that, unless it be in the matter of salaries of persons employed by it, the appropriation must be made by ordinance of council. In the latter instance the work shall be let to the lowest and best bidder, after 10 days' advertisement. In fact, the new law in this regard is almost identical with that under which this city now works, excepting that the board of public service opens bids and lets contracts instead of the council as at present.

No resolution or order shall be adopted unless two of the three members of the board shall have voted in favor. The law provides further that no director of public service, or officer or employe of the board shall be interested in any contract under its supervision.

The board is required to employ such superintendents, inspectors, engineers, harbor masters, clerks, laborers as may be necessary for the execution of its powers and duties.

The law says that the board shall fix the compensation and bonds of all persons employed by the board, and none shall be removed except for cause satisfactory to a majority of the members of the board.

The salaries of the members of the board itself are to be fixed by the council, and it is probable the committee will make a recommendation of some sort to the council.

It is the opinion of many of the city officials that the board of public service will necessarily devote their entire time to the duties of the office, and that, since they must be men of many qualifications, a good salary will be paid, at least sufficient to justify them in looking after the position in a manner satisfactory to the administration and the citizens generally.

DISPUTE OVER A DEAL

Transfer of Real Estate Which Court Is Asked to Annul.

Lisbon, November 13.—(Special.)—Common pleas court resumed this morning. The case of Joseph Faloon, of Hanoverton, against Samuel Burson, a Hanoverton druggist, is being heard today. Faloon asks that a transfer of real estate be made, he having deeded a piece of real estate in Hanoverton for 320 acres of Missouri land.

The property transferred by Faloon was valued at $3,000, and when the deal was made the Missouri real estate was represented to be worth as much or more, but since then Faloon alleges to have learned the Missouri realty is not worth anything. Burson is said to have misrepresented. Plaintiff asks that the transaction be set aside. Judge P. M. Smith, of Wellsville, and Attorney J. J. Grant, of Canton, represents the plaintiff, and Billingsley, Tayler & Clark the defendant.

NEW OFFICERS TO BE CHOSEN

Meeting of Pittsburg, Lisbon and Western Railroad Stockholders Tomorrow.

FINANCES OF THE CONCERN

Neff Municipal Code Effective Saturday—Status of Cities And Villages to Be Proclaimed By Secretary of State—President's Visit.

From a Staff Correspondent.

Columbus, November 13.—The consolidation agreement between the Pittsburg, Lisbon & Western Railroad company and the Shenango & Beaver Valley Railroad company, filed with the secretary of state, states that the stockholders will meet at Lisbon on Friday, November 14, and elect new officers and directors. The present officers and directors are: President, N. B. Billingsley, Lisbon; secretary, R. W. Tayler, Lisbon; treasurer, James I. Kernagahan, New York city; N. B. Billingsley, William S. Alley, New York city; George B. Harvey, Lisbon; James I. Kernagahan, J. W. Clark; Lisbon; John Slade, New York city; Ira F. Mansfield, Beaver; C. H. Aikens, New Castle.

The principal offices of the company will be at Lisbon and New Castle. The capital stock of $5,000,000 will be apportioned on a new basis among the stockholders. Bonds will be issued to cover expenditures for additional rolling stock and equipment, which are not to exceed $10,000 per mile of completed railroad. A mortgage or trust deed has already been executed and delivered to the Bowling Green Trust company of New York, on the property for the purpose of securing payment of principal and interest on the mortgage bonds. Bonds have been issued in the sum of $1,012,000. The meetings for the election of officers and directors will be held on the first Tuesday of October of each year. The company paid a fee of $5,000 to the secretary of state.

Ohio's new municipal code law becomes effective on Saturday, November 15. The secretary of state will issue a proclamation defining the status of municipalities, that is, denominating the class they are in—city or village. Later he will issue a certified copy of the code to all mayors of all municipalities, who will transmit it to councils. One of the first matters to be taken up by that body will be the redistricting of the city. Present councils are charged with many important duties under the new code, one in particular being the fixing of the compensation of the officers of the new regime.

Thousands greeted President Roosevelt during his brief stop in Columbus yesterday afternoon. Fifteen minutes were spent here to change engines. The president, accompanied by Secretary Cortelyou, mingled with the limited number of persons who were permitted to pass through the station gates, chatting and shaking hands. The crowd behind the railings gave the president a strenuous ovation. He responded to the greeting in a way that was democratic simplicity itself. He laughed and joked unaffectedly and seemed the picture of fine health.

It was the privilege of the correspondent of this paper to shake the hand of President Roosevelt and hold a minute's conversation with him. He was on his way south on a hunting expedition.

SERIOUS FIRE IN THE HOME OF AN INFIRM OLD COUPLE

An alarm of fire called the department from central station this morning at about 9:30 o'clock to the home of Mr. and Mrs. Michael McKinnon on Second street, below Jefferson. From every crevice, door and window smoke was pouring by the time the firemen arrived on the scene. The house appearing very much as if doomed, the laddies at first thought of turning on the big hose, but a closer examination resulted in the application of chemicals and a small garden hose. For almost an hour they fought with the small blaze and when every spark was finally extinguished the home had suffered considerable loss.

In extent the fire amounted to but very little, the majority of the household goods being removed before touched by either fire or water, but under the circumstances it was rather a serious blaze. Mr. McKinnon is aged, infirm and almost totally blind, and his wife is in almost the same condition. The home was a treasure to them, and having no insurance they will suffer deeply.

Fireman George Betteridge was painfully injured during the progress of the fire, a part of the chemical apparatus exploding and striking the palm of his right hand forcibly.

SEVENTEEN CASES WERE PASSED UPON

Circuit Court Adjourns After Handing Down a Number of Decisions.

THE LOWER COURT UPHELD

In the Case of Wellsville vs. Margaret Snyder—Stay Granted in the Conser-Figley Ouster Proceedings. Pest House Injunction.

Lisbon, November 13.—(Special)—Circuit court adjourned yesterday afternoon. Seventeen cases were disposed of, five of Judge Hole's decisions being sustained and three reversed, and one from Judge Smith's incumbency sustained. Four cases were settled and four continued, leaving only four cases on the docket.

The last case disposed of was that of the trustees of Youngstown township against the city of Youngstown, which came up on appeal from the court of Judge Robinson in Youngstown. A temporary injunction against the city's smallpox pest house was allowed to be effective until March 17, 1903, when the court expects to conclude its next session.

The verdict of the lower court was affirmed in the case of the city of Wellsville against Margaret Snyder. Mrs. Snyder had been given a verdict of $50 in a suit against the city of damages to her property from a change of grade on Third street. Judges Laubie and Cook sustained the finding of the lower court, and Judge Burrows dissented on the ground that the verdict was against the evidence and common sense.

In the case of Giles McGregor, executor of the late John McGregor's estate, against C. E. Smith, ex-county treasurer, which came up on a charge of error, the charge was sustained and the case remanded for re-trial. It was held that the lower court had erred in the charge to the jury. Action was brought by Treasurer Smith originally to collect delinquent taxes.

The finding of the lower court in the case of George Hannum against Andrew McGaffick, which was brought up on error, was sustained. McGaffick rented Hannum's farm in April, 1901, and a few months later Hannum brought action to displace him, having become dissatisfied with McGaffick's management of the place. When McGaffick vacated a disagreement arose as to the division of the crops.

The lower court was also upheld in the case of Adolph Herter against Owen Smith, which came up on error. Smith in the initial action sought to recover a remaining sum, held by him to be due on the sale of some East Liverpool real estate. In common pleas court judgment for $846 was rendered in favor of Smith.

The common pleas verdict in the case of Reason Barnes against Charles Stram, was reversed. A dispute over the use by Barnes and others of a right of way through the Stram farm in Hanover township as the only way of reaching the public highway, brought the parties into court.

Barnes may use the road across the farm, which was established as early as 1827, but he must keep the gates in repair.

At the request of Attorney J. A. Martin, the court granted a stay in the ouster proceedings of Figley against Conser to give the defendant time to get the case into supreme court.

In the case of the Big Vein Coal company, of Salineville, against Wesley Wright, the lower court was reversed on an error in the charge of the court only, according to Judge Burrow's decision.

While in the company's employ Wright was badly hurt by falling into a pit where some bull wheels were in operation, and it was alleged in his damage suit for $10,000 that the board which broke and let him into the pit was an insufficient covering. He was awarded the sum of $1,941. The court was inclined to sustain the lower court, a recent decision of the supreme court being the only consideration in reversing the case. The supreme court decision held that an employe should be conclusively responsible for all dangers open for observation.

THE RAILROAD COMPANY REALLY MEANS BUSINESS SO LISBON FOLKS THINK

Representatives of the Youngstown and Southern Enlisting Citizens' Aid in Securing Rights of Way.

Lisbon, November 13.—(Special.)—An important meeting of the Lisbon Business Men's association was held last evening. Several matters of public interest were considered and steps taken to aid an enterprise that means much to the entire county.

J. H. Ruhlman and J. E. Long, representatives of the Youngstown & Southern railroad, were present and made a proposition for an extension across Columbiana county of the electric line which is to be built from Youngstown to Columbiana, the extensions to give connection with Salem, Leetonia and East Liverpool, the latter to be reached by way of Lisbon.

They asked that the citizens of Lisbon assist the company in obtaining rights of way for the extension from Columbiana by raising $10,000 for the purpose. A committee was appointed to co-operate with the gentlemen in obtaining a right of way and ascertaining how much money will be required for the purpose.

J. J. Rodgers, Burt Burns and W. S. Potts constitute the committee which will report at the next meeting.

The matter of a centennial celebration in Lisbon next year was taken up and the president was instructed to appoint a committee of nine on invitations.

Lisbon was incorporated in 1803, and is perhaps the second or third incorporation in the state.

A new board of trade was then organized by making all members of the association members of the board, practically merging the two organizations.

The president will appoint a committee of nine to look after the work of the board of trade. It will be named later.

Since it has become apparent that the Youngstown & Southern Railroad company means business, several railroad enterprises have entered the deal with the evident intention of buying up rights of way.

About the most cold-blooded plan is that of Dayton and Cleveland people who are in the field this morning. They are said to be trying to secure options under an agreement to make a survey within a year.

LARCENY OF A BUGGY

Charged Against a Junk Dealer, Who Pleads Guilty And Is Fined.

Charged with malicious destruction of property amounting to $15 and the stealing of a buggy valued at the same amount, H. Apstein, a local junk dealer, was arraigned before 'Squire McLane this morning. Before he was given a chance to make a plea, however, the first charge was withdrawn and pleading guilty to the second he was fined $1 and costs.

Apstein was arrested by Constable Powell upon warrants sworn to by Robert Watkins. The plaintiff alleged that on or about the 4th day of November Apstein stole a buggy which had been partially demolished by a street car and which was lying in a heap alongside of the road in the East End. After purloining the rig he stated further than the defendant with a hatchet tore the rig into pieces, taking the old iron of which it was constructed.

UNDER A HORSE'S HOOFS

A Small Boy Run Down And Badly Hurt On Minerva Street Last Evening.

A frightful accident occurred last evening on Minerva street when a little boy whose name is known only as Bennet was run down by a horse attached to a buggy and driven by two small boys. The Bennet lad was crossing the street when he saw the horse approaching. The animal taking a sort of a zigzag course, the youngster became confused and before he could jump out of harm's way, the horse had trampled him beneath its feet.

A lady passing ran and carefully picked the injured lad up and had him sent to his home. The reckless youths who had control of the reins refused to convey the boy to his home. The extent of the child's injuries is not known but it is said that the upper part of his body was badly bruised.

Arrested At Opera House.

For acting in a disorderly manner at the opera house last evening John White was arrested by Officer Weaver and taken to the city jail. He was released upon giving $10 as security for his appearance before the mayor this afternoon.

TROUBLE BREWING IN SHANTYTOWN

A Resident Accused of Inhuman Brutality to Wife and Children.

THE WOMAN IN DISTRESS

As Result of Beatings Administered—Took Her Children to Rochester Whence the Father Is Alleged to Have Kidnaped Them.

There is surely going to be trouble in the shantyboat districts. It has been brewing for several days, and is now almost at a point where something will be doing. Yesterday afternoon a woman appeared at the mayor's office and related a long story of how brutally a man by the name of Funkhouser is treating his children. He is the same man that was arrested last week and taken before 'Squire McCarron, who fined him for being disorderly.

The woman alleges that Funkhouser is one of the most brutal men living. She says that he drags his children around with him while he is after drink and that he does not half provide for them. She further stated that his wife is now at Rochester suffering untold agonies as the result of the whippings he has administered. She avers that the husband beat beaten her so many times and so viciously that there is not an inch of her body that is without a scar.

The object of the woman's mission was to get the mayor to force him to give up his children. She said that the wife took the children to Rochester last week and that a few days later he went up there and kidnaped them.

THE ACTIVE PROMOTERS

And the Capitalists Who Are Backing the Latest Cross-County Railway.

Salem, November 13.—It is said upon the best authority that the electric line which is being surveyed from this city to East Liverpool and Youngstown is being financed by R. L. Andrews, of Cleveland, and G. E. Long and J. H. Ruhlman, of Youngstown. They are the active promoters, although it is hardly supposed they will furnish the entire amount of capital which will be necessary to build the road.

Another interesting fact is that J. H. Spence, who surveyed the route two years ago, was employed to do the same by Harry G. Folts, the well known promoter, who is now dead. The Folts route will be used most of the way.

WITH THE WORKMEN IN THE CLAY PLANTS

WEST END IMPROVEMENTS.

The new part of the West End pottery is rapidly nearing completion and soon additional improvements will be under way. The new wing, 60x100 feet, will be used for the decorating kilns and the packing shed. The addition of the four new decorating kilns will more than double the capacity of the plant in this department, and the new quarters for the packing department will expediate the work of preparing the ware for shipment. All this is necessary on account of the rapidly increasing business of the plant. Patt of the old structure between the new wing and the clay shops has been torn out and it will be replaced soon with a three story brick building that will contain the warehouse and decorating department. The latter will be on the third floor and will be given twice the floor space it has now. The shells of the two regular kilns are completed and space has been left to build two more if found necessary. The plant is enjoying an excellent business.

WHEELING COMBINE CHARTER.

A charter was issued at Charleston, W. Va., yesterday to the Wheeling Potteries company, with a capital stock of $1,250,000. The incorporators are Charles W. Franzheim, William A. Isett, J. J. Holloway, W. A. Wilson, W. J. Mays, George K. Wheat, William F. Stifel, Joseph Speidel, William Kirbach, H. E. Franzheim, George Wise and J. A. Miller. The purpose of the company is to manufacture and sell all kinds of utalitarian, sanitary and art pottery wares and all other kinds of clay products, either plain, ornamented or decorated; of purchasing, owning and holding land for mining coal or clay; of drilling for oil, gas or water; of buying, selling and manufacturing barrels, casks, crates, staves, boxes, hoops and all other kinds of cooperage; and of buying and selling timber lands and their products.

GONE TO BARBERTON.

Thomas Parker, a thrower, and Edward Durant and Walter Nickless, casters, have recently secured situations at Barberton and have left here for that city. Parker played right half, Durant left half and Nickless right wing forward on the Rover association football team and their absence will be keenly felt. Captain Hall, of this team is on the sick list and may not be able to play in the game Saturday.

FEAR FOUL PLAY.

The Perry street canal, Trenton, is being dragged for the body of Wm. Mcgarigle, a dipper in one of the potteries there, and well known among a number of workmen in this city. He has been missing from his home for several days and the members of his family fear that he has been foully dealt with. They have offered a reward for the body if dead and for information that will lead to his whereabouts if alive.

COMING FROM ENGLAND.

James Deville, one of the decorating kilnmen at the Dresden, left this morning for New York to meet Mrs. Deville and two children who are coming over from England to join him. Mrs. Deville is on board the steamer Oceanic which is expected to reach New Yory tomorrow. They will return at once to this city and will go to housekeeping. Several relatives are with Mrs. Deville and will locate in this city.

GOING TO DERRY.

It is reported by his friends that "Shorty" Cochran, one of the jiggermen at the William Brunt pottery, has decided to leave the city. Mr. Cochran is one of the best known clay workers in the East Liverpool district, and his associates are sorry to see him depart. He is reported to have secured a lucrative position at Derry.

AMONG THE POTTERS.

Harry Amos has started at Cartwright's as a presser.

Earle Cochran, a warehouseman at the Dresden, has returned from a visit to Pittsburg.

Claude Gigax, of the decorating department at the K. T. & K., has returned from a visit to his mother at Zanesville.

Miss Tina Capps, of the decorating department at the Dresden, is reported among the sick.

Ennis Coffman, who has been a handle maker at Thompson's, is now a sticker-up on cups.

Jack Mount, of the glost end at Cartwright's, was off several days this week owing to illness.

Ezra Rigby, of the glost kiln crew at Cartwright's, who has been very ill, returned to work this week.

The Dresden shipped a car yesterday morning to Seattle. This plant is working to the fullest capacity.

Leon Shields, who has been a kiln-drawer at the West End, has gone on there as an apprentice kiln hand.

Charles Weaver, Bert Allison and Howard Fife, jiggermen at Cartwright's, were out hunting Tuesday.

Luther Gilbert is a new addition to the kiln crew at the West End pottery. He had been working at Laughlin No. 3.

Charles Ashbaugh, office man at the West End pottery, is spending a week's vacation with relatives at Ravenswood.

Miss Jennie Currans, of the decorating department at the Dresden, has resigned and accepted a situation at Cartwright's.

Elmer McDevitt has taken a situation as boss warehouseman at Cartwright's. He has been working lately at the East Liverpool.

It is reported that Joseph Hurst, of the packing department at the Thompson, has resigned and will return to England in the near future.

George Rigby, foreman of the kiln crews at Cartwright's, was out on a hunting expedition one day this week and came home with a nice lot of game.

George Neal, jiggerman at Cartwright's, was to ill Saturday and Monday to be at work and several stickerups were compelled to lay off until his return.

Harry Suter, of the decorating department at the Dresden, was at Pittsburg yesterday to see "The Sleeping Beauty and the Beast" at the Alvin theater.

G. W. Barrett and William Johnson, of the kiln crew at the West End, left yesterday evening for Cleveland, where they will spend a few days seeing the sights.

John Coleman, sponger for the turners at Cartwright's, fell on the cutting box at the plant Tuesday and sprained his ankle. The injury will lay him up for several days.

SHOWMEN IN TROUBLE

Property of a Company Showing at Salem Attached by Lisbon Man.

Salem, November 13.—Manager Lyman H. Miller, of the Lisbon opera house, arrived in the city accompanied by Constable Chris Bick to attach the baggage and scenery of the "Desperate Chance" company.

Manager Miller claimed damage to the amount of $100 on account of the failure of the company to appear in Lisbon Tuesday night, where it had been booked and advertised to appear. A cash forfeit was put up and the case will be heard at Lisbon.

The show is the celebrated Biddle performance, and it is said canceled its Lisbon date on account of smallpox in that village.

More Surveyors at Work.

Salem, November 13.—Another gang of surveyors consisting of nine men started to work here yesterday. They say they are not working for the proposed Youngstown line. They have been working near Leetonia and, it is thought, are connected with the Pittsburg, Lisbon & Western.

FAMILY DISPUTES

LEAD TO A SUIT FOR PROFANE AND INDECENT LANGUAGE.

Neil Laird And His Wife Charged With the Offense By Their Neighbor.

The culmination of the family rows in the vicinity of the Laird and Reynolds homes on College street will likely occur this evening when Neil Laird and his wife will appear before 'Squire McCarron to answer to a charge of using profane and indecent language.

Michael Reynolds was much angered over the rantings of Laird and his wife at the mayor's office and other courts yesterday and the day before, and last evening, after hearing the revengeful man and his wife give utterance to some very vile epithets he concluded that it was his turn to become conspicuous in a court. Proceedings to the office of 'Squire McCarron he had a warrant issued for the arrest of both.

Constable Powell and Officer Morris were detailed on the hunt of the pair and had some difficulty in locating them. They first went to the Laird home, but the house was vacant and they continued their seach in the central part of the city, finally running on to the couple at the corner of Sixth street and Broadway. They were anxious to have an immediate hearing, but the plaintiff was not ready to furnish witnesses. As a result the case was postponed until this evening at 7 o'clock and the couple were released upon their own recognizance.

After receiving their temporary release they rushed to the office of 'Squire McLane and endeavored to have a warrant issued for the arrest of Reynolds. The 'squires are not accustomed to working for their health and when Laird stated that he could not secure the costs the appeal for a warrant was unheeded.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

Will Contest.

Cleveland, O., Nov. 13.—William R. Coates, county clerk, who was defeated for re-election to that office by Charles P. Salen, last Tuesday, will contest Mr. Salen's election on the ground that there are gross irregularities in the count, and that instead of being defeated he is elected by about 400 plurality.

BASKETBALL GAME

Y. M. C. A. of This City to Play Steubenville Y. M. C. I. Tonight.

A basket ball game will be played at the Y. M. C. A. gymnasium between the local intermediates and the Steubenville Y. M. C. I. Mascots. The line up of the local team is as follows:

Forwards, Will Watkins, Sam Bucher; center, Milton Erlanger; guards, Ray Bucher, Ed Hynes.

The gymnasium has been fitted up with additional seats, and the capacity is now nearly 300. The improvement will be greatly appreciated by friends of the association's athletic department.

The game tonight promises to be an interesting one, as both teams are strong.

A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicine. It quickly cures Coughs, Colds, and all Lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 25 and 75 cents. At Charles F. Craig's.

EAST END

FOURTEEN INITIATED

Hoyt Court No. 1101, of the Orient Made a Good Start Last Night.

About twenty residents of the East End are wearing broad smiles today over the meeting last night of Hoyt Court, No. 1101, of the Orient. The meeting, of course, is shrouded in the deepest of mystery and all the members refused to have anything to say for publication. Several of those who attended kept their households awake all night with uncontrollable fits of laughter and they were still at it in the morning. From an unofficial source it was learned that there are fourteen new Oriental princes this morning and that there are any number waiting to be initiated. It is likely that the court will have to meet every night to accommodate them. All members of secret societies are eligible, but only five candidates can be initiated in an evening. The officers, bearing mysterious titles, have been selected, but will not be given out to the public.

The team that did the work last night was composed of Captain Terrence, Homer Owens, Dr. W. E. Mowen, Will Kinsey, Howard Moon, Willis Davidson, George Wilson and Frank Flowers.

Seven Houses Quarantined.

Health Officer Burgess was called to the East End this morning to quarantine several houses where scarlet fever has developed. He has now seven houses under quarantine, six of which contain scarlet fever and the other a case of diphtheria. The latter is Mrs. Mason Reed, who lives in Calhoun's addition. Although this case is out of the jurisdiction, Officer Burgess is caring for it for the township trustees. Mrs. Reed is very seriously ill.

Heavy Fog This Morning.

One of the heaviest fogs ever experienced enveloped the East End this morning. At 5 o'clock it was so dense that pedestrians with the greatest difficulty kept on the sidewalk and their thoughts turned instinctively to highwaymen. It was indeed an ideal morning for footpads, but so far as has been learned they did not take advantage of it. The fog also interfered to some extent with the operations of the street cars.

Off For a Hunt.

A formidable hunting expedition left the East End in the fog at an early hour this morning. They were armed to the teeth with the latest patterns of death dealing machinery and were provided with the best trained retrievers in the country. The party is composed of Dr. M. W. Taylor, C. E. Foutts, and Charles Hull, and the scene of their operations is just across the line in Pennsylvania.

No Clue to Highwaymen.

If there is any clue to the identity of the men who waylaid George Culbertson last Monday evening it is not in possession of the East End police. The men have completely disappeared and it is not all likely that they will ever be apprehended unless they continue their nefarious business. Mr. Culbertson is now entirely recovered and at his work again.

RAILROAD BATTLE

PROMISED IN THE NORTHERN PART OF THE COUNTY.

Ft. Wayne Will Contest Lisbon & Western's Right to Cross Its Tracks.

Salem, November 13.—One of the greatest railroad battles in decades will undoubtedly be fought when the Pittsburg, Lisbon & Western railway, a system backed by the Wabash, attempts to cross the main line of the Pittsburg, Ft. Wayne & Chicago railway between Leetonia and Columbiana. The Pennsylvania people will use every device and subterfuge to defeat the designs of its great rival.

Officials of the Pennsylvania have stated that a battle will be fought when the new railroad tries to cross the tracks. Every legal obstable will be brought into play, and if this is not powerful enough to stop the Wabash people, other means will no doubt be tried. The Erie crossed the track of the Ft. Wayne at Leetonia 34 years ago, and since that time there has not been a steam railroad that has crossed the tracks of the Ft. Wayne in this county. In fact there have been but few railroads in the whole state that have crossed the track of this company within the past 20 years.

The Erie and the Ft. Wayne have secured all the business of the northern part of the county for the past half century and the advent of a new rival in the field is enough to give them much concern. The surveyors of of the Pittsburg, Lisbon & Western railroad have reached Leetonia on their way from Lisbon to Washingtonville. It is claimed that the survey being made will make the distance between Lisbon and Washingtonville two miles shorter than the present rail road distance on the Erie. The route of the steam road is from one and one half to two miles east and south of the Erie. The road will pass Leetonia on the east, and the cut across to Washingtonville after it makes a turn to the left.

The surveying corps has met with good weather to do its work and the route has been staked out rapidly. The corps expects to finish its work within a few days. The Pittsburg, Lisbon & Western people are no doubt prepared for any kind of a fight and will fight for their rights and interest against the opposition. Columbiana county within the next year promises to be the scene of extensive steam and electric road operations.

One of the wards of Alliance has an improvement association, which, according to the Review, of that city, has accomplished wonders. The association was formed last spring and began a systematic campaign to beautify the section of the city in which its members lived, the Sixth ward. The association looked after houses, lawns and vacant lots. It made an effort to have the houses nicely painted, the lawns nicely graded, sodded, grassed and kept in order, and the vacant spots kept free from weeds and unsightly piles of tin cans and other rubbish. The work of the reformers was entirely voluntary, and except in the case of those who received small rewards for keeping their premises in the best order, nobody was remunerated. Yet each member of the association doubtless felt amply paid for his work. The result has been not only to add to the beauty of a large section of the city, but to enhance the value of property. The example set by this band of public benefactors in Alliance might be imitated with profit in every ward of every city. Especially is there a vast field for such organizations to be useful in East Liverpool. Too many of our citizens, while they may have heard that cleanliness is next to godliness, do not apply the principle to their back yards or to vacant lots adjacent. An improvement association that would include the whole city in its scope and work for its betterment would be a blessing in ways innumerable.

No finer body of business men ever gathered in the Ohio valley than those who attended the meeting of the river improvement association at Parkersburg. They are awake and alert, and the influence exerted by their meeting ought to be far-reaching. Much has been accomplished that is of importance, for the arousing of public interest has been thorough and effectual, and such interest is essential to the success of any public undertaking. The "On to Cairo" project, as viewed by men of excellent judgment and the highest business ability, is thoroughly practical. May congress be persuaded to see the matter in its proper light and to provide the necessary funds to make one of the grandest streams in the world one of the most important commercially.

Edward McBride, 17 years old, of Niles, was accidentally shot and killed while out hunting. He was using the gun stock to scare a rabbit from a brush heap when the weapon was discharged, the contents striking him in the stomach. This is a specimen of a sort of items that are likely to be unpleasantly numerous while the hunting season lasts. In nine cases out of ten, the so-called accidents that end fatally to youthful hunters are the result of supreme folly, as in this instance. The moral is that if your boy has not learned that a gun is a dangerous weapon and to be handled with caution, you will save sorrow and funeral expenses by keeping a gun out of his hands until you are certain he has some sense in his head.

It appears that at last the United States is virtually out of debt to the outside world. As the treasury department figures it out, only about $16,000,000 of the interest-bearing bonds of the United States are held abroad, and three-fourths of this amount is held by foreign insurance companies which are doing business in this country, and are deposited here in different states for the protection of American policy holders. Making this deduction, less than $4,000,000 of the interest-bearing debt of the United States government is actually held outside of the country. It is safe to say that no other country in the world, with the possible exception of France, can show such an exhibit as this.

An improved river means lower freight rates and enlarged industry for the Ohio valley. Captain Dravo, at the Parkersburg convention, alluded to the fact that a corporation with $1,500,000 capital decided not to locate at Pittsburg because it had no assurance that its freight could be handled if it built a factory there. The case is probably not an isolated one. The Ohio valley has just begun to awaken to the great opportunities it is missing for lack of water transportation. The solution of the problem has been pointed out. It remains only to turn in and work to secure the river improvement and the resultant benefits.

"The two factions of Democracy, not only in this state, but throughout the union, are at present industriously engaged in hurling at each other all kinds of missiles from brick-bats to dead cats," remarks the Toledo Blade. Assuredly, a once mighty party has sunk almost to the lowest depths. Socialism, Populism and Democracy will not mix, and the attempt to combine them has been a failure.

That Republican victory in Pennsylvania was so sweeping that John Wanamaker has not recovered his voice.

Tom Johnson is making an excellent punching bag for a lot of disgusted Democrats.

President Roosevelt is in Missouri. Now bring on your bears!

OBITUARY

Mrs. William Ferrell.

The remains of the late Mrs. William Ferrell, aged about 35 years, who died Tuesday afternoon after suffering several months from a severe attack of consumption, was taken this morning to Sistersville, W. Va., where funeral services will be held and final interment made. Mrs. Ferrell moved from Sistersville to the McDonald farm, above Congo, W. Va., about one year ago and has lived there ever since.

TWO STRONG TEAMS

Are the Rovers And East Pittsburg Who Will Contend on Saturday.

The association foot ball game to be played at Rock Springs park on Saturday between the Rovers of this city and the East Pittsburgs promises to be the very best game of the season.

The Rovers are well known in and about Pittsburg, and there is not a team in that district which does not make up the very strongest lineup possible when arranging a game with the East Liverpool aggregation.

Of all the strong teams in the vicinity of Pittsburg the club which comes to the city Saturday is acknowledged to be the best, and if any one who attends the game Saturday is disappointed it will not be because the game is uninteresting. The lineup is as follows:

East Pittsburg — Goal, McStay; backs, McCann, Chambers; halfbacks Dany, Garmbey, Chambers; forwards A. Ferguson, J. Ferguson, Mulligan McKey, Thomas.

Rovers—Goal, Townley; backs, Durant, Pope; halfbacks, Parker, Hall, Bowers; forwards, B. Pope, Townley Davis, Challinor, Moore.

Referee—Wooliscraft.

Lineman—Tucker.

AT THE THEATER

The Chicago Stock company will present "Nell Gwynn," one night next week. It is a drama where the men wear torrent curls and gold bespangled vesments, and the average lover of romance can see pictured the ideal hero. It is a play of velvet, satin and lace, of the gauntlet and sword, of gallantry and strategem, chivalry and sacrifice of love, jealousy and vengeance. It is picturesque and aglow with tragedy and passion. The characters of Nell Gwynn, England's once favorite actress, and King Charles, the merry monarch of the XVI century are vividly pictured. Prices for the week are 10c, 20c, and 30c, with a matinee Saturday.

"The Price of Honor," was played by the Irene Myers Stock company to a full house at the Grand last night and was a most satisfactory performance. Tonight, "The Stowaway."

with Governor Nash. It states that at the request of Captain T. B. Yost, of Wellsville, who commanded "Yost's Captured battery," an independent body, that a monument would be erected to that command, although the legislature overlooked an appropriation for it. This battery was composed of soldiers from Columbiana, Stark and contiguous counties.

Percy Tetlow, of Washingtonville, was here attending a meeting of the executive board of the United Mine Workers, of which he is a member. Policies were outlined for the state convention, which will be held in Columbus in January.

INSURANCE MEN

An Important Meeting of Columbiana County Agents Being Held At Lisbon.

The Columbiana branch of the state association of Insurance agents is meeting at Lisbon today. The association includes in its membership all of the leading fire insurance agents of the country. Those attending from this city are: Geo. H. Owen, H. J. Abrams, W. C. Supplee and E. W. Hill.

Meetings are held quarterly by the insurance agents of this district and in the past have been of great benefit both to the agents and their patrons. The agents will discuss the rates in the county and wherever it is possible a recommendation will be made to the state board to reduce the rate. Geo. H. Owen, of this city, is president of the county branch.

Rovers to Play Youngstown.

A challenge issued by the Youngstown association football team has been accepted by the Rovers, of this city. No date has been decided upon, but if the Rovers' management has its way, the game will be played in this city. The Youngstown players are said to a strong aggregation and as the Rovers also have a reputation along that line it is probable that the game will be a good one.

A HAPPY EVENT

Was the Celebration of the Birthday of the Home Guards of America.

McKinley Home No. 75, Home Guards of America, of this city, was just a year old last night and every member of the organization who attended the regular meeting and was present at the delightful entertainment which followed, will not soon forget the occasion.

The regular session was not a long one, as all arrangements had been made for what was to follow, and all were anxious to see the festivities started. The attendance was confined to lodge members alone, and the affair was one of the most enjoyable held in the city for years. There was music and dancing, enjoyed by nearly every one present, and the evening's entertainment was concluded with refreshments of ice cream and cake.

MAYOR HOLDS COURT

And Many Who Have Been in Jail Get Out—Man Drugged And Crazed.

Mayor Fogo returned last evening from Parkersburg, together with the balance of the delegation sent by council to attend the convention of the Ohio River Improvement association.

The mayor held police court at 9 o'clock and gave all of the prisoners who were locked in the city jail ever since the mayor left the city, with but few exceptions, a hearing.

Tom McNamara, Charles Smith, Steve Johnston, William Johnston and Jacob Johnston were each fined $4.90. Their charges were drunk and disorderly. Frank Smith, who was perhaps in the jail for a meal or two longer than the rest was assessed $5.20.

Frank Holmes, who was arrested Tuesday evening charged with train jumping, was assessed $5.05.

John McGonigle, who was arrested last evening by Officer Elliott, charged with being drunk and disorderly, having entered several houses late at night and being taken by the officer while asleep on a couch at the Reilly residence on Fifth street, was released by the mayor. It seems that McGonigle had been drugged last evening while visiting a questionable resort in the city and was robbed of $15 which he had upon his person. The drug accounted for his strange actions in entering private residences.

A SUCCESSFUL YEAR

At the First Presbyterian Church Reported At Annual Congregational Meeting.

The members of the First Presbyterian church held their annual congregational meeting last evening at the close of prayer meeting. The annual reports of the trustees and treasurer were heard and were very satisfactory. The report of the treasurer showed the church to be entirely out of debt with funds in the treasury.

D. S. Brookman and E. H. Riggs were elected trustees for the ensuing year. The selection of a musical director for the church was authorized under the condition that an outside fund for this purpose could be raised. The congregation authorized a raise of the salary for the organist to $2.50 per Sunday. She had been receiving $1. Miss Ada Noble was selected as treasurer for the coming year and W. R. McDonald was elected clerk of the congregation.

The congregation authorized that the trustees of the church deed the Second Presbyterian church organization the church on Eighteenth street and the lot on which the church now stands. The aim of the congregation for the coming year will be to fix up the church property.

POPULAR GIRL A BRIDE

Miss Bessie Barnes Wedded to A. Everett Fox, of Spangler, Pa.

A very pretty wedding was solemnized at 4 o'clock last evening at the home of the bride's parents on Fifth street. The contracting parties were Miss Bessie Barnes and A. Everett Fox, of Spangler, Pa. About 35 of the intimate friends and relatives of the bride and groom witnessed the ceremony, which was performed by Rev. L. F. Laverty, pastor of the First Presbyterian church.

Miss Zue Barnes, a sister of the bride, acted as bridesmaid, and Frank Engle, of Industry, Pa., was best man. The bride was dressed in a beautiful gown of white batiste and carried a shower bouquet of bride's roses when the ceremony was performed. After the ceremony a wedding dinner was served by the parents of the bride.

The bride is one of the most popular girls of the city, and the groom is a prominent business man of Spangler, Pa., where the happy couple will soon go to housekeeping.

RETAIL CLERKS MET

Final Arrangements for a Supper Effected—Open Meeting Tomorrow Evening.

The regular meeting of the retail clerks was held last evening in Potters' hall. Four new members were taken in. The final arrangements were also made for the supper to be held by the clerks in Potters' hall December 10.

An open meeting of the local will be held in Aten's hall on Main street tomorrow evening. This meeting will be addressed by General Organizer J. H. Barlow. All of the members of the different local unions in this city are cordially invited to attend.

Nothing was done at the meeting last evening relative to the disagreement between the grocers and the grocery clerks regarding the hours for work. This matter will probably be brought up at the next meeting.

WORK ON THE POTTERY

Stilt Factory of Burgess & Co. at Wellsville Progressing Rapidly.

The work of building the addition to Burgess & Co.'s new stilt factory, Third and Lisbon streets, is progressing rapidly. The side walls of the kiln sheds are nearly complete and the kiln for the plant is already completed. Nearly all of the new machinery for the plant has arrived and is being placed.

The plant when completed will be one of the most modern of its kind to be found in this section of the country. The orders for stilts are coming in daily. From the present outlook the company will have all the business it can take care of. Asidefrom the Wellsville potteries it will supply several plants in East Liverpool. It is expected that the plant will be in complete operation before the first of December.

Double Track Laying.

The C. & P. Railroad company is making rapid progress in double tracking just east of this city. A large force of men is kept at work daily and every possible effort is being made to rush the work through. One stretch of track from the mill of the American Tin Plate company to the switch of the Champion Fire Brick & Clay company in "Driven from Home" hollow is almost in a complete condition, the leveling of the track being all that remains to be done.

SUNDAY SCHOOL WORKERS

Fix a Program And Arrange a Date for the Annual Convention.

A meeting of the officers of the East Liverpool Sunday School association, together with the superintendents of the various Sunday schools of the city, was held at the Y. M. C. A. last evening. The purpose of the meeting was the selection of a date for holding the convention and the arrangement of a program to be carried out.

After discussing the advisability of holding the convention on the various dates which were proposed it was finally settled to fix Sunday, November 30, as the day, the hours to be occupied in the work of the session being from 2:30 to 3:45 p. m.

In Our West Window we are Showing Pictures.

All are unframed, save the center piece, a magnificent Marine scene in water colors. This is framed in a florentine gilt moulding, with gold concave mat in a manner to best bring out the fine points of the picture.

It is by Arthur Chester, the English Artist, so well and favorably known here, and whose representatives we are.

Several other choice scenes of his are also shown, bits of English landscape, etc., all true to life, as Mr. Chester only paints from nature.

A number of American artists are represented by large Water Colors, Landscapes, Marine and Shore scenes.

In the foreground are a number of dainty Photo groups of famous men. Facing the rotunda is a large Photogravure of Edward VII, one of the best we ever saw.

Several productions of fruit pictures are shown, so natural in colorings that your mouth waters as you look.

Scattered through the display are other reproductions, some in colors, some in black and white. Some comic, some otherwise.

Animals, life-like in appearance. Chickens under conditions which are comic. A quaint character who looks as though he has seen better days.

Altogether the display is one to attract attention and worthy a visit. But large and varied as it is, it is only a representation of our Art Department. Your inspection would be but partial if you stop without visiting the main display on the second floor.

A visit to The Big Store would not be complete without it. In fact, our Art Room is one of the places of interest in the city. Especially during this our Anniversary Month.

ANOTHER EVENING TRAIN

Petition to the Panhandle to Run the 6 O'clock Train Through to Chester.

A petition has been signed and sent to the officials of the Panhandle railroad, asking them to run the evening passenger train, which comes to New Cumberland at 6 p. m., on to Chester and return. The service is being urged by Thomas W. Price, manager of the Chelsea pottery, New Cumberland.

In the petition there were 18 names signed of those who will patronize the evening train as passengers daily. A large number of the employes at the Chelsea pottery reside in East Liverpool and go back and forth to work. Chester citizens are also elated over the prospect of evening train service.

NEW CATHOLIC CHURCH

Site For It Has Been Purchased In Chester At a Cost of $1,600.

Officers of the Catholic church organization, which was formed a few days ago in Chester, bought three lots on the corner of Fourth street and Indiana avenue yesterday. The consideration was $1,600, of which $600 was paid for the corner lot and $500 each for the others.

The church will proceed to erect an edifice on these lots as soon as practicable.

SCALDED TO DEATH

Brother-in-Law of Chester Man Meets a Horrible Fate at Braddock.

Ed Jones, of Carolina avenue, received the news last evening that his brother-in-law, John McKimm, was scalded to death in the Braddock wire mill. He, with his aunt, Mrs. George W. Parsons, of East Liverpool, went to Pittsburg this morning to attend the funeral of the unfortunate man this afternoon at 2 o'clock.

Mayor Shrader's Conservatory.

Mayor John Shrader's new green house on the river front, near his residence, is fast nearing completion. When finished it will be a beautiful place. It will be heated by a furnace which will be underground at one end of the building. About 1,200 lights were used on the roof of the main shed.

A Pleasant Party.

A pleasant party was given at the home of Mr. and Mrs. Clarence Green last night on Phoenix avenue, Chester. The company was composed of East Liverpool and Chester young people. Dancing was indulged in and a fine time was enjoyed by all present.

Instruction in Dancing.

Manager Maxwell, of Rock Springs park, is considering the matter of employing a first-class man to teach dancing and physical culture at the park pavilion during the winter months. The plan no doubt will meet with success.

CHESTER NOTES.

W. H. Ellis, of Wheeling, was in Chester on business yesterday.

Joe Brunson's new residence on Montana avenue is almost completed.

Rev. Mr. Dimmitt, of the New Cumberland M. P. church, was in Chester yesterday evening.

Miss Ellen Williams, of Oak Run, Poe district, was calling in Chester yesterday afternoon.

The Knights of the Golden Eagle of Chester meet tonight and five new members will be initiated.

A large number of Chester people are attending the funeral of Charles B. Allison this afternoon.

R. G. Mercer left yesterday on a trip through Pennsylvania to purchase a lot of poultry for Thanksgiving.

Ground was broken yesterday morning for the handsome new residence of Reese Marshall on Adolphus street. A. O. Crail has the contract.

O. O. Allison went to New Cumberland last night and from there he went to Wheeling this morning to consult a specialist concerning his eyes.

Several cars of brick were put on the First street siding this morning and are being unloaded and distributed along the line of paving on Virginia avenue today.

MAN WITH MONEY TALKED OF MURDER

Terrible Threats Uttered by a Stranger in a Barber Shop Yesterday.

DETERMINED ON REVENCE

Upon His Wife, Who, He Said, Had Tried to Poison Him And Caused Him Much Woe — Going to Pittsburg to Execute His Threats.

If a man that was in East Liverpool for a few hours yesterday carries out his announced intentions, Pittsburg will be the scene of one of the most atrocious and cowardly deeds perpetrated in this section of the country for some months.

The man may have been suffering with dementia, but his actions did not exactly warrant the suspicion, he talking in an apparent rational manner and seeming to be well aware of everything he said and not in the least afraid of some official overhearing his remarks. He strolled into Danley's barber shop under Mrs. A. V. Thompson's grocery store, Fourth and Washington streets, yesterday afternoon and asked which chair he must take in order to get shaved. He was assigned the chair over which Charles Mardis presides. For a moment the stranger did not utter a word, but very suddenly he opened up and before he had finished his declaration every man in the barber shop was looking toward some easy place of exit.

"You men, I expect, think that I am a common tramp, after taking a look at my general appearance," said the man. "But I want to tell you right here that I am not. I will admit that I look it, but that is simply because I choose to look that way. I have a good idea in it. Before the end of this week I am going to commit a foul murder. I am going to Pittsburg this evening and when I meet the woman that has made my life one of misery for the past four years I am going to shoot her down in cold blood. If I meet her on Smithfield street tonight the police of that city will have me behind the bars a few minutes later. Four years ago she gave me gradually two boxes of rough on rats and since that time I have suffered untold misery. I have been in all parts of the United States in that time.

"I have been in asylums, jails and workhouses. And it is all due to the poison my wife gave me. I have hunted her for nearly a year and just the other day I learned that she was living with another man in Pittsburg. I never was a desperate man, but I can be. I would not stop at the bloodiest kind of murder."

While talking the man twitched nervously and several times Mardis and Danley came near leaving the shop. When Mardis finished shaving him the man picked up his slouch hat and started out, saying that no one in this city would dare arrest him, and even if they did he had papers in his pocket which would gain his immediate release. The strange character was of excellent physique, weighing about 180 pounds and five feet nine inches in height. He wore a dirty green suit of clothes, and the strangest thing in his connection was the fact of his carrying a big roll of bills. Mardis says that he had at least $300 in his pocket and that he displayed it several times.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 739 Hull Building, Detroit, Mich., and they will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail show what men think of their generosity.

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

MOLINEUX TRIAL.

Most Expensive Case of Kind Ever Held Under English Jury System.

New York, Nov. 13.—It has been estimated the trial of Roland B. Molineux has cost more than any other for a capital offense in any country where the English system of jurisprudence is in vogue. The cost to the county of New York in the first trial amounted to $250,000. This was expended in various directions largely in fees for handwriting experts who were brought from distant states, and for detectives who endeavored to trace Molineux's movements from his fifteenth birthday to the time of his arrest.

The defense expended about $75,000 in the urst trial, and it is estimated that the total on both sides for the two hearings will foot up nearly $500,000.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

OPERATORS' ANSWERS

General Denial of and Disagreement With Contentions of President John Mitchell.

BITTERLY ARRAIGN THE MINERS.

All Strongly Opposed to Advance In Wages and Reduction of Working Hours—Say Strikers Were Encouraged by Leaders to Violence.

Scranton, Pa., Nov. 13.—The answer of the independent operators of the Lackawanna and Wyoming region to the statement of President Mitchell, of the Mine Workers, was made public last night.

As in the other operators' answers the miners' statement is taken up and discussed seriatim.

In response to the demand for an increase in wages they say that the present wages are such as to enable the diligent and skillful miners to earn more per hour than any class of labor, skilled or unskilled, in the towns in which their mines are located and amply sufficient to allow him not only to maintain an American standard of living and educate his children, but to lay aside something for his old age. That some miners' wages are small, it is stated, is because they choose to exercise their option to work only a few hours a day.

In answer to the contention that mining is extremely dangerous and unhealthy and tends to shorten life, the independents set forth a petition recently circulated in the interests of a candidate for mine inspector, which contained the names of 95 employes of one mine, 66 of whom had worked in the mine for 20 years or more, and 20 for 40 years or more and 5 for 50 years or more.

The demand for the weighing of coal and payment by the legal ton of 2,000 pounds, instead of by the fictitious ton of 2,750 or 3,000 pounds, is characterized as a thinly disguised effort to secure a 40 per cent increase in wages. Twenty-seven hundred and fifty pounds of coal as it comes from the mine is barely sufficient, it is asserted, to produce a 2,240-pound ton of prepared coal.

Regarding the declaration of the miners that labor unions improve the morals and discipline of their members, this comment is made:

"This may be true when applied to some organizations, but when applied to the miners' union we enter a most emphatic denial and propose to introduce evidence showing that prior to the advent of the United Mine Workers of America it was considered bad form to kill or maim a citizen who attempted to exercise his constitutional rights to sell his labor, and that the vast number of brutal murders and beatings during the last five months show that the teachings of the United Mine Workers has brought about such moral obliquity that its members believed themselves justified in these acts, also that officers of the union justified this course by furnishing bail and counsel for those who have been guilty of these atrocious acts. We believe we will be able to prove such tremendous losses of life and money as the direct results of the methods of this particular union as to convince your honorable commission that it is inexpedient to do any act which may contribute to its continued existence."

American Bankers.

New Orleans, Nov. 13.—The attitude of the American Bankers' association towards the currency question was fixed yesterday. No decisive stand was taken on the questions of assets currency of branch banking, it being considered unwise to act until a solution of the questions shall have been evolved, but provision was made for the appointment of a committee to consider carefully the entire subject and to report at the next meeting. All the important business has been concluded except the election of officers.

President on Bear Hunt.

Cincinnati, Nov. 13.—President Roosevelt was speeding down through Kentucky last night, on his way to Smedes, Miss., about 25 miles north of Vicksburg, for a four-days' bear hunt. The president's trip across Ohio yesterday was pleasant, but uneventful. Despite the fact that the itinerary had not been published in advance, crowds were waiting at almost all the stations, and there was plenty of cheers as the train swept by. The train reached Memphis at 9:30 this morning.

Cleared For Galveston.

Toledo, O., Nov. 13.—The new steel tank steamer Toledo, built by the Craig Ship Building company, of this city, for the Sun company, of Pittsburg, cleared direct for Galveston, Texas, yesterday, to engage in carrying crude oil from the Beaumont field to the Sun company's refinery of Philadelphia. The steamer has a capacity of 1,000,000 barrels.

Dr. Mason Dead.

Toledo, O., Nov. 13.—Dr. A. G. Mason, secretary of the National Bee Keepers' association, and a well-known writer on the subject of bee culture, is dead, in this city. He was 74 years of age, and has been in failing health for some time.

To Make Red Cheeks

A little red, a little white, delicately blended. That's one way. Here's a better:

Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure.

Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.

When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

Blood Wine Cures It Instantly

"Blood Wine" will sweeten a sour stomach almost the second it touches it. It will stop the rising of gases, froth, sour or greasy juices, will overcome a feeling of nausea or emptiness, or as if a rock were lodged in the stomach. It will tone up the stomach and digestive organs and arouse the liver and bowels to healthy action. I have seen a man who suffered with dyspepsia for years, who couldn't eat anything without pain, sit down to a meal of baked beans and pork after he had taken two bottles of "Blood Wine," eat hearty, and get up from the table without the slightest suggestion of any discomfort. In his case the two bottles had entirely cured him. "Blood Wine" has cured some mighty obstinate cases of indigestion. Several people who have had to live on bread and milk and gruels, have been cured, while tens of thousands of ordinary cases have been entirely cured in from one to six weeks. Mr. Benj. Sunnenberg of 202 W. 43rd Street, New York:

"Through long suffering with dyspepsia I was greatly run down. I took my meals with difficulty, and nothing would digest without causing me pain. 'Blood Wine' was recommended to me and I took four bottles. It cured me, and I am now entirely well."

Mrs. Elizabeth Marsh of 22 Isabella Street, Boston, had a trying time:

"I suffered for years with dyspepsia. At times it seemed as if the pain would kill me. Even broth made me suffer. After taking numerous other medicines I started on 'Blood Wine.' I took several bottles and was cured. I am entirely free from pain now, and eat anything."

If you have stomach trouble don't give up until you try "Blood Wine." Have your blood examined and learn exactly what is the matter. By sending your name to the Louis Daudelin Co., Worcester, Mass., you can have this done by an expert, free of charge.

"Blood Wine" costs fifty cents a bottle.

BOXERS AGAIN UPRISE

The Kotishui, a New Secret Society, Have Joined the Rebel Movement.

MASSACRED 1,700 CONVERTS.

Fanatics Entered Cheng-Tu, but Were Driven From the City With Heavy Loss, and 11, Including a Woman, Were Captured and Beheaded.

Victoria, B. C., Nov. 13.—Mail advices from South China report a recrudescence of the rebellion in Kwang Si, some time ago reported to have been suppressed. The rebels captured Hochinchok, in Chin-Wan-Fu, secured the sub-prefect and placed him in his own prison. After pillaging this place they attacked and took Lin Chu Fu, a prefectural city. Large numbers of the Kotishui, a new secret society, which is both anti-foreign and anti-dynastic, have joined the rebel movement. The rebels are singularly supplied by caravans, which cross the adjacent French and Portuguese territory with arms and war ammunition. Two Chinese cruisers, the Whan Gai and King Ching, left Canton shortly prior to the departure of the steamer Empress of China from Hong Kong, with over a thousand men to reinforce the imperial forces.

In SzeChuan the Boxer movement still progresses. The Boxers have plundered all the villages between Sze-Chuan and Cheng-Lu and in one place massacred 1,700 Catholic converts. When the last advices were received at Shanghai from Cheng-Tu-Yanghse, it was besieged by Boxers and the gates of several cities nearby were kept closed. On Oct 1 two parties of Boxers entered Cheng-Tu, flourished knives and waved Boxer flags. The people were panic-stricken and fled in confusion, but the prompt arrival of the garrison resulted in the Boxers being driven from the city with heavy loss and 11, including a woman, looked upon as a prophetess, were captured and beheaded in front of one of the Yamens.

A proclamation has been posted at Cheng-Tu offering 10 taels for the head of each Boxer captured within the city.

MAY BE RETIRED ON HALF PAY.

Commission of Physicians to Examine Condition of Superior Court Judge John J. Mitchell.

Harrisburg, Nov. 13.—Governor Stone yesterday appointed Dr. J. V. Shoemaker, of Philadelphia; Dr. A. J. Connell, of Scranton, and Dr. M. L. Bacon, of Wellsboro, the family physician of Superior Court Judge John I. Mitchell, of Wellsboro, to examine and report on his condition, he being unable to perform his judicial duties. This commission will make report to the governor, and if it finds that Judge Mitchell is incapacitated from serving on the bench then the judge can be retired on half pay for the balance of his term. Judges of the superior court are paid a salary of $7,500 per annum, and on Judge Mitchell's retirement he would get $3,750 per annum for the next seven years, he having gone on the bench January, 1900.

Governor Stone will appoint a successor to Justice Mitchell if he shall retire, who will serve until January, 1904.

Improvement Association Adjourns.

Parkersburg, W. Va., Nov. 13.—Evansville, Ind., gets the next meeting of the Ohio Valley Improvement association. The association adjourned yesterday, after a most successful meeting. Resolutions were adopted as prepared last Tuesday night favoring immediate action on the part of congress to bring the Ohio river to a nine-foot stage by the construction of locks and dams. The old officers were re-elected—J. I. Vance, president; E. P. Wilson, secretary, and J. D. Parker, treasurer. The twelve hundred delegates returned home yesterday afternoon. A large fund was raised to promote the interests of the association.

We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. E. Cingmars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and, after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

Dr. Pierce's Pellets cure biliousness and sick headache.

THE NEW YORK STOCK MARKET.

Transactions Over a Million Shares In a Remarkably Feverish and Irregular Session.

New York, Nov. 13.—Transactions in stocks ran well over a million shares again yesterday in a remarkably feverish and irregular market. There was a further threatening break yesterday morning, which was not unnatural, in view of the rapid decline in progress at the close of Tuesday's market. By the end of the first hour the selling had been brought almost to a standstill, and substantial recoveries were established all through the list.

Upon the first recovery, after a temporary pause, attempts were made to renew the advance, but the selling increased at the higher level and prices fell back again.

Money showed a rather easier tone and New York exchange at Chicago rose again to par, but sterling exchange was firmly held again, and it was considered possible up to late in the day that gold might go out on today's steamer for France. The market closed without any announcement being made of a gold engagement.

Bonds were not as well supported as stocks and were rather weak throughout. Total sales, par value $4,480,000.

United States bonds were all unchanged on the last call.

Reappearance of Cholera.

Manila, Nov. 13.—Cholera made its appearance Tuesday among the men of a detachment of the Fifth infantry, which is stationed here. Seven men have already died and a number of others are seriously ill. The detachment in question had been placed on duty along the Maraquina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty. It was believed that cholera had entirely disappeared from Manila, and its reappearance has created feelings of apprehension.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

ITALY TAKES UP CASE

Arrest of Composer Mascagni Will Likely Cause International Complications.

APPEALED TO ITALIAN PREMIER.

Signor Prinetti, Minister of Foreign Affairs, Awaits Report From Embassy at Washington Before Acting In the Matter.

Rome, Nov. 13.—According to the Tribuna, Italy purposes to make an international matter of the arrest in Boston, Mass., of Mascagni. The Tribuna yesterday said:

"Mascagni has telegraphed Premier Zanardelli, requesting the intervention of the Italian government to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Zanardelli replied to the musician, assuring him of the interest taken in his case by the government and informing him that he would request Signor Prinetti, minister of foreign affairs, to take up the matter. Signor Prinetti immediately took up Mascagni's case."

Signor Prinetti is awaiting the receipt of a report from the Italian embassy at Washington before acting in the affair. United States Ambassador Meyer has not been asked for an explanation, although he dined with members of the foreign office Tuesday night.

The charge of apathy brought by Mascagni against the Italian consul at Boston is regarded here as without justification and an outcome of the musician's ignorance of the fact that an Italian in the United States is entirely subject to American laws.

CUBAN RECIPROCITY TREATY.

Shortage of Foreign Sugar Crops Makes Cubans Unwilling to Accept Small Increase.

Washington, Nov. 13.—An important conference on the Cuban reciprocity treaty was held at the war department yesterday, the participants being Secretary Hay, Secretary Root and General Tasker Bliss. Mr. Bliss was called in at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff.

The draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana has not left that city.

It is known that the cardinal objection of President Palma to the treaty as it stands is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States, and Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon the support of congress next session when the treaty is submitted. So far, his advices do not favor any increase of the rebates.

It is understood that the Cubans, too, are entirely unwilling to accept any small increase. In the face of a great shortage in the European crop and a rapidly rising market, they have acquired confidence in their ability to get along for an indefinite time without reciprocity with the United States.

Secretary Hay has decided that General Bliss shall be sent at once to Cuban to investigate the industrial situation and the fiscal possibilities of the island, so it is improbable that, pending his return, the state department can advance the treaty negotiations in any way.

American Seaman Killed.

Panama, Nov. 13.—The first American casualties as a result of the revolution occurred Tuesday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. When found the rebels opened fire, killing the government ship's armorer, Richard Kane, of Washington, and wounding George Walker, who was shot through the legs. A seaman named Clark and Lieutenant Vasquez were also wounded, but not seriously. The Bogota and Chucuito then opened fire on the enemy and killed every man in sight. Gunner Cross, of the Bogota, thinks that from 40 to 50 rebels were killed.

Expression of Good Will.

St. Petersburg, Nov. 13.—Ambassador Tower, recently transferred to Berlin, and Mrs. Tower, left here today by a special car attached to the Sebastopol express and placed at their disposition by Prince Chilkoff, minister of ways and communications, on their way to Livadia, where the czar has invited Mrs. Tower to call on him. This is a special distinction. This action has caused much comment and is generally construed and intended to be an expression of the czar's personal feelings towards the United States and its retiring ambassador.

Eagles Banquet.

SOCIAL EVENTS

MRS. FREDERICK'S PARTY

In Honor of Miss Huston Was Largely Attended And Most Enjoyable.

Mrs. N. A. Frederick very pleasantly entertained 50 of her friends yesterday afternoon, in honor of Miss Euphemia Boyce Huston. The ladies during the fore part of the afternoon plied their fingers at fancy work, after which each one was given a card upon which to make out a "country bill of fare."

Miss Anna Myers had the best country delicacies in her bill of fare, and was given first prize, which was a beautiful large bouquet of chrysanthemums. The consolation prize, which was a dainty box of chocolates, was awarded to Mrs. George P. Ikirt. Later in the afternoon choice refreshments were served. In the dining room presided Misses Anna Myers and Lucille Jones and Master Frederick Toot.

The hostess was assisted by her daughter, Mrs. Toot, and her guest, Miss Huston, of St. Paul, Minn. The cordial hospitality of the hostess, as well as the pleasure of meeting an old friend and teacher who was beloved by all in this city when she lived here, made it an afternoon long to be remembered.

A YOUTHFUL HOSTESS

Delightfully Entertains Young Friends in Honor of Her Birthday.

In honor of her eleventa birthday Miss Anna Collins, the charming daughter of Mr. and Mrs. Thomas Collins, of East Market street, entertained in a delightful manner 20 of her young friends last evening. The home was prettily decorated with flowers, the predominating colors being pink and white. After an evening of unalloyed pleasure at games the happy crowd of young people were seated at a table laden with choice refection.

The evening as a whole was very enjoyable, and when the party disbanded for their homes nothing but words of highest compliment were spoken of Miss Collins as an entertainer.

Young People's Social.

The Young People's Christian association of the First Presbyterian church will give a social tomorrow evening in order that they may become better acquainted with their new members. Heretofore these socials have been marked by success, and it is believed that this event will also be much enjoyed. Preparations are being made for a musical and literary program, after which refreshments will be served.

McGraine-Hanselman.

William Hanselman and Miss Mamie McGraine went to Steubenville yesterday morning and after procuring a license were married at the First Presbyterian parsonage by Rev. S. L. Boston. They returned in the afternoon and will make their home at 136 Third street. The young lady came here 10 days ago from Homestead, Pa., where she has a wide circle of friends. Mr. Hanselman is a popular young man.

en for citizens to join the association and show their interest in its work.

Dr. R. J. Marshall was very favorably impressed with the earnestness displayed by the delegates at the convention, and thinks that much good is being accomplished. "The membership of the association, I believe, is much too small to catch the politicians," he said, "and I suggested to a member of the executive committee that provisions be made for starting local societies in every town along the waterway. This would bring thousands and thousands of additional people into the movement, and when the time comes to petition congress we will not be sneered at or ignored."

"One of the most pleasing and noticeable features of the great convention," said Mr. W. L. Thompson this morning, "was the absolute refraining on the part of all from working in the interest of any faction, political or otherwise. The one thought of the masses was the ultimate improvement of the mammoth waterway. Every speech and every suggestion was in favor of the project. Never before, I am quite sure, did that body of men realize what a stupendous movement had been inaugurated.

"The object of the meeting was to form decisive plans by which the work will be completed. I think that no man left the convention unaware of the steps that must be taken. With such men as Colonel John L. Vance, president of the Ohio River Improvement association, and General Charles H. Grosvenor, one of the brightest men that ever spoke in the halls of congress, present, both presenting the the question in all its forms, how could the convention adjourn without being thoroughly famliar with every point?

"Colonel Vance displayed wonderful ability in his engineering of the meeting. Everything passed off smoothly and to the satisfaction of all. General Grosvenor advised the convention to arrange for the appointment of a committee and that the committee be instructed to make a personal visit to the president. He felt confident that the wishes of the convention would be heeded by congress, but thought it best not to be too hasty in the presentation of the request. Having had many years experience among the congressmen, General Grosvenor was in a position to ably state the probable action on the matter. He advised that the appropriation for $60,000,000 be not asked for until another year elapses. The next session of congress will be a short one and he thought action might be deferred if presented.

"Most of the appropriations granted by congress are recommended by a committee and there is not a stronger committee in congress than the rivers and harbors. This committee, General Grosvenor was positive, would look upon the matter favorably and it is likely that the request will be laid in their hands.

"The only contention apparent at the meeting was raised as a result of a request on the part of a few delegates sent from towns and cities bordering on the smaller rivers which empty into the Ohio. They wanted the convention to pass a resolution recommending that the tributaries be locked and dammed before work was commenced on the main water way. The convention would not stand for such a proposition and the request was coldly turned down.

"The East Liverpool delegation was treated most courteously. We were all recognized as representing one of the most flourishing districts in the valley, and more so when Congressman Tayler delivered his masterly speech. He impressed on the minds of the convention the congested state of affairs existing in this district and I know that his words carried with them much weight."

19TH YEAR. NO. 269. EAST LIVERPOOL, O., THURSDAY, NOVEMBER 13, 1902. TWO CENTS.

SATISFIED WITH THE WORK OF THE CONVENTION HELD BY THE RIVER CHAMPIONS

Local Delegates Believe the Movement For All-the-Year Navigation Has Received a Great Impetus.

The members of the East Liverpool delegation to the Parkersburg river convention, Postmaster W. H. Surles, W. E. Wells, Dr. R. J. Marshall, Prof. W. L. Thompson, Colonel John N. Taylor and W. L. Smith, who were also accompanied by Congressman R. W. Tayler and Wharfmaster Gus Martindill, with the exception of Mr. Surles, have all returned to their homes, and are enthusiastic over the work of the convention and of the prospects of success for the "On to Cairo" movement.

Colonel Taylor is very much pleased with the work of the convention. He said that not only representatives of towns bordering the Ohio river were there, but representatives of interior districts were there also.

The association would have to have money to keep the organization moving and wished to raise $25,000 by subscription. It would not be much from each one. The subscription has been started and met with marked success at the meeting. The work proposed along the Ohio would not be beneficial to any particular city alone but to all the valley alike.

One thing Colonel Taylor was pleased with was the splendid and courteous manner in which the East Liverpool delegation was entertained by Parkersburg people. He said the city was amply able to take care of large crowds and had elegant hotel accommodations.

W. E. Wells regretted that so few of the upper Ohio towns were represented. Considering the interest and importance of the work projected, he thought every town along the river should have sent a delegation of its strongest men. The success of the movement will depend much upon the influence the people are able to bring to bear upon their congressmen to vote and work for the scheme. East Liverpool now has membership in the river improvement association for the first time. The membership fee is but $5 a year, and Mr. Wells thought this city ought to have at least a hundred members. An opportunity will be giv

IMPORTANT BOARD UNDER NEW CODE

Public Service Department Will Be One of Most Potential in the City.

ITS DUTIES ARE MANIFOLD

The Members Will Be Elected, Serve For Three Years, Making Rules For Their Own Guidance—All Sorts of Tasks to Look After.

There will be no more important department for council to regulate under the new code than that of the board of public service.

At the meeting of the council Tuesday night a committee composed of George Peach, Criss McConnell and Hugh Johnston was appointed to take up the task of providing for the formation and conduct of the department as it will be run in East Liverpool. The work of the committee will be arduous and will undoubtedly occupy the spare time of the members from now until the time limit expires January 1.

As has been stated heretofore the board will be composed of three members, to be elected by the people. They shall be elected for a term of three years, and shall serve until their successors are elected and qualified. They are required to have been residents of the city in which they serve as a member of the board of public service for at least three years next preceding their election. They shall make their own rules and all regulations for the administration of affairs under their supervision.

This last clause in the law will relieve the committee of many duties which would otherwise have devolved upon it. The law says the board shall be the chief executive authority of the city and the departments now under its control—duties which have been looked after by at least four committees of council in addition to a large number of paid officials—are as follows:

Repair and improvement of streets, avenues, alleys, lands, lanes, squares, wharves, docks, landings, market houses, bridges, viaducts, sidewalks, sewers, drains, ditches, culverts, ship channels, streams and water courses; the lighting, sprinkling and cleaning of all public places, and the construction of all public works, municipal water, lighting and heating plants, parks, baths, cemeteries, crematories, sewage disposal plants and farms as well as all public buildings and other public property not provided for.

The duty of the department of public service includes the task of looking after the platting of all new additions which the council may see fit to lay out.

In the making of contracts or purchasing supplies or material the board is limited to an expenditure not exceeding $500. When an expenditure runs over that, unless it be in the matter of salaries of persons employed by it, the appropriation must be made by ordinance of council. In the latter instance the work shall be let to the lowest and best bidder, after 10 days' advertisement. In fact, the new law in this regard is almost identical with that under which this city now works, excepting that the board of public service opens bids and lets contracts instead of the council as at present.

No resolution or order shall be adopted unless two of the three members of the board shall have voted in favor. The law provides further that no director of public service, or officer or employe of the board shall be interested in any contract under its supervision.

The board is required to employ such superintendents, inspectors, engineers, harbor masters, clerks, laborers as may be necessary for the execution of its powers and duties.

The law says that the board shall fix the compensation and bonds of all persons employed by the board, and none shall be removed except for cause satisfactory to a majority of the members of the board.

The salaries of the members of the board itself are to be fixed by the council, and it is probable the committee will make a recommendation of some sort to the council.

It is the opinion of many of the city officials that the board of public service will necessarily devote their entire time to the duties of the office, and that, since they must be men of many qualifications, a good salary will be paid, at least sufficient to justify them in looking after the position in a manner satisfactory to the administration and the citizens generally.

DISPUTE OVER A DEAL

Transfer of Real Estate Which Court Is Asked to Annul.

Lisbon, November 13.—(Special.)—Common pleas court resumed this morning. The case of Joseph Faloon, of Hanoverton, against Samuel Burson, a Hanoverton druggist, is being heard today. Faloon asks that a transfer of real estate be made, he having deeded a piece of real estate in Hanoverton for 320 acres of Missouri land.

The property transferred by Faloon was valued at $3,000, and when the deal was made the Missouri real estate was represented to be worth as much or more, but since then Faloon alleges to have learned the Missouri realty is not worth anything. Burson is said to have misrepresented. Plaintiff asks that the transaction be set aside. Judge P. M. Smith, of Wellsville, and Attorney J. J. Grant, of Canton, represents the plaintiff, and Billingsley, Tayler & Clark the defendant.

NEW OFFICERS TO BE CHOSEN

Meeting of Pittsburg, Lisbon and Western Railroad Stockholders Tomorrow.

FINANCES OF THE CONCERN

Neff Municipal Code Effective Saturday—Status of Cities And Villages to Be Proclaimed By Secretary of State—President's Visit.

From a Staff Correspondent.

Columbus, November 13.—The consolidation agreement between the Pittsburg, Lisbon & Western Railroad company and the Shenango & Beaver Valley Railroad company, filed with the secretary of state, states that the stockholders will meet at Lisbon on Friday, November 14, and elect new officers and directors. The present officers and directors are: President, N. B. Billingsley, Lisbon; secretary, R. W. Tayler, Lisbon; treasurer, James I. Kernagahan, New York city; N. B. Billingsley, William S. Alley, New York city; George B. Harvey, Lisbon; James I. Kernagahan, J. W. Clark; Lisbon; John Slade, New York city; Ira F. Mansfield, Beaver; C. H. Aikens, New Castle.

The principal offices of the company will be at Lisbon and New Castle. The capital stock of $5,000,000 will be apportioned on a new basis among the stockholders. Bonds will be issued to cover expenditures for additional rolling stock and equipment, which are not to exceed $10,000 per mile of completed railroad. A mortgage or trust deed has already been executed and delivered to the Bowling Green Trust company of New York, on the property for the purpose of securing payment of principal and interest on the mortgage bonds. Bonds have been issued in the sum of $1,012,000. The meetings for the election of officers and directors will be held on the first Tuesday of October of each year. The company paid a fee of $5,000 to the secretary of state.

Ohio's new municipal code law becomes effective on Saturday, November 15. The secretary of state will issue a proclamation defining the status of municipalities, that is, denominating the class they are in—city or village. Later he will issue a certified copy of the code to all mayors of all municipalities, who will transmit it to councils. One of the first matters to be taken up by that body will be the redistricting of the city. Present councile are charged with many important duties under the new code, one in particular being the fixing of the compensation of the officers of the new regime.

Thousands greeted President Roosevelt during his brief stop in Columbus yesterday afternoon. Fifteen minutes were spent here to change engines. The president, accompanied by Secretary Cortelyou, mingled with the limited number of persons who were permitted to pass through the station gates, chatting and shaking hands. The crowd behind the railings gave the president a strenuous ovation. He responded to the greeting in a way that was democratic simplicity itself. He laughed and joked unaffectedly and seemed the picture of fine health.

It was the privilege of the correspondent of this paper to shake the hand of President Roosevelt and hold a minute's conversation with him. He was on his way south on a hunting expedition.

SEVENTEEN CASES WERE PASSED UPON

Circuit Court Adjourns After Handing Down a Number of Decisions.

THE LOWER COURT UPHELD

In the Case of Wellsville vs. Margaret Snyder—Stay Granted in the Conser-Figley Ouster Proceedings. Pest House Injunction.

Lisbon, November 13.—(Special)—Circuit court adjourned yesterday afternoon. Seventeen cases were disposed of, five of Judge Hole's decisions being sustained and three reversed, and one from Judge Smith's incumbency sustained. Four cases were settled and four continued, leaving only four cases on the docket.

The last case disposed of was that of the trustees of Youngstown township against the city of Youngstown, which came up on appeal from the court of Judge Robinson in Youngstown. A temporary injunction against the city's smallpox pest house was allowed to be effective until March 17, 1903, when the court expects to conclude its next session.

The verdict of the lower court was affirmed in the case of the city of Wellsville against Margaret Snyder. Mrs. Snyder had been given a verdict of $50 in a suit against the city of damages to her property from a change of grade on Third street. Judges Laubie and Cook sustained the finding of the lower court, and Judge Burrows dissented on the ground that the verdict was against the evidence and common sense.

In the case of Giles McGregor, executor of the late John McGregor's estate, against C. E. Smith, ex-county treasurer, which came up on a charge of error, the charge was sustained and the case remanded for re-trial. It was held that the lower court had erred in the charge to the jury. Action was brought by Treasurer Smith originally to collect delinquent taxes.

The finding of the lower court in the case of George Hannum against Andrew McGaffick, which was brought up on error, was sustained. McGaffick rented Hannum's farm in April, 1901, and a few months later Hannum brought action to displace him, having become dissatisfied with McGaffick's management of the place. When McGaffick vacated a disagreement arose as to the division of the crops.

The lower court was also upheld in the case of Adolph Herter against Owen Smith, which came up on error. Smith in the initial action sought to recover a remaining sum, held by him to be due on the sale of some East Liverpool real estate. In common pleas court judgment for $846 was rendered in favor of Smith.

The common pleas verdict in the case of Reason Barnes against Charles Stram, was reversed. A dispute over the use by Barnes and others of a right of way through the Stram farm in Hanover township as the only way of reaching the public highway, brought the parties into court.

Barnes may use the road across the farm, which was established as early as 1827, but he must keep the gates in repair.

At the request of Attorney J. A. Martin, the court granted a stay in the ouster proceedings of Figley against Conser to give the defendant time to get the case into supreme court.

In the case of the Big Vein Coal company, of Salineville, against Wesley Wright, the lower court was reversed on an error in the charge of the court only, according to Judge Burrow's decision.

While in the company's employ Wright was badly hurt by falling into a pit where some bull wheels were in operation, and it was alleged in his damage suit for $10,000 that the board which broke and let him into the pit was an insufficient covering. He was awarded the sum of $1,941. The court was inclined to sustain the lower court, a recent decision of the supreme court being the only consideration in reversing the case. The supreme court decision held that an employe should be conclusively responsible for all dangers open for observation.

SERIOUS FIRE IN THE HOME OF AN INFIRM OLD COUPLE

An alarm of fire called the department from central station this morning at about 9:30 o'clock to the home of Mr. and Mrs. Michael McKinnon on Second street, below Jefferson. From every crevice, door and window smoke was pouring by the time the firemen arrived on the scene. The house appearing very much as if doomed, the laddies at first thought of turning on the big hose, but a closer examination resulted in the application of chemicals and a small garden hose. For almost an hour they fought with the small blaze and when every spark was finally extinguished the home had suffered considerable loss.

In extent the fire amounted to but very little, the majority of the household goods being removed before touched by either fire or water, but under the circumstances it was rather a serious blaze. Mr. McKinnon is aged, infirm and almost totally blind, and his wife is in almost the same condition. The home was a treasure to them, and having no insurance they will suffer deeply.

Fireman George Betteridge was painfully injured during the progress of the fire, a part of the chemical apparatus exploding and striking the palm of his right hand forcibly.

THE RAILROAD COMPANY REALLY MEANS BUSINESS SO LISBON FOLKS THINK

Representatives of the Youngstown and Southern Enlisting Citizens' Aid in Securing Rights of Way.

Lisbon, November 13.—(Special.)—An important meeting of the Lisbon Business Men's association was held last evening. Several matters of public interest were considered and steps taken to aid an enterprise that means much to the entire county.

J. H. Ruhlman and J. E. Long, representatives of the Youngstown & Southern railroad, were present and made a proposition for an extension across Columbiana county of the electric line which is to be built from Youngstown to Columbiana, the extensions to give connection with Salem, Lectonia and East Liverpool, the latter to be reached by way of Lisbon.

They asked that the citizens of Lisbon assist the company in obtaining rights of way for the extension from Columbiana by raising $10,000 for the purpose. A committee was appointed to co-operate with the gentlemen in obtaining a right of way and ascertaining how much money will be required for the purpose.

J. J. Rodgers, Burt Burns and W. S. Potts constitute the committee which will report at the next meeting.

The matter of a centennial celebration in Lisbon next year was taken up and the president was instructed to appoint a committee of nine on invitations.

Lisbon was incorporated in 1803, and is perhaps the second or third incorporation in the state.

A new board of trade was then organized by making all members of the association members of the board, practically merging the two organizations.

The president will appoint a committee of nine to look after the work of the board of trade. It will be named later.

Since it has become apparent that the Youngstown & Southern Railroad company means business, several railroad enterprises have entered the deal with the evident intention of buying up rights of way.

About the most cold-blooded plan is that of Dayton and Cleveland people who are in the field this morning. They are said to be trying to secure options under an agreement to make a survey within a year.

LARCENY OF A BUGGY

Charged Against a Junk Dealer, Who Pleads Guilty And Is Fined.

Charged with malicious destruction of property amounting to $15 and the stealing of a buggy valued at the same amount, H. Apstein, a local junk dealer, was arraigned before 'Squire McLane this morning. Before he was given a chance to make a plea, however, the first charge was withdrawn and pleading guilty to the second he was fined $1 and costs.

Apstein was arrested by Constable Powell upon warrants sworn to by Robert Watkins. The plaintiff alleged that on or about the 4th day of November Apstein stole a buggy which had been partially demolished by a street car and which was lying in a heap alongside of the road in the East End. After purloining the rig he stated further than the defendant with a hatchet tore the rig into pieces, taking the old iron of which it was constructed.

UNDER A HORSE'S HOOFS

A Small Boy Run Down And Badly Hurt On Minerva Street Last Evening.

A frightful accident occurred last evening on Minerva street when a little boy whose name is known only as Bennet was run down by a horse attached to a buggy and driven by two small boys. The Bennet lad was crossing the street when he saw the horse approaching. The animal taking a sort of a zigzag course, the youngster became confused and before he could jump out of harm's way, the horse had trampled him beneath its feet.

A lady passing ran and carefully picked the injured lad up and had him sent to his home. The reckless youths who had control of the reins refused to convey the boy to his home. The extent of the child's injuries is not known but it is said that the upper part of his body was badly bruised.

Arrested At Opera House.

For acting in a disorderly manner at the opera house last evening John White was arrested by Officer Weaver and taken to the city jail. He was released upon giving $10 as security for his appearance before the mayor this afternoon.

TROUBLE BREWING IN SHANTYTOWN

A Resident Accused of Inhuman Brutality to Wife and Children.

THE WOMAN IN DISTRESS

As Result of Beatings Administered—Took Her Children to Rochester Whence the Father Is Alleged to Have Kidnaped Them.

There is surely going to be trouble in the shantyboat districts. It has been brewing for several days, and is now almost at a point where something will be doing. Yesterday afternoon a woman appeared at the mayor's office and related a long story of how brutally a man by the name of Funkhouser is treating his children. He is the same man that was arrested last week and taken before 'Squire McCarron, who fined him for being disorderly.

The woman alleges that Funkhouser is one of the most brutal men living. She says that he drags his children around with him while he is after drink and that he does not half provide for them. She further stated that his wife is now at Rochester suffering untold agonies as the resullt of the whippings he has administered. She avers that the husband beat beaten her so many times and so viciously that there is not an inch of her body that is without a scar.

The object of the woman's mission was to get the mayor to force him to give up his children. She said that the wife took the children to Rochester last week and that a few days later he went up there and kidnaped them.

THE ACTIVE PROMOTERS

And the Capitalists Who Are Backing the Latest Cross-County Railway.

Salem, November 13.—It is said upon the best authority that the electric line which is being surveyed from this city to East Liverpool and Youngstown is being financed by R. L. Andrews, of Cleveland, and G. E. Long and J. H. Ruhlman, of Youngstown. They are the active promoters, although it is hardly supposed they will furnish the entire amount of capital which will be necessary to build the road.

Another interesting fact is that J. H. Spence, who surveyed the route two years ago, was employed to do the same by Harry G. Folts, the well known promoter, who is now dead. The Folts route will be used most of the way.

WITH THE WORKMEN IN THE CLAY PLANTS

WEST END IMPROVEMENTS.

The new part of the West End pottery is rapidly nearing completion and soon additional improvements will be under way. The new wing, 60x100 feet, will be used for the decorating kilns and the packing shed. The addition of the four new decorating kilns will more than double the capacity of the plant in this department, and the new quarters for the packing department will expediate the work of preparing the ware for shipment. All this is necessary on account of the rapidly increasing business of the plant. Part of the old structure between the new wing and the clay shops has been torn out and it will be replaced soon with a three story brick building that will contain the ware house and decorating department. The latter will be on the third floor and will be given twice the floor space it has now. The shells of the two regular kilns are completed and space has been left to build two more if found necessary. The plant is enjoying an excellent business.

WHEELING COMBINE CHARTER.

A charter was issued at Charleston, W. Va., yesterday to the Wheeling Potteries company, with a capital stock of $1,250,000. The incorporators are Charles W. Franzheim, William A. Isett, J. J. Holloway, W. A. Wilson, W. J. Mays, George K. Wheat, William F. Stifel, Joseph Speidel, William Kirbach, H. E. Franzheim, George Wise and J. A. Miller. The purpose of the company is to manufacture and sell all kinds of utalitarian, sanitary and art pottery wares and all other kinds of clay products, either plain, ornamented or decorated; of purchasing, owning and holding land for mining coal or clay; of drilling for oil, gas or water; of buying, selling and manufacturing barrels, casks, crates, staves, boxes, hoops and all other kinds of cooperage; and of buying and selling timber lands and their products.

GONE TO BARBERTON.

Thomas Parker, a thrower, and Edward Durant and Walter Nickless, casters, have recently secured situations at Barberton and have left here for that city. Parker played right half, Durant left half and Nickless right wing forward on the Rover association football team and their absence will be keenly felt. Captain Hall, of this team is on the sick list and may not be able to play in the game Saturday.

FEAR FOUL PLAY.

The Perry street canal, Trenton, is being dragged for the body of Wm. Megarigle, a dipper in one of the potteries there, and well known among a number of workmen in this city. He has been missing from his home for several days and the members of his family fear that he has been foully dealt with. They have offered a reward for the body if dead and for information that will lead to his whereabouts if alive.

COMING FROM ENGLAND.

James Deville, one of the decorating kilnmen at the Dresden, left this morning for New York to meet Mrs. Deville and two children who are coming over from England to join him. Mrs. Deville is on board the steamer Oceanic which is expected to reach New Yory tomorrow. They will return at once to this city and will go to housekeeping. Several relatives are with Mrs. Deville and will locate in this city.

GOING TO DERRY.

It is reported by his friends that "Shorty" Cochran, one of the jiggermen at the William Brunt pottery, has decided to leave the city. Mr. Cochran is one of the best known clay workers in the East Liverpool district, and his associates are sorry to see him depart. He is reported to have secured a lucrative position at Derry.

AMONG THE POTTERS.

Harry Amos has started at Cartwright's as a presser.

Earle Cochran, a warehouseman at the Dresden, has returned from a visit to Pittsburg.

Claude Gigax, of the decorating department at the K. T. & K., has returned from a visit to his mother at Zanesville.

Miss Tina Capps, of the decorating department at the Dresden, is reported among the sick.

Ennis Coffman, who has been a handle maker at Thompson's, is now a sticker-up on cups.

Jack Mount, of the glost end at Cartwright's, was off several days this week owing to illness.

Ezra Rigby, of the glost kiln crew at Cartwright's, who has been very ill, returned to work this week.

The Dresden shipped a car yesterday morning to Seattle. This plant is working to the fullest capacity.

Leon Shields, who has been a kiln-drawer at the West End, has gone on there as an apprentice kiln hand.

Charles Weaver, Bert Allison and Howard Fife, jiggermen at Cartwright's, were out hunting Tuesday.

Luther Gilbert is a new addition to the kiln crew at the West End pottery. He had been working at Laughlin No. 3.

Charles Ashbaugh, office man at the West End pottery, is spending a week's vacation with relatives at Ravenswood.

Miss Jennie Currans, of the decorating department at the Dresden, has resigned and accepted a situation at Cartwright's.

Elmer McDevitt has taken a situation as boss warehouseman at Cartwright's. He has been working lately at the East Liverpool.

It is reported that Joseph Hurst, of the packing department at the Thompson, has resigned and will return to England in the near future.

George Rigby, foreman of the kiln crews at Cartwright's, was out on a hunting expedition one day this week and came home with a nice lot of game.

George Neal, jiggerman at Cartwright's, was to ill Saturday and Monday to be at work and several stickerups were compelled to lay off until his return.

Harry Suter, of the decorating department at the Dresden, was at Pittsburg yesterday to see "The Sleeping Beauty and the Beast" at the Alvin theater.

G. W. Barrett and William Johnson, of the kiln crew at the West End, left yesterday evening for Cleveland, where they will spend a few days seeing the sights.

John Coleman, sponger for the turners at Cartwright's, fell on the cutting box at the plant Tuesday and sprained his ankle. The injury will lay him up for several days.

SHOWMEN IN TROUBLE

Property of a Company Showing at Salem Attached by Lisbon Man.

Salem, November 13.—Manager Lyman H. Miller, of the Lisbon opera house, arrived in the city accompanied by Constable Chris Bick to attach the baggage and scenery of the "Desperate Chance" company.

Manager Miller claimed damage to the amount of $100 on account of the failure of the company to appear in Lisbon Tuesday night, where it had been booked and advertised to appear. A cash forfeit was put up and the case will be heard at Lisbon.

The show is the celebrated Biddle performance, and it is said canceled its Lisbon date on account of smallpox in that village.

More Surveyors at Work.

Salem, November 13.—Another gang of surveyors consisting of nine men started to work here yesterday. They say they are not working for the proposed Youngstown line. They have been working near Leetonia and, it is thought, are connected with the Pittsburg, Lisbon & Western.

FAMILY DISPUTES

LEAD TO A SUIT FOR PROFANE AND INDECENT LANGUAGE.

Neil Laird And His Wife Charged With the Offense By Their Neighbor.

The culmination of the family rows in the vicinity of the Laird and Reynolds homes on College street will likely occur this evening when Neil Laird and his wife will appear before 'Squire McCarron to answer to a charge of using profane and indecent language.

Michael Reynolds was much angered over the rantings of Laird and his wife at the mayor's office and other courts yesterday and the day before, and last evening, after hearing the revengeful man and his wife give utterance to some very vile epithets he concluded that it was his turn to become conspicuous in a court. Proceedings to the office of 'Squire McCarron he had a warrant issued for the arrest of both.

Constable Powell and Officer Morris were detailed on the hunt of the pair and had some difficulty in locating them. They first went to the Laird home, but the house was vacant and they continued their seach in the central part of the city, finally running on to the couple at the corner of Sixth street and Broadway. They were anxious to have an immediate hearing, but the plaintiff was not ready to furnish witnesses. As a result the case was postponed until this evening at 7 o'clock and the couple were released upon their own recognizance.

After receiving their temporary release they rushed to the office of 'Squire McLane and endeavored to have a warrant issued for the arrest of Reynolds. The 'squires are not accustomed to working for their health and when Laird stated that he could not secure the costs the appeal for a warrant was unheeded.

Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment, and especially valuable for burns, cuts, bruises and sprains. For sale by Alvin H. Bulger, Druggist.

Will Contest.

Cleveland, O., Nov. 13.—William R. Coates, county clerk, who was defeated for re-election to that office by Charles P. Salen, last Tuesday, will contest Mr. Salen's election on the ground that there are gross irregularities in the count, and that instead of being defeated he is elected by about 400 plurality.

EAST END

FOURTEEN INITIATED

Hoyt Court No. 1101, of the Orient Made a Good Start Last Night.

About twenty residents of the East End are wearing broad smiles today over the meeting last night of Hoyt Court, No. 1101, of the Orient. The meeting, of course, is shrouded in the deepest of mystery and all the members refused to have anything to say for publication. Several of those who attended kept their households awake all night with uncontrollable fits of laughter and they were still at it in the morning. From an unofficial source it was learned that there are fourteen new Oriental princes this morning and that there are any number waiting to be initiated. It is likely that the court will have to meet every night to accommodate them. All members of secret societies are eligible, but only five candidates can be initiated in an evening. The officers, bearing mysterious titles, have been selected, but will not be given out to the public.

The team that did the work last night was composed of Captain Terrence, Homer Owens, Dr. W. E. Mowen, Will Kinsey, Howard Moon, Willis Davidson, George Wilson and Frank Flowers.

Seven Houses Quarantined.

Health Officer Burgess was called to the East End this morning to quarantine several houses where scarlet fever has developed. He has now seven houses under quarantine, six of which contain scarlet fever and the other a case of diphtheria. The latter is Mrs. Mason Reed, who lives in Calhoun's addition. Although this case is out of the jurisdiction, Officer Burgess is caring for it for the township trustees. Mrs. Reed is very seriously ill.

Heavy Fog This Morning.

One of the heaviest fogs ever experienced enveloped the East End this morning. At 5 o'clock it was so dense that pedestrians with the greatest difficulty kept on the sidewalk and their thoughts turned instinctively to highwaymen. It was indeed an ideal morning for footpads, but so far as has been learned they did not take advantage of it. The fog also interfered to some extent with the operations of the street cars.

Off For a Hunt.

A formidable hunting expedition left the East End in the fog at an early hour this morning. They were armed to the teeth with the latest patterns of death dealing machinery and were provided with the best trained retrievers in the country. The party is composed of Dr. M. W. Taylor, C. E. Foutts, and Charles Hull, and the scene of their operations is just across the line in Pennsylvania.

No Clue to Highwaymen.

If there is any clue to the identity of the men who waylaid George Culbertson last Monday evening it is not in possession of the East End police. The men have completely disappeared and it is not all likely that they will ever be apprehended unless they continue their nefarious business. Mr. Culbertson is now entirely recovered and at his work again.

RAILROAD BATTLE

PROMISED IN THE NORTHERN PART OF THE COUNTY.

Ft. Wayne Will Contest Lisbon & Western's Right to Cross Its Tracks.

Salem, November 13.—One of the greatest railroad battles in decades will undoubtedly be fought when the Pittsburg, Lisbon & Western railway, a system backed by the Wabash, attempts to cross the main line of the Pittsburg, Ft. Wayne & Chicago railway between Leetonia and Columbiana. The Pennsylvania people will use every device and subterfuge to defeat the designs of its great rival.

Officials of the Pennsylvania have stated that a battle will be fought when the new railroad tries to cross the tracks. Every legal obstable will be brought into play, and if this is not powerful enough to stop the Wabash people, other means will no doubt be tried. The Erie crossed the track of the Ft. Wayne at Leetonia 34 years ago, and since that time there has not been a steam railroad that has crossed the tracks of the Ft. Wayne in this county. In fact there have been but few railroads in the whole state that have crossed the track of this company within the past 20 years.

The Erie and the Ft. Wayne have secured all the business of the northern part of the county for the past half century and the advent of a new rival in the field is enough to give them much concern. The surveyors of of the Pittsburg, Lisbon & Western railroad have reached Leetonia on their way from Lisbon to Washingtonville. It is claimed that the survey being made will make the distance between Lisbon and Washingtonville two miles shorter than the present railroad distance on the Erie. The route of the steam road is from one and one half to two miles east and south of the Erie. The road will pass Leetonia on the east, and the cut across to Washingtonville after it makes a turn to the left.

The surveying corps has met with good weather to do its work and the route has been staked out rapidly. The corps expects to finish its work within a few days. The Pittsburg, Lisbon & Western people are no doubt prepared for any kind of a fight and will fight for their rights and interest against the opposition. Columbiana county within the next year promises to be the scene of extensive steam and electric road operations.

NOV. 15, THE LAST DAY

For Free Medical Services.

Owing to the vast number of invalids who have availed themselves of the free service proposition, the British Doctors find they will be compelled to withdraw their generous offer on the above date. Over two hundred grateful persons have taken advantage of the doctors' free offer, which is sufficient evidence that persons suffering with chronic diseases know they can receive better results under the care of specialists who have had lifelong experience in their treatment alone.

All professional services and minor surgical operations are entirely free for three months (medicines excepted) to those calling for treatment before November 15th.

All forms of male and female weakness, catarrh and catarrhal deafness, diseases of the heart, stomach, nervous system, lungs and blood. Rheumatism, cancer and rectal diseases are cured rapidly by the new treatment.

One of the wards of Alliance has an improvement association, which, according to the Review, of that city, has accomplished wonders. The association was formed last spring and began a systematic campaign to beautify the section of the city in which its members lived, the Sixth ward. The association looked after houses, lawns and vacant lots. It made an effort to have the houses nicely painted, the lawns nicely graded, sodded, grassed and kept in order, and the vacant spots kept free from weeds and unsightly piles of tin cans and other rubbish. The work of the reformers was entirely voluntary, and except in the case of those who received small rewards for keeping their premises in the best order, nobody was remunerated. Yet each member of the association doubtless felt amply paid for his work. The result has been not only to add to the beauty of a large section of the city, but to enhance the value of property. The example set by this band of public benefactors in Alliance might be imitated with profit in every ward of every city. Especially is there a vast field for such organizations to be useful in East Liverpool. Too many of our citizens, while they may have heard that cleanliness is next to godliness, do not apply the principle to their back yards or to vacant lots adjacent. An improvement association that would include the whole city in its scope and work for its betterment would be a blessing in ways innumerable.

No finer body of business men ever gathered in the Ohio valley than those who attended the meeting of the river improvement association at Parkersburg. They are awake and alert, and the influence exerted by their meeting ought to be far-reaching. Much has been accomplished that is of importance, for the arousing of public interest has been thorough and effectual, and such interest is essential to the success of any public undertaking. The "On to Cairo" project, as viewed by men of excellent judgment and the highest business ability, is thoroughly practical. May congress be persuaded to see the matter in its proper light and to provide the necessary funds to make one of the grandest streams in the world one of the most important commercially.

Edward McBride, 17 years old, of Niles, was accidentally shot and killed while out hunting. He was using the gun stock to scare a rabbit from a brush heap when the weapon was discharged, the contents striking him in the stomach. This is a specimen of a sort of items that are likely to be unpleasantly numerous while the hunting season lasts. In nine cases out of ten, the so-called accidents that end fatally to youthful hunters are the result of supreme folly, as in this instance. The moral is that if your boy has not learned that a gun is a dangerous weapon and to be handled with caution, you will save sorrow and funeral expenses by keeping a gun out of his hands until you are certain he has some sense in his head.

It appears that at last the United States is virtually out of debt to the outside world. As the treasury department figures it out, only about $16,000,000 of the interest-bearing bonds of the United States are held abroad, and three-fourths of this amount is held by foreign insurance companies which are doing business in this country, and are deposited here in different states for the protection of American policy holders. Making this deduction, less than $4,000,000 of the interest-bearing debt of the United States government is actually held outside of the country. It is safe to say that no other country in the world, with the possible exception of France, can show such an exhibit as this.

An improved river means lower freight rates and enlarged industry for the Ohio valley. Captain Dravo, at the Parkersburg convention, alluded to the fact that a corporation with $1,500,000 capital decided not to locate at Pittsburg because it had no assurance that its freight could be handled if it built a factory there. The case is probably not an isolated one. The Ohio valley has just begun to awaken to the great opportunities it is missing for lack of water transportation. The solution of the problem has been pointed out. It remains only to turn in and work to secure the river improvement and the resultant benefits.

"The two factions of Democracy, not only in this state, but throughout the union, are at present industriously engaged in hurling at each other all kinds of missiles from brick-bats to dead cats," remarks the Toledo Blade. Assuredly, a once mighty party has sunk almost to the lowest depths. Socialism, Populism and Democracy will not mix, and the attempt to combine them has been a failure.

That Republican victory in Pennsylvania was so sweeping that John Wanamaker has not recovered his voice.

Tom Johnson is making an excellent punching bag for a lot of disgusted Democrats.

President Roosevelt is in Missouri. Now bring on your bears!

OBITUARY

Mrs. William Ferrell.

The remains of the late Mrs. William Ferrell, aged about 35 years, who died Tuesday afternoon after suffering several months from a severe attack of consumption, was taken this morning to Sistersville, W. Va., where funeral services will be held and final interment made. Mrs. Ferrell moved from Sistersville to the McDonald farm, above Congo, W. Va., about one year ago and has lived there ever since.

TWO STRONG TEAMS

Are the Rovers And East Pittsburg Who Will Contend on Saturday.

The association foot ball game to be played at Rock Springs park on Saturday between the Rovers of this city and the East Pittsburgs promises to be the very best game of the season.

The Rovers are well known in and about Pittsburg, and there is not a team in that district which does not make up the very strongest lineup possible when arranging a game with the East Liverpool aggregation.

Of all the strong teams in the vicinity of Pittsburg the club which comes to the city Saturday is acknowledged to be the best, and if any one who attends the game Saturday is disappointed it will not be because the game is uninteresting. The lineup is as follows:

East Pittsburg — Goal, McStay; backs, McCann, Chambers; halfbacks Dany, Garmbey, Chambers; forwards A. Ferguson, J. Ferguson, Mulligan McKey, Thomas.

Rovers—Goal, Townley; backs, Durant, Pope; halfbacks, Parker, Hall, Bowers; forwards, B. Pope, Townley Davis, Challiner, Moore.

Referee—Wooliscraft.

Lineman—Tucker.

AT THE THEATER

The Chicago Stock company will present "Nell Gwynn," one night next week. It is a drama where the men wear torrent curls and gold bespangled vesments, and the average lover of romance can see pictured the ideal hero. It is a play of velvet, satin and lace, of the gauntlet and sword, of gallantry and strategem, chivalry and sacrifice of love, jealousy and vengeance. It is picturesque and aglow with tragedy and passion. The characters of Nell Gwynn, England's once favorite actress, and King Charles, the merry monarch of the XVI century are vividly pictured. Prices for the week are 10c, 20c, and 30c, with a matinee Saturday.

"The Price of Honor," was played by the Irene Myers Stock company to a full house at the Grand last night and was a most satisfactory performance. Tonight, "The Stowaway."

INSURANCE MEN

An Important Meeting of Columbiana County Agents Being Held At Lisbon.

The Columbiana branch of the state association of Insurance agents is meeting at Lisbon today. The association includes in its membership all of the leading fire insurance agents of the country. Those attending from this city are: Geo. H. Owen, H. J. Abrams, W. C. Supplee and E. W. Hill.

Meetings are held quarterly by the insurance agents of this district and in the past have been of great benefit both to the agents and their patrons. The agents will discuss the rates in the county and wherever it is possible a recommendation will be made to the state board to reduce the rate. Geo. H. Owen, of this city, is president of the county branch.

Rovers to Play Youngstown.

A challenge issued by the Youngstown association football team has been accepted by the Rovers, of this city. No date has been decided upon, but if the Rovers' management has its way, the game will be played in this city. The Youngstown players are said to a strong aggregation and as the Rovers also have a reputation along that line, it is probable that the game will be a good one.

A HAPPY EVENT

Was the Celebration of the Birthday of the Home Guards of America.

McKinley Home No. 75, Home Guards of America, of this city, was just a year old last night and every member of the organization who attended the regular meeting and was present at the delightful entertainment which followed, will not soon forget the occasion.

The regular session was not a long one, as all arrangements had been made for what was to follow, and all were anxious to see the festivities started. The attendance was confined to lodge members alone, and the affair was one of the most enjoyable held in the city for years. There was music and dancing, enjoyed by nearly every one present, and the evening's entertainment was concluded with refreshments of ice cream and cake.

WELLSVILLE

MAYOR HOLDS COURT

And Many Who Have Been in Jail Get Out—Man Drugged And Crazed.

Mayor Fogo returned last evening from Parkersburg, together with the balance of the delegation sent by council to attend the convention of the Ohio River Improvement association.

The mayor held police court at 9 o'clock and gave all of the prisoners who were locked in the city jail ever since the mayor left the city, with but few exceptions, a hearing.

Tom McNamara, Charles Smith Steve Johnston, William Johnston and Jacob Johnston were each fined $4.90. Their charges were drunk and disorderly. Frank Smith, who was perhaps in the jail for a meal or two longer than the rest was assessed $5.20.

Frank Holmes, who was arrested Tuesday evening charged with train jumping, was assessed $5.05.

John McGonigle, who was arrested last evening by Officer Elliott, charged with being drunk and disorderly, having entered several houses late at night and being taken by the officer while asleep on a couch at the Reilly residence on Fifth street, was released by the mayor. It seems that McGonigle had been drugged last evening while visiting a questionable resort in the city and was robbed of $15 which he had upon his person. The drug account for his strange actions in entering private residences.

A SUCCESSFUL YEAR

At the First Presbyterian Church Reported At Annual Congregational Meeting.

The members of the First Presbyterian church held their annual congregational meeting last evening at the close of prayer meeting. The annual reports of the trustees and treasurer were heard and were very satisfactory. The report of the treasurer showed the church to be entirely out of debt with funds in the treasury.

D. S. Brookman and E. H. Riggs were elected trustees for the ensuing year. The selection of a musical director for the church was authorized under the condition that an outside fund for this purpose could be raised. The congregation authorized a raise of the salary for the organist to $2.50 per Sunday. She had been receiving $1. Miss Ada Noble was selected as treasurer for the coming year and W. R. McDonald was elected clerk of the congregation.

The congregation authorized that the trustees of the church deed the Second Presbyterian church organization the church on Eighteenth street and the lot on which the church now stands. The aim of the congregation for the coming year will be to fix up the church property.

POPULAR GIRL A BRIDE

Miss Bessie Barnes Wedded to A. Everett Fox, of Spangler, Pa.

A very pretty wedding was solemnized at 4 o'clock last evening at the home of the bride's parents on Fifth street. The contracting parties were Miss Bessie Barnes and A. Everett Fox, of Spangler, Pa. About 35 of the intimate friends and relatives of the bride and groom witnessed the ceremony, which was performed by Rev. L. F. Laverty, pastor of the First Presbyterian church.

Miss Zue Barnes, a sister of the bride, acted as bridesmaid, and Frank Engle, of Industry, Pa., was best man. The bride was dressed in a beautiful gown of white batiste and carried a shower bouquet of bride's roses when the ceremony was performed. After the ceremony a wedding dinner was served by the parents of the bride.

The bride is one of the most popular girls of the city, and the groom is a prominent business man of Spangler, Pa., where the happy couple will soon go to housekeeping.

RETAIL CLERKS MET

Final Arrangements for a Supper Effected—Open Meeting Tomorrow Evening.

The regular meeting of the retail clerks was held last evening in Potters' hall. Four new members were taken in. The final arrangements were also made for the supper to be held by the clerks in Potters' hall December 10.

An open meeting of the local will be held in Aten's hall on Main street tomorrow evening. This meeting will be addressed by General Organizer J. H. Barlow. All of the members of the different local unions in this city are cordially invited to attend.

Nothing was done at the meeting last evening relative to the disagreement between the grocers and the grocery clerks regarding the hours for work. This matter will probably be brought up at the next meeting.

In Our West Window

we are

Showing Pictures.

All are unframed, save the center piece, a magnificent Marine scene in water colors. This is framed in a florentine gilt moulding, with gold concave mat in a manner to best bring out the fine points of the picture.

It is by Arthur Chester, the English Artist, so well and favorably known here, and whose representatives we are.

Several other choice scenes of his are also shown, bits of English landscape, etc., all true to life, as Mr. Chester only paints from nature.

A number of American artists are represented by large Water Colors, Landscapes, Marine and Shore scenes.

In the foreground are a number of dainty Photo groups of famous men. Facing the rotunda is a large Photogravure of Edward VII, one of the best we ever saw.

Several productions of fruit pictures are shown, so natural in colorings that your mouth waters as you look.

Scattered through the display are other reproductions, some in colors, some in black and white. Some comic, some otherwise.

Animals, life-like in appearance. Chickens under conditions which are comic. A quaint character who looks as though he has seen better days.

Altogether the display is one to attract attention and worthy a visit. But large and varied as it is, it is only a representation of our Art Department. Your inspection would be but partial if you stop without visiting the main display on the second floor.

A visit to The Big Store would not be complete without it. In fact, our Art Room is one of the places of interest in the city. Especially during this our Anniversary Month.

WORK ON THE POTTERY

Stilt Factory of Burgess & Co. at Wellsville Progressing Rapidly.

The work of building the addition to Burgess & Co.'s new stilt factory, Third and Lisbon streets, is progressing rapidly. The side walls of the kiln sheds are nearly complete and the kiln for the plant is already completed. Nearly all of the new machinery for the plant has arrived and is being placed.

The plant when completed will be one of the most modern of its kind to be found in this section of the country. The orders for stilts are coming in daily. From the present outlook the company will have all the business it can take care of. Asidefrom the Wellsville potteries it will supply several plants in East Liverpool. It is expected that the plant will be in complete operation before the first of December.

Double Track Laying.

The C. & P. Railroad company is making rapid progress in double tracking just east of this city. A large force of men is kept at work daily and every possible effort is being made to rush the work through. One stretch of track from the mill of the American Tin Plate company to the switch of the Champion Fire Brick & Clay company in "Driven from Home" hollow is almost in a complete condition, the leveling of the track being all that remains to be done.

SUNDAY SCHOOL WORKERS

Fix a Program And Arrange a Date for the Annual Convention.

A meeting of the officers of the East Liverpool Sunday School association, together with the superintendents of the various Sunday schools of the city, was held at the Y. M. C. A. last evening. The purpose of the meeting was the selection of a date for holding the convention and the arrangement of a program to be carried out.

After discussing the advisability of holding the convention on the various dates which were proposed it was finally settled to fix Sunday, November 30, as the day, the hours to be occupied in the work of the session being from 2:30 to 3:45 p. m.

ANOTHER EVENING TRAIN

Petition to the Panhandle to Run the 6 O'clock Train Through to Chester.

A petition has been signed and sent to the officials of the Panhandle railroad, asking them to run the evening passenger train, which comes to New Cumberland at 6 p. m., on to Chester and return. The service is being urged by Thomas W. Price, manager of the Chelsea pottery, New Cumberland.

In the petition there were 18 names signed of those who will patronize the evening train as passengers daily. A large number of the employes at the Chelsea pottery reside in East Liverpool and go back and forth to work. Chester citizens are also elated over the prospect of evening train service.

NEW CATHOLIC CHURCH

Site For It Has Been Purchased In Chester At a Cost of $1,600.

Officers of the Catholic church organization, which was formed a few days ago in Chester, bought three lots on the corner of Fourth street and Indiana avenue yesterday. The consideration was $1,600, of which $600 was paid for the corner lot and $500 each for the others.

The church will proceed to erect an edifice on these lots as soon as practicable.

SCALDED TO DEATH

Brother-in-Law of Chester Man Meets a Horrible Fate at Braddock.

Ed Jones, of Carolina avenue, received the news last evening that his brother-in-law, John McKimm, was scalded to death in the Braddock wire mill. He, with his aunt, Mrs. George W. Parsons, of East Liverpool, went to Pittsburg this morning to attend the funeral of the unfortunate man this afternoon at 2 o'clock.

Mayor Shrader's Conservatory.

Mayor John Shrader's new green house on the river front, near his residence, is fast nearing completion. When finished it will be a beautiful place. It will be heated by a furnace which will be underground at one end of the building. About 1,200 lights were used on the roof of the main shed.

A Pleasant Party.

A pleasant party was given at the home of Mr. and Mrs. Clarence Green last night on Phoenix avenue, Chester. The company was composed of East Liverpool and Chester young people. Dancing was indulged in and a fine time was enjoyed by all present.

Instruction in Dancing.

Manager Maxwell, of Rock Springs park, is considering the matter of employing a first-class man to teach dancing and physical culture at the park pavilion during the winter months. The plan no doubt will meet with success.

MAN WITH MONEY TALKED OF MURDER

Terrible Threats Uttered by a Stranger in a Barber Shop Yesterday.

DETERMINED ON REVENGE

Upon His Wife, Who, He Said, Had Tried to Poison Him And Caused Him Much Woe — Going to Pittsburg to Execute His Threats.

If a man that was in East Liverpool for a few hours yesterday carries out his announced intentions, Pittsburg will be the scene of one of the most atrocious and cowardly deeds perpetrated in this section of the country for some months.

The man may have been suffering with dementia, but his actions did not exactly warrant the suspicion, he talking in an apparent rational manner and seeming to be well aware of everything he said and not in the least afraid of some official overhearing his remarks. He strolled into Danley's barber shop under Mrs. A. V. Thompson's grocery store, Fourth and Washington streets, yesterday afternoon and asked which chair he must take in order to get shaved. He was assigned the chair over which Charles Mardis presides. For a moment the stranger did not utter a word, but very suddenly he opened up and before he had finished his declaration every man in the barber shop was looking toward some easy place of exit.

"You men, I expect, think that I am a common tramp, after taking a look at my general appearance," said the man. "But I want to tell you right here that I am not. I will admit that I look it, but that is simply because I choose to look that way. I have a good idea in it. Before the end of this week I am going to commit a foul murder. I am going to Pittsburg this evening and when I meet the woman that has made my life one of misery for the past four years I am going to shoot her down in cold blood. If I meet her on Smithfield street tonight the police of that city will have me behind the bars a few minutes later. Four years ago she gave me gradually two boxes of rough on rats and since that time I have suffered untold misery. I have been in all parts of the United States in that time.

"I have been in asylums, jails and workhouses. And it is all due to the poison my wife gave me. I have hunted her for nearly a year and just the other day I learned that she was living with another man in Pittsburg. I never was a desperate man, but I can be. I would not stop at the bloodiest kind of murder."

While talking the man twitched nervously and several times Mardis and Danley came near leaving the shop. When Mardis finished shaving him the man picked up his slouch hat and started out, saying that no one in this city would dare arrest him, and even if they did he had papers in his pocket which would gain his immediate release. The strange character was of excellent physique, weighing about 180 pounds and five feet nine inches in height. He wore a dirty green suit of clothes, and the strangest thing in his connection was the fact of his carrying a big roll of bills. Mardis says that he had at least $300 in his pocket and that he displayed it several times.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 725 Hull Building, Detroit, Mich., and they will gladly send free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail show what men think of their generosity.

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and they want every man to have it.

MOLINEUX TRIAL.

Most Expensive Case of Kind Ever Held Under English Jury System.

New York, Nov. 13.—It has been estimated the trial of Roland B. Molineux has cost more than any other for a capital offense in any country where the English system of jurisprudence is in vogue. The cost to the county of New York in the first trial amounted to $250,000. This was expended in various directions largely in fees for handwriting experts who were brought from distant states, and for detectives who endeavored to trace Molineux's movements from his fifteenth birthday to the time of his arrest.

The defense expended about $75,000 in the first trial, and it is estimated that the total on both sides for the two hearings will foot up nearly $500,000.

DOUBTFUL RUMORS

And Still Scores of East Liverpool People Accept Them as Facts.

The published statement of some stranger residing in a far-away place may be true enough, but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of East Liverpool.

Mrs. William James, who lives at 283 Third street, says: "I was troubled off and on for eight years with a weakness of back and kidneys, a dull, aching pain across my loins up under my shoulder blades and rheumatic pains in my right shoulder. The trouble affected my nervous system, causing a frequent fluttering of the heart and shortness of breath. I generally resorted to porous plasters, but the relief was only temporary. I got Doan's Kidney Pills at the W. & W. pharmacy, obtaining instant relief and finally a cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

OPERATORS' ANSWERS

General Denial of and Disagreement With Contentions of President John Mitchell.

BITTERLY ARRAIGN THE MINERS.

All Strongly Opposed to Advance In Wages and Reduction of Working Hours—Say Strikers Were Encouraged by Leaders to Violence.

Scranton, Pa., Nov. 13.—The answer of the independent operators of the Lackawanna and Wyoming region to the statement of President Mitchell, of the Mine Workers, was made public last night.

As in the other operators' answers the miners' statement is taken up and discussed seriatim.

In response to the demand for an increase in wages they say that the present wages are such as to enable the diligent and skillful miners to earn more per hour than any class of labor, skilled or unskilled, in the towns in which their mines are located and amply sufficient to allow him not only to maintain an American standard of living and educate his children, but to lay aside something for his old age. That some miners' wages are small, it is stated, is because they choose to exercise their option to work only a few hours a day.

In answer to the contention that mining is extremely dangerous and unhealthy and tends to shorten life, the independents set forth a petition recently circulated in the interests of a candidate for mine inspector, which contained the names of 95 employes of one mine, 66 of whom had worked in the mine for 20 years or more, and 20 for 40 years or more and 5 for 50 years or more.

The demand for the weighing of coal and payment by the legal ton of 2,000 pounds, instead of by the fictitious ton of 2,750 or 3,000 pounds, is characterized as a thinly disguised effort to secure a 40 per cent increase in wages. Twenty-seven hundred and fifty pounds of coal as it comes from the mine is barely sufficient, it is asserted, to produce a 2,240-pound ton of prepared coal.

Regarding the declaration of the miners that labor unions improve the morals and discipline of their members, this comment is made:

"This may be true when applied to some organizations, but when applied to the miners' union we enter a most emphatic denial and propose to introduce evidence showing that prior to the advent of the United Mine Workers of America it was considered bad form to kill or maim a citizen who attempted to exercise his constitutional rights to sell his labor, and that the vast number of brutal murders and beatings during the last five months show that the teachings of the United Mine Workers has brought about such moral obliquity that its members believed themselves justified in these acts, also that officers of the union justified this course by furnishing bail and counsel for those who have been guilty of these atrocious acts. We believe we will be able to prove such tremendous losses of life and money as the direct results of the methods of this particular union as to convince your honorable commission that it is inexpedient to do any act which may contribute to its continued existence."

American Bankers.

New Orleans, Nov. 13.—The attitude of the American Bankers' association towards the currency question was fixed yesterday. No decisive stand was taken on the questions of assets currency of branch banking, it being considered unwise to act until a solution of the questions shall have been evolved, but provision was made for the appointment of a committee to consider carefully the entire subject and to report at the next meeting. All the important business has been concluded except the election of officers.

President on Bear Hunt.

Cincinnati, Nov. 13.—President Roosevelt was speeding down through Kentucky last night, on his way to Smedes, Miss., about 25 miles north of Vicksburg, for a four-days' bear hunt. The president's trip across Ohio yesterday was pleasant, but uneventful. Despite the fact that the itinerary had not been published in advance, crowds were waiting at almost all the stations, and there was plenty of cheers as the train swept by. The train reached Memphis at 9:30 this morning.

Cleared For Galveston.

Toledo, O., Nov. 13.—The new steel tank steamer Toledo, built by the Craig Ship Building company, of this city, for the Sun company, of Pittsburg, cleared direct for Galveston, Texas, yesterday, to engage in carrying crude oil from the Beaumont field to the Sun company's refinery of Philadelphia. The steamer has a capacity of 1,000,000 barrels.

Dr. Mason Dead.

Toledo, O., Nov. 13.—Dr. A. G. Mason, secretary of the National Bee Keepers' association, and a well-known writer on the subject of bee culture, is dead, in this city. He was 74 years of age, and has been in failing health for some time.

To Make Red Cheeks

A little red, a little white, delicately blended. That's one way. Here's a better:

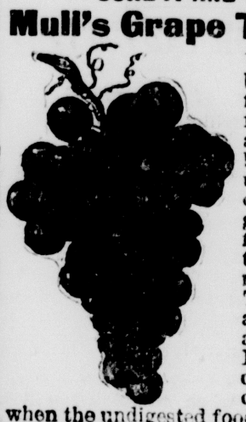
Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure.

Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

WEAK WOMEN.

CONSTIPATION STARTED YOUR SUFFERING, CURE IT AND YOUR AFFLICTION WILL VANISH.

Mull's Grape Tonic Cures Constipation.



When the bowels move irregularly the entire bodily system must suffer. Constipation more frequently occurs among women and it manifests itself in provoking profuse leucorrhea and other serious female diseases. Regular bowels will result in a complete cure when you use Mull's Grape Tonic. Unlike pills and ordinary cathartics, this remedy is a mild, gentle laxative in addition to being a greater flesh-builder, blood-maker and strength-giver than cod liver oil or any other preparation recommended for that purpose. Mull's Grape Tonic will permanently cure the most obstinate case of constipation, and the numerous afflictions that invariably follow in its wake. No matter if it is piles, liver complaint, kidney disorder, vertigo, palpitation of the heart, diarrhea or the self-poisoning which follows when the undigested food remains in the bowels where it putrefies and empties highly diseased germs into the blood, such as typhoid and malaria, Mull's Grape Tonic will positively cure. Large sample bottle will be sent free to any address on receipt of 10 cents to cover postage, by the Lightning Medicine Co., Rock Island, Ill. Send name of your druggist. All druggists sell Mull's Grape Tonic at 50 cents a bottle.

SOUR STOMACH

Blood Wine Cures It Instantly

"Blood Wine" will sweeten a sour stomach almost the second it touches it. It will stop the rising of gases, froth, sour or greasy juices, will overcome a feeling of nausea or emptiness, or as if a rock were lodged in the stomach. It will tone up the stomach and digestive organs and arouse the liver and bowels to healthy action. I have seen a man who suffered with dyspepsia for years, who couldn't eat anything without pain, sit down to a meal of baked beans and pork after he had taken two bottles of "Blood Wine," eat hearty, and get up from the table without the slightest suggestion of any discomfort. In his case the two bottles had entirely cured him. "Blood Wine" has cured some mighty obstinate cases of indigestion. Several people who have had to live on bread and milk and gruels, have been cured, while tens of thousands of ordinary cases have been entirely cured in from one to six weeks. Mr. Benj. Sunnenberg of 202 W. 43rd Street, New York:

"Through long suffering with dyspepsia I was greatly run down. I took my meals with difficulty, and nothing would digest without causing me pain. 'Blood Wine' was recommended to me and I took four bottles. It cured me, and I am now entirely well."

Mrs. Elizabeth Marsh of 22 Isabella Street, Boston, had a trying time:

"I suffered for years with dyspepsia. At times it seemed as if the pain would kill me. Even broth made me suffer. After taking numerous other medicines I started on 'Blood Wine.' I took several bottles and was cured. I am entirely free from pain now, and eat anything."

If you have stomach trouble don't give up until you try "Blood Wine." Have your blood examined and learn exactly what is the matter. By sending your name to the Louis Daudelin Co., Worcester, Mass., you can have this done by an expert, free of charge.

"Blood Wine" costs fifty cents a bottle.

BOXERS AGAIN UPRISE

The Kotishui, a New Secret Society, Have Joined the Rebel Movement.

MASSACRED 1,700 CONVERTS.

Fanatics Entered Cheng-Tu, but Were Driven From the City With Heavy Loss, and 11, Including a Woman, Were Captured and Beheaded.

Victoria, B. C., Nov. 13.—Mail advices from South China report a recrudescence of the rebellion in Kwang Si, some time ago reported to have been suppressed. The rebels captured Hochinchok, in Chin-Wan-Fu, secured the sub-prefect and placed him in his own prison. After pillaging this place they attacked and took Lin Chu Fu, a prefectural city. Large numbers of the Kotishui, a new secret society, which is both anti-foreign and anti-dynastic, have joined the rebel movement. The rebels are singularly supplied by caravans, which cross the adjacent French and Portuguese territory with arms and war ammunition. Two Chinese cruisers, the Whan Gai and King Ching, left Canton shortly prior to the departure of the steamer Empress of China from Hong Kong, with over a thousand men to reinforce the imperial forces.

In SzeChuan the Boxer movement still progresses. The Boxers have plundered all the villages between Sze-Chuan and Cheng-Lu and in one place massacred 1,700 Catholic converts. When the last advices were received at Shanghai from Cheng-Tu-Yanghse, it was besieged by Boxers and the gates of several cities nearby were kept closed. On Oct. 1 two parties of Boxers entered Cheng-Tu, flourished knives and waved Boxer flags. The people were panic-stricken and fled in confusion, but the prompt arrival of the garrison resulted in the Boxers being driven from the city with heavy loss and 11, including a woman, looked upon as a prophetess, were captured and beheaded in front of one of the Yamens.

A proclamation has been posted at Cheng-Tu offering 10 taels for the head of each Boxer captured within the city.

MAY BE RETIRED ON HALF PAY.

Commission of Physicians to Examine Condition of Superior Court Judge John J. Mitchell.

Harrisburg, Nov. 13.—Governor Stone yesterday appointed Dr. J. V. Shoemaker, of Philadelphia; Dr. A. J. Connell, of Scranton, and Dr. M. L. Bacon, of Wellsboro, the family physician of Superior Court Judge John I. Mitchell, of Wellsboro, to examine and report on his condition, he being unable to perform his judicial duties. This commission will make report to the governor, and if it finds that Judge Mitchell is incapacitated from serving on the bench then the judge can be retired on half pay for the balance of his term. Judges of the superior court are paid a salary of $7,500 per annum, and on Judge Mitchell's retirement he would get $3,750 per annum for the next seven years, he having gone on the bench January, 1900.

Governor Stone will appoint a successor to Justice Mitchell if he shall retire, who will serve until January, 1904.

Improvement Association Adjourns.

Parkersburg, W. Va., Nov. 13.—Evansville, Ind., gets the next meeting of the Ohio Valley Improvement association. The association adjourned yesterday, after a most successful meeting. Resolutions were adopted as prepared last Tuesday night favoring immediate action on the part of congress to bring the Ohio river to a nine-foot stage by the construction of locks and dams. The old officers were re-elected—J. I. Vance, president; E. P. Wilson, secretary, and J. D. Parker, treasurer. The twelve hundred delegates returned home yesterday afternoon. A large fund was raised to promote the interests of the association.

To Increase Coal Production.

Wilkesbarre, Pa., Nov. 13.—In order to increase the coal production the Lehigh and Wilkesbarre Coal company has posted notices at all of its collieries that, beginning today, miners will work nine hours, instead of eight.

We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. P. F. Cingmars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for catarrh, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

Dr. Pierce's Pellets cure biliousness and sick headache.

THE NEW YORK STOCK MARKET.

Transactions Over a Million Shares In a Remarkably Feverish and Irregular Session.

New York, Nov. 13.—Transactions in stocks ran well over a million shares again yesterday in a remarkably feverish and irregular market. There was a further threatening break yesterday morning, which was not unnatural, in view of the rapid decline in progress at the close of Tuesday's market. By the end of the first hour the selling had been brought almost to a standstill, and substantial recoveries were established all through the list.

Upon the first recovery, after a temporary pause, attempts were made to renew the advance, but the selling increased at the higher level and prices fell back again.

Money showed a rather easier tone and New York exchange at Chicago rose again to par, but sterling exchange was firmly held again, and it was considered possible up to late in the day that gold might go out on today's steamer for France. The market closed without any announcement being made of a gold engagement.

Bonds were not as well supported as stocks and were rather weak throughout. Total sales, par value $4,480,000.

United States bonds were all unchanged on the last call.

Reappearance of Cholera.

Manila, Nov. 13.—Cholera made its appearance Tuesday among the men of a detachment of the Fifth infantry, which is stationed here. Seven men have already died and a number of others are seriously ill. The detachment in question had been placed on duty along the Maraquina river, whence Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty. It was believed that cholera had entirely disappeared from Manila, and its reappearance has created feelings of apprehension.

Head

Hurt So Badly Was Nearly Crazy.

Had no Sleep—Could Hardly Lie Down.

Dr. Miles' Nervine Permanently Cured Me.

"A year ago I suffered from extreme nervous stomach trouble. I was afraid of everything, could not bear to hear singing or music and reading or hearing of a death nearly brought on my own. I could not sleep or hardly lie down, the back of my head hurt me so badly I nearly went crazy. My shoulders hurt and the least thing I did would bring on an attack of extreme nervousness. There were times when I would have a lump in my throat and my mouth would be so dry I could hardly speak. I was in despair until I began to take Dr. Miles' Restorative Nervine. I have taken in all twelve bottles and consider myself permanently cured. My home doctor has since remarked on my healthy appearance and said he wished he could say his medicine helped me. He knows it was Dr. Miles' Nervine. We are never without the Anti-Pain Pills and consider your medicines household remedies. I cannot say enough for the Nervine, because in addition to my own case my daughter, who was out of school for a long time because of St. Vitus' dance, was completely cured by eight bottles. She is now feeling fine and going to school every day. We thank you for your kindness and will never stop singing the praises of Dr. Miles' Restorative Nervine."—Mrs. C. E. Ring, Lima, O.

ITALY TAKES UP CASE

Arrest of Composer Mascagni Will Likely Cause International Complications.

APPEALED TO ITALIAN PREMIER.

Signor Prinetti, Minister of Foreign Affairs, Awaits Report From Embassy at Washington Before Acting In the Matter.

Rome, Nov. 13.—According to the Tribuna, Italy purposes to make an international matter of the arrest in Boston, Mass., of Mascagni. The Tribuna yesterday said:

"Mascagni has telegraphed Premier Zanardelli, requesting the intervention of the Italian goverament to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Zanardelli replied to the musician, assuring him of the interest taken in his case by the government and informing him that he would request Signor Prinetti, minister of foreign affairs, to take up the matter. Signor Prinetti immediately took up Mascagni's case."

Signor Prinetti is awaiting the receipt of a report from the Italian embassy at Washington before acting in the affair. United States Ambassador Meyer has not been asked for an explanation, although he dined with members of the foreign office Tuesday night.

The charge of apathy brought by Mascagni against the Italian consul at Boston is regarded here as without justification and an outcome of the musician's ignorance of the fact that an Italian in the United States is entirely subject to American laws.

CUBAN RECIPROCITY TREATY.

Shortage of Foreign Sugar Crops Makes Cubans Unwilling to Accept Small Increase.

Washington, Nov. 13.—An important conference on the Cuban reciprocity treaty was held at the war department yesterday, the participants being Secretary Hay, Secretary Root and General Tasker Bliss. Mr. Bliss was called in at Secretary Hay's suggestion because of his expert knowledge of the existing Cuban tariff.

The draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana has not left that city.

It is known that the cardinal objection of President Palma to the treaty as it stands is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States, and Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon the support of congress next session when the treaty is submitted. So far, his advices do not favor any increase of the rebates.

It is understood that the Cubans, too, are entirely unwilling to accept any small increase. In the face of a great shortage in the European crop and a rapidly rising market, they have acquired confidence in their ability to get along for an indefinite time without reciprocity with the United States.

Secretary Hay has decided that General Bliss shall be sent at once to Cuban to investigate the industrial situation and the fiscal possibilities of the island, so it is improbable that, pending his return, the state department can advance the treaty negotiations in any way.

American Seaman Killed.

Panama, Nov. 13.—The first American casualties as a result of the revolution occurred Tuesday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. When found the rebels opened fire, killing the government ship's armorer, Richard Kane, of Washington, and wounding George Walker, who was shot through the legs. A seaman named Clark and Lieutenant Vasquez were also wounded, but not seriously. The Bogota and Chucuito then opened fire on the enemy and killed every man in sight. Gunner Cross, of the Bogota, thinks that from 40 to 50 rebels were killed.

Expression of Good Will.

St. Petersburg, Nov. 13.—Ambassador Tower, recently transferred to Berlin, and Mrs. Tower, left here today by a special car attached to the Sebastopol express and placed at their disposition by Prince Chilkoff, minister of ways and communications, on their way to Livadia, where the czar has invited Mrs. Tower to call on him. This is a special distinction. This action has caused much comment and is generally construed and intended to be an expression of the czar's personal feelings towards the United States and its retiring ambassador.

SOCIAL EVENTS

MRS. FREDERICK'S PARTY

In Honor of Miss Huston Was Largely Attended And Most Enjoyable.

Mrs. N. A. Frederick very pleasantly entertained 50 of her friends yesterday afternoon, in honor of Miss Euphemia Boyce Huston. The ladies during the fore part of the afternoon plied their fingers at fancy work, after which each one was given a card upon which to make out a "country bill of fare."

Miss Anna Myers had the best country delicacies in her bill of fare, and was given first prize, which was a beautiful large bouquet of chrysanthemums. The consolation prize, which was a dainty box of chocolates, was awarded to Mrs. George P. Ikirt. Later in the afternoon choice refreshments were served. In the dining room presided Misses Anna Myers and Lucille Jones and Master Frederick Toot.

The hostess was assisted by her daughter, Mrs. Toot, and her guest, Miss Huston, of St. Paul, Minn. The cordial hospitality of the hostess, as well as the pleasure of meeting an old friend and teacher who was beloved by all in this city when she lived here, made it an afternoon long to be remembered.

A YOUTHFUL HOSTESS

Delightfully Entertains Young Friends in Honor of Her Birthday.

In honor of her eleventa birthday Miss Anna Collins, the charming daughter of Mr. and Mrs. Thomas Collins, of East Market street, entertained in a delightful manner 20 of her young friends last evening. The home was prettily decorated with flowers, the predominating colors being pink and white. After an evening of unalloyed pleasure at games the happy crowd of young people were seated at a table laden with choice refection.

The evening as a whole was very enjoyable, and when the party disbanded for their homes nothing but words of highest compliment were spoken of Miss Collins as an entertainer.

Young People's Social.

The Young People's Christian association of the First Presbyterian church will give a social tomorrow evening in order that they may become better acquainted with their new members. Heretofore these socials have been marked by success, and it is believed that this event will also be much enjoyed. Preparations are being made for a musical and literary program, after which refreshments will be served.

McGraine-Hanselman.

William Hanselman and Miss Mamie McGraine went to Steubenville yesterday morning and after procuring a license were married at the First Presbyterian parsonage by Rev. S. L. Boston. They returned in the afternoon and will make their home at 136 Third street. The young lady came here 10 days ago from Homestead, Pa., where she has a wide circle of friends. Mr. Hanselman is a popular young man.

SATISFIED WITH THE WORK OF THE CONVENTION HELD BY THE RIVER CHAMPIONS

Continued from First Page.

en for citizens to join the association and show their interest in its work.

Dr. R. J. Marshall was very favorably impressed with the earnestness displayed by the delegates at the convention, and thinks that much good is being accomplished. "The membership of the association, I believe, is much too small to catch the politicians," he said, "and I suggested to a member of the executive committee that provisions be made for starting local societies in every town along the waterway. This would bring thousands and thousands of additional people into the movement, and when the time comes to petition congress we will not be sneered at or ignored."

"One of the most pleasing and noticeable features of the great convention," said Mr. W. L. Thompson this morning, "was the absolute refraining on the part of all from working in the interest of any faction, political or otherwise. The one thought of the masses was the ultimate improvement of the mammoth waterway. Every speech and every suggestion was in favor of the project. Never before, I am quite sure, did that body of men realize what a stupendous movement had been inaugurated.

"The object of the meeting was to form decisive plans by which the work will be completed. I think that no man left the convention unaware of the steps that must be taken. With such men as Colonel John L. Vance, president of the Ohio River Improvement association, and General Charles H. Grosvenor, one of the brightest men that ever spoke in the halls of congress, present, both presenting the the question in all its forms, how could the convention adjourn without being thoroughly famliar with every point?

"Colonel Vance displayed wonderful ability in his engineering of the meeting. Everything passed off smoothly and to the satisfaction of all. General Grosvenor advised the convention to arrange for the appointment of a committee and that the committee be instructed to make a personal visit to the president. He felt confident that the wishes of the convention would be heeded by congress, but thought it best not to be too hasty in the presentation of the request. Having had many years experience among the congressmen, General Grosvenor was in a position to ably state the probable action on the matter. He advised that the appropriation for $60,000,000 be not asked for until another year elapses. The next session of congress will be a short one and he thought action might be deferred if presented.

"Most of the appropriations granted by congress are recommended by a committee and there is not a stronger committee in congress than the rivers and harbors. This committee, General Grosvenor was positive, would look upon the matter favorably and it is likely that the request will be laid in their hands.

"The only contention apparent at the meeting was raised as a result of a request on the part of a few delegates sent from towns and cities bordering on the smaller rivers which empty into the Ohio. They wanted the convention to pass a resolution recommending that the tributaries be locked and dammed before work was commenced on the main water way. The convention would not stand for such a proposition and the request was coldly turned down.

"The East Liverpool delegation was treated most courteously. We were all recognized as representing one of the most flourishing districts in the valley, and more so when Congressman Tayler delivered his masterly speech. He impressed on the minds of the convention the congested state of affairs existing in this district and I know that his words carried with them much weight."

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

A Son Born—A son has been born to Mr. and Mrs. George Ormes, of Lisbon street.

Band of Indians—The band of Indians belonging to Lincoln J. Carter's "Flaming Arrow" troupe, passed through this city this morning in their special car for Toronto, where they play tonight.

Rails Have Arrived—New rails have been placed along the line of the C. & P. through this city for the new double tracks which are soon to be laid.

New Express Wagon—A new wagon for the Adams Express company arrived last night and is being used today. This makes three wagons for this city.

Repairs to the Chapel—Repairs are to be made to the Northside chapel of the Presbyterian church. The building will be newly painted and papered. Stained glass windows will be among the attractive features added.

Fire Alarm — The fire department was called to the saloon of H. Bartel on Second street yesterday afternoon, but before its arrival a small blaze, which had started from a gas jet in the basement, was extinguished by a bucket brigade. The loss was very small.
